

City of Bartlett

A. Keith McDonald, Mayor

What the City of Bartlett, TN is doing with the concerns and questions about the Coronavirus / COVID-19.

1. We are cleaning our buildings and facilities with a Clorox/bleach based cleaner at least twice a day, more if needed. This includes, but not limited to: door handles, table tops, counter tops, public computers, and any area that is touched frequently by the public.
2. We have disinfecting wipes or liquid hand sanitizers for the public to use while in our buildings/facilities.
3. We are providing information resources as they become available from the Shelby County Health Department and the CDC, via our website and social media platforms.
4. The City and our Fire and Police Departments are following the guidelines for precautions as recommended by the Shelby County Health Department, TN Department of Health and the CDC.

What you can do as a precaution against COVID-19.

1. Avoid crowds and close contact with people who are sick.
2. Avoid touching your eyes, nose, and mouth with unwashed hands and follow the recommendations of the CDC.
3. Cover your mouth and nose with a tissue or your sleeve (not your hands) when coughing or sneezing.
4. WASH your HANDS often with liquid soap and water for at least 20 seconds, or use an alcohol based sanitizer if soap and water are not available.
5. Stay home if you are sick, especially with respiratory symptoms.
6. Clean and disinfect objects and surfaces around you that are frequently touched.
7. Use the City's online payment options at www.cityofbartlett.org to make payments for utility billing, traffic citations and tax bills. If that is not possible, mail a check or money order instead of cash. You can also drop your Bartlett utility bill in the mailbox in the parking lot at City Hall.
