December 21, 2016

To the Honorable Mayor, Members of the Board of Mayor and Aldermen, and Citizens of the City of Bartlett, Tennessee:

The Comprehensive Annual Financial Report, (CAFR) of the City of Bartlett, Tennessee (The City) for the fiscal year ended June 30, 2016, is hereby submitted as required by state statutes. These statutes require that all general purpose local governments publish a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) as set forth by the Government Accounting Standards Board (GASB) and have been audited by a firm of certified public accountants in accordance with the generally accepted government auditing standards.

This report consists of management's representations concerning the finances of the City of Bartlett. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the City has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City of Bartlett's financial statements in conformity with GAAP. Additionally, the City has adopted written Internal Control Manual as required by the State of Tennessee. Because the cost of internal controls should not outweigh their benefits, the City of Bartlett's comprehensive framework of internal controls has been designed to provide reasonable, rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The City's financial statements have been audited by Watkins Uiberall, PLLC, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City for the fiscal year ended June 30, 2016 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor has issued an unmodified ("clean") opinion on the City of Bartlett's financial statements for the fiscal year ended June 30, 2016. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the City of Bartlett was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls

and legal requirements involving the administration of federal awards. These reports are available in the compliance report section of the CAFR.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The City of Bartlett's MD&A can be found immediately following the report of the independent auditors.

Profile of the Government

The City of Bartlett, incorporated on December 13, 1866, is located in Shelby County in the southwestern part of the state and celebrated its 150 year Sesquicentennial during the 2016 calendar year. The City currently occupies a land area of 32.30 square miles and serves a population of 56,488. The City is empowered by state statutes to levy a property tax on both real and personal properties located within its boundaries. It is also empowered by state statute to extend its corporate limits by annexation, which occurs periodically when deemed appropriate by the Board of Mayor and Aldermen.

The City of Bartlett operates under a private act charter approved by the state legislature in 1993 and is authorized by charter and state law to operate a municipal school district. Policy-making and legislative authority are vested in a Board of Mayor and Aldermen (BMA) consisting of the Mayor and six Aldermen. The Board, among other things, is responsible for passing ordinances, adopting the budget and appointing committees. The Mayor is responsible for carrying out the policies and ordinances of the Board, for overseeing the day-to-day operations of the government, and for appointing the heads of the various departments with confirmation of the BMA. The Board of Mayor and (Six) Aldermen are elected to four-year terms by popular vote. One-half of the Board is elected every two years.

The City provides a full range of municipal services including ambulance, police and fire services, streets and drainage construction and maintenance, solid waste collection, cultural and recreational programs, library services, planning and zoning, and administrative services. In addition, the City provides a water and sewer utility system operating under an Enterprise Fund concept with user charges established by the Board of Mayor and Aldermen to ensure adequate coverage of operating expenses and retirement of outstanding debt.

The Bartlett City Board of Education provides educational services to students within the jurisdiction of the City of Bartlett. The city school system is part of the Government of Bartlett, Tennessee and is reported as a special revenue fund in the City's Comprehensive Annual Financial Report. The Bartlett City Board of Education was created via state statute and local public referendum in the fall of 2013. School enrollment is made up of students residing within the corporate limits of the City. The first full year of instruction began in August 2014. Bartlett city schools have the second highest enrollment of students in Shelby County. Our superintendent recently received the "Superintendent of the Year Award" and the school system is judged a Tennessee Department of Education Exemplary District.

The Memphis Light, Gas and Water Division of the City of Memphis provide electrical and natural gas distribution to the Bartlett service area. The City of Memphis provides treatment of sewage collected by most of the City of Bartlett's sewage system. The Memphis Area Transit Authority

provides scheduled bus service throughout the City. These entities do not meet the established criteria for inclusion in the reporting entity and are not included in this report.

The City administration annually prepares a plan of services for the upcoming fiscal year and the estimated cost of providing those services. All department heads of the City of Bartlett are required to submit requests for appropriation to the Finance Director. Initial requests are reviewed by the Mayor, Chief Administrative Officer, and finance staff. The resulting plan is then reviewed by the Board of Mayor and Aldermen and is formally adopted by the passage of a budget ordinance on three separate readings. The ordinance is adopted by fund, function (e.g. public safety) and department (e.g. police). Department heads may make transfers of appropriations within their department. Transfers of appropriations between departments require the approval of an amendment by the BMA. Strict budgetary compliance is maintained by the automated accounting system to assure effective fiscal management and accountability. All requests for purchases are checked by the budgetary control system to assure that funds are available. Purchase orders and contracts are encumbered prior to release to vendors. The system controls are maintained within cost center levels and are basically set up within the Personnel, Operations, and Capital categories. Budget-to-actual comparisons are provided in this report for each individual governmental fund for which an appropriated budget has been adopted.

Factors Affecting Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the City operates.

Local economy

During the fiscal year the City of Bartlett experienced overall growth in the local economy and has made a slow recovery to pre-2008 levels of housing permits and commercial improvements. The City currently has a certified population of 56,488, making it the tenth largest city in Tennessee. Projections show the City is expected to grow to over 62,000 by 2020.

Olympus, a precision technology leader in designing and delivering innovative solutions for medical and surgical procedures, has begun construction of a state-of-the-art \$12 million dollar facility in Bartlett. This expansion will employ over 280 employees and support one of the largest concentrations of medical device growth in the country. The City continues to place special emphasis on the re-development of Bartlett Station, a 258-acre area of commercial, light industrial and residential development in the oldest part of Bartlett. The Bartlett Station Commission has been active in planning and promoting Bartlett's historic area for future growth. A national chain of personal fitness facility is scheduled to open in early 2017. The City was able to recruit a new Krispy Kreme franchise in the Stage Road/Bartlett Boulevard area which opened in the fall of 2016. The City's retail strategy consultant has continued to assist in the recruitment of retail establishments for future growth.

Retail sales in the fiscal year and the current year show modest growth as the economy has improved. Local sales tax collections were up almost 5% in FY2016 versus FY2015. During the fiscal year 2016 the City issued 216 permits for new single family residence structures with a value of \$47,391,269 or an average of \$219,404. The City also issued 87 permits for commercial construction valued at \$19,479,372. The median household income in Bartlett is in excess of \$62,000 and we expect Bartlett to continue to be the retail center of north Shelby County. Emphasis is being made on bringing more retail establishments into the City. Culpepper Place, an

assisted living facility with 67 beds, was completed in 2016 with an assessed property value of over \$600,000.

Brimhall Snack Foods has begun a \$6 million expansion at its location in the Bartlett Corporate Park which will add 21 additional jobs; Titan Medical Manufacturing has announced a \$1.8 million expansion of its operations with an additional 53 positions by 2021. Bartlett is also the location of property listed by the Tennessee Department of Economic Development as an "Economic Development Certified Site", which is an attractive site for prospective companies. The City feels it is well-positioned for future corporate and retail growth.

The regional economy continues its steady growth in retail sales with local sales tax collections increasing by 4.9% in FY2016 compared to FY2015. In FY2017 the City has projected a 5.0% increase in local sales tax collections over FY2016. Collections from the City's additional ½ cent local sales tax were \$4.34 million in FY2016 and projected to grow 5.0% for FY2017. The Board of Mayor and Aldermen have used this revenue source to provide local funding for the operation of the Bartlett Municipal School System, school crossing guards in the police department, and maintenance of school property. Property taxes remain a significant portion of the City's revenue source bringing in 41.9% of total revenue for the general fund. Collections remain strong with approximately 98.66% of property tax levy collected during the fiscal year just ended.

Long term financial planning

The Board of Mayor and Aldermen adopts a Capital Improvements Program (CIP) that is a five year plan for capital expenditures to replace and expand the City's infrastructure and equipment. The program is reviewed and updated annually to revise project cost estimates and available revenue sources. Funding for capital improvement projects in the CIP is generally provided through issuance of general obligation and revenue bonds. The City issued \$5.1 million in general obligation bonds in FY2016 for this purpose. However, the CIP projects in the water and sewer fund were funded through reserves in that fund for FY2016. Highlights of the program for 2017-2021 are:

- Road, Street, and Drainage improvement projects totaling \$38.3 million to improve access and traffic flow in the City. \$22 million of this amount will be the widening and construction of Old Brownsville West highway while \$10 million will be devoted to city wide overlay projects.
- Water and Sewer improvements and upgrades totaling \$6.735 million which includes a new 500,000 gallon water tank.
- Public safety buildings, parks improvements, vehicles and equipment including police cars, ambulances and fire trucks totaling \$15.0 million. Major projects in this category include a new city shop and renovations to W.J. Freeman Park.
- The City expects these projects to be funded through general obligation and revenue bonds, Tennessee Department of Transportation grants, and reserves

The City of Bartlett has adopted a comprehensive fund balance policy and debt management policy. Components of these policies provide a useful guide to financial operations and debt issuance. The City has utilized the municipal bond market almost exclusively for its capital funding needs while recognizing the opportunities to obtain lower interest capital note funding through the Tennessee Municipal Bond Fund. All the debt issued is within the parameters of the adopted debt limits as specified in the Board of Mayor and Aldermen's debt management policy.

Relevant financial policies

The City's fund balance policy provides that fund balances will be used prudently and conservatively to fund one time expenditures and stabilize the property tax rate. The fiscal year 2017 budget includes a budget use of fund balance in its special revenue funds, the utility fund, and the debt service fund. The City ended the 2016 fiscal year with over \$28.86 million in general fund balance. The FY2017 General Fund budget did not require the use of fund balance.

Temporarily idle cash during the year was invested in the State of Tennessee Local Government Investment Pool (LGIP). LGIP is operated by the State of Tennessee for the benefit of local government entities and provides fully collateralized investments at competitive interest rates.

Major initiatives

During the year ended June 30, 2016, the City made \$8.0 million in capital improvement expenditures including \$1,515,197 in city wide overlay and paving projects, \$1,001,268 on Bartlett fire training facility, \$282,569 on Altruria and Memphis/Arlington signalization, \$755,690 on an fire aerial truck, \$753,724 on Bartlett Road Bridge, and \$388,710 on right-of-way for Old Brownsville West. The city-wide public radio system replacement, begun in FY2015, realized \$1,406,284 in expenditures in FY 2016. This project is nearing completion with the final cutover to the new system scheduled in January 2017. The City has plans to relocate and install new 16 inch water lines in conjunction with the Old Brownsville Road West project in FY2018 and purchase of land for a new water plant in FY2020. The City's phone system was replaced in FY2016 with a new VoIP system, and city hall renovations have begun which will provide new Board of Mayor and Aldermen chambers and renovated reception area.

Long term financial planning

The City's fiscal year spending plan emphasizes a long-term goal of maintaining fiscal and financial stability. Annual budgets adopted by the Board of Mayor and Aldermen have consistently stressed a culture of cost-saving efforts while focusing on customers and quality of service provided the citizens.

The City's bond ratings were affirmed as Aa1 by Moody's and AAA by Standard & Poor's rating agencies in September 2016. On September 29, 2016 the City issued \$6,550,000 in general obligation refunding and improvement bonds to fund the various capital improvement projects including the FY2017 budget and to refund portions of the 2009 Series general obligation bonds.

Awards and Acknowledgements

Awards: The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Bartlett for its comprehensive annual financial report (CAFR) for the fiscal year ended June 30, 2015. This was the 27th consecutive year that the City has received this prestigious award. In order to be awarded a Certificate of Achievement, a government unit publishes an easily readable and efficiently organized comprehensive annual financial report (CAFR). This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to GFOA to determine its eligibility for another certificate.

In addition, the City also received the GFOA Distinguished Budget Presentation Award for the 14th straight year for its annual budget document for the fiscal year beginning July 1, 2015. In order to qualify for the Distinguished Budget Presentation Award, the City's budget document was judged to be proficient in several categories, including as a policy document, a financial plan, an operations guide, and a communications device. The annual budget document dated July 1, 2017 has been submitted to the GFOA for review and it is anticipated that it will also receive this award.

Acknowledgement: The preparation of this CAFR could not have been accomplished without the efforts and dedicated services of the entire staff of the finance department throughout the fiscal year. I would like to express my appreciation to all of the members of the department who assisted and contributed to this report, in addition to the City's independent certified public accountants, Watkins Uiberall, PLLC. Credit also must be given to the Mayor and Board of Aldermen for their support for maintaining the highest standards of professionalism in the management of the City's finances.

Respectfully submitted,

Dick Phebus

INDEPENDENT AUDITOR'S REPORT

To the Mayor and Board of Aldermen of the City of Bartlett, Tennessee:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, the statements of budgetary comparison for the general fund and general purpose school fund, and the aggregate remaining fund information of the City of Bartlett, Tennessee, (the "City") as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, the statements of budgetary comparison for the general fund and general purpose school fund, and the aggregate remaining fund information of the City of Bartlett, Tennessee, as of June 30, 2016, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of a Matter

We draw attention to Note 11 to the financial statements describing a restatement increasing beginning governmental activities net position by \$730,000 on the government-wide statement of activities. The restatement was necessary to recognize sales tax revenue due to Bartlett City Schools. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplementary information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Bartlett's basic financial statements. The introductory section, combining and individual fund financial statements and schedules, supplementary schedules, and statistical information section, are presented for purposes of additional analysis and are not a required part of the financial statements. The schedule of expenditures of federal awards and state financial assistance is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and is also not a required part of the basic financial statements.

The combining and individual fund financial statements and schedules, supplementary schedules, and the schedule of expenditures of federal awards and state financial assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in

accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules, supplementary schedules, and the schedule of expenditures of federal awards and state financial assistance are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical information sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 21, 2016, on our consideration of the City of Bartlett's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Bartlett's internal control over financial reporting and compliance.

Memphis, Tennessee December 21, 2016

Wathing Viburall, PLLC

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the City of Bartlett, Tennessee (the City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2016. We encourage readers to consider the information presented here in conjunction with additional information that is furnished in the letter of transmittal and notes to the financial statements.

Financial Highlights

- The assets of the City exceeded its liabilities and deferred outflows at the close of the most recent fiscal year by \$ 338,131,794 (net position). Of this amount, \$15,820,211 (unrestricted net position) may be used to meet the government's ongoing obligation to citizens and creditors.
- The City's total net position increased by \$4,883,208, due in large part to receivables from other governments and increase in cash and cash equivalents by \$13,637,065. Net position increased for governmental activities by \$4,443,876 and increased for proprietary activities by \$439,332.
- At June 30, 2016, the City's governmental funds reported combined ending fund balances of \$60,295,030, an increase of \$12,205,308 in comparison with the prior year. Approximately 59.5% of this amount is available for spending at the government's discretion (committed, assigned or unassigned fund balance). At June 30, 2016 unassigned fund balance for the General Fund was \$27,562,053, or 65.7% of General Fund expenditures.
- The City's total debt increased by \$3,917,151 (9.1%) during the current fiscal year. The City issued \$5,100,000 in G.O. debt; \$1,064,000 in Capital Outlay Notes; and \$2,940,000 in capital lease obligations during the year. The City paid down \$4,150,000 in existing general obligation bonds and water revenue bonds plus \$526,000 in capital notes and \$1,280,940 in capital lease obligations in FY 2016.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City of Bartlett's basic financial statements. The City's basic financial statements consist of three components: 1.) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements: The *government-wide financial statements* are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The government-wide financial statements are:

- Statement of Net Position -- presents information on all of the City's assets and deferred outflows and liabilities and deferred inflows, with the difference between the two reported as net position.
 Over time, increases or decreases in net position may serve as a useful indicator of whether the financial net position of the City is improving or deteriorating.
- Statement of Activities -- presents information showing how the City's net position changed during the most recent fiscal year. All current year revenues and expenses are taken into account regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) and other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include general government, public safety, public works, parks and recreation, performing arts center, recreation center, and education. The business-type activities of the City include the operations of the water and sewer facilities.

The government-wide financial statements also include the operations of the Bartlett City Schools which are not considered legally separate for reporting purposes.

The government-wide financial statements can be found on pages 26-28 of this report.

Fund financial statements: A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds -- Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains sixteen individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, the School General Purpose Fund, and the Capital Projects Fund, all three of which are considered to be major funds. Data for the other thirteen funds is combined into a single column with individual fund data for each of these non-major governmental funds provided in the form of combining and individual fund statements elsewhere in this report.

The City of Bartlett adopts an annual appropriation budget for its general, special revenue and debt service funds. A budgetary comparison statement has been provided for the General Fund, General Purpose School Fund, and Capital Projects Fund (all major funds) to demonstrate compliance with these budgets.

The basic governmental fund financial statements can be found on pages 29-32 of this report.

Proprietary funds -- Services for which the City charges customers a fee are generally reported in proprietary funds. Proprietary funds, like the government-wide statements, provide both long-term and short-term financial information. The City maintains two different types of proprietary funds: enterprise funds and internal service funds.

- Enterprise funds are used to report the same functions presented as business-type activities in the
 government-wide financial statements, but provide more detail and additional information, such as
 cash flow analysis. The City uses enterprise funds to account for its Water and Sewer activities.
- Internal service funds are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for its health insurance and worker's compensation services. Because both of these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The business-type activity related to the Water and Sewer Fund is presented in a single column of the proprietary fund financial statements.

The governmental activities of the internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements elsewhere in the report.

The basic proprietary fund financial statements can be found on page 42-44 of this report.

Fiduciary funds -- Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on page 45-46 of this report.

Notes to the financial statements: The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 47-94 of this report.

Other Information: In addition to the basic financial statements and accompanying notes, this report also presents required supplementary information. The required supplementary information (RSI) provides additional information regarding the City's other post-employment benefits (OPEB), the employee retirement system funding progress, the employee retirement system employer contributions, and bonds of principal officials.

Combining and Individual Fund Statements and Schedules: Combining schedules provide detail in connection with non-major governmental and internal service funds referred to earlier. Individual fund statements provide greater detail for the General Fund. Combining and individual fund statements and schedules can be found on pages 108-118 of this report.

Statistical Information: The statistical section, found on pages 140-165, presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information indicates about the City's overall financial health.

Government-wide Financial Analysis

Net Position: Net position may serve over time as a useful indicator of a government's financial position. In the case of the City, assets exceeded liabilities and deferred outflows by \$338,131,794 at the close of the most recent fiscal year, an increase of \$4,883,208, or 1.47 percent, from last year.

The largest portion of the City's net position (94.88) reflects its net investment in capital assets (e.g., land, buildings, machinery and equipment). The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate these liabilities.

Condensed Statement of Net Position

| | Governmental activities | | | ss-type vities | Total | | | |
|-----------------------------------|-------------------------|---------------|--------------|-------------------|---------------|---------------|--|--|
| | 2016 | 2015 | 2016 2015 | | 2016 | 2015 | | |
| Current and other assets | \$ 89,906,209 | \$ 75,761,990 | \$14,986,245 | \$14,759,729 | \$104,892,454 | \$ 90,521,719 | | |
| Capital assets | 287,678,582 | 287,963,764 | 66,782,625 | 67,829,667 | 354,461,207 | 355,793,431 | | |
| Total assets | 377,584,791 | 363,725,754 | 81,768,870 | 82,589,396 | 459,353,661 | 446,315,150 | | |
| Deferred outflows of resources | 19,556,457 | 6,985,485 | 520,838 | 520,838 385,748 | | 7,371,233 | | |
| Long-term liabilities outstanding | 91,866,197 | 78,455,036 | 14,964,474 | 15,828,737 | 106,830,671 | 94,283,773 | | |
| Other liabilities | 6,703,567 | 7,248,480 | 538,190 | 798,695 | 7,241,757 | 8,047,175 | | |
| Total liabilities | 98,569,764 | 85,703,516 | 15,502,664 | 16,627,432 | 114,072,428 | 102,330,948 | | |
| Deferred inflows of resources | 27,226,734 | 18,106,849 | | | 27,226,734 | 18,106,849 | | |
| Net position: | | | | | | | | |
| Net Investment in Capital Assets | 263,277,473 | 265,573,498 | 57,533,711 | 57,658,219 | 320,811,184 | 323,231,717 | | |
| Restricted | 1,500,399 | 6,799,693 | - | 1,965,536 | 1,500,399 | 8,765,229 | | |
| Unrestricted | 6,566,878 | (5,472,307) | 9,253,333 | 6,723,957 | 15,820,211 | 1,251,650 | | |
| Total net position | \$271,344,750 | \$266,900,884 | \$66,787,044 | \$66,347,712 | \$338,131,794 | \$333,248,596 | | |

An additional portion of the City's net position (0.44%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position (\$15,820,211) may be used to meet the government's ongoing obligations to citizens and creditors.

At June 30, 2016, the City is able to report positive balances in all three categories of net position for the government as a whole. Governmental activities reflected positive unrestricted amount of \$6,566,878 as a component of net position while business-type activities reflected a positive component of \$9,253,333. The City maintains a practice of providing adequate reserves for payment of debt service and capital projects while funding current operations with current revenue sources.

Changes in Net Position: Governmental activities increased the City's net position by \$4,443,876 while Business-type activities increased the City's net assets by \$439,332 resulting in a net increase of \$4,883,208. Key elements of this increase are as follows:

Additions to net position were provided by an increase in cash and investments of \$11,089,085, an increase in receivables of \$2,601,691, increases in capital assets, and increases in deferred outflows of resources of \$12,570,972, the majority of which is pension related.

- Reductions to net position were caused by increases to long-term debt and other liabilities of \$12,866,248 and increases to deferred inflows of \$9,119,885 from property taxes and pension obligations in school activities. Increases in net position for business-type activities was mostly due from a reduction of long-term debt of \$864,263.
- Depreciation expense of \$9,274,187 in governmental activities and \$2,218,222 in business-type activities was also a factor in the overall change in net position. Of the \$9,274,187 depreciation in governmental activities, \$3,615,523 was from education activities.

Condensed Statement of Changes in Net Position

Governmental Activities: Current fiscal year revenues and transfers for the City's governmental activities were \$143,952,148 compared to \$133,724,424 last year. Expenses for the same period were \$140,809,938 compared to \$128,017,386 last year.

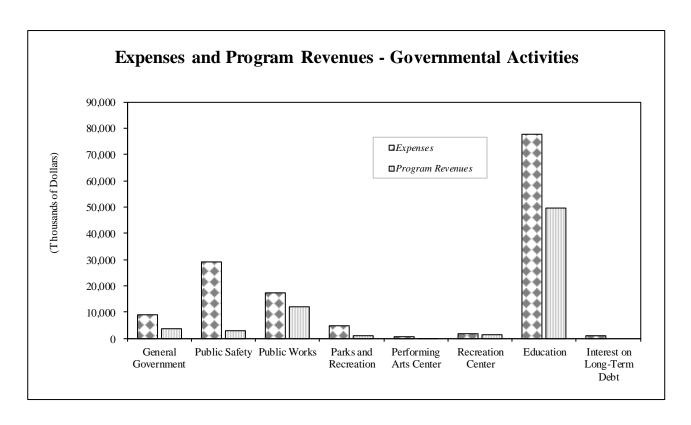

General and program revenue experienced a mixture of increases and decreases for the year; most notable of which are discussed below.

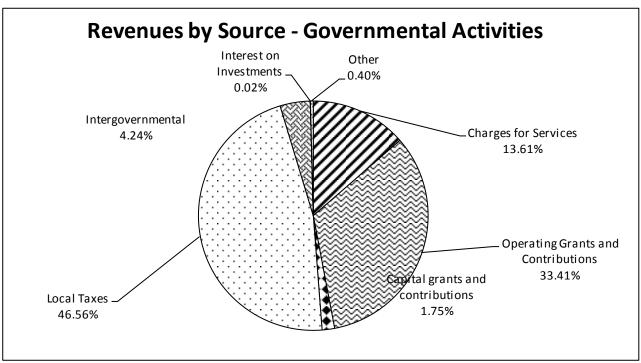

- The single largest source of governmental activity revenue in the prior year, capital grants and contributions, increased \$4,169,071 to \$48,287,720 in FY 2016. Education operating grants and contributions amounted to \$44,155,073 of this amount.
- Capital grants and contributions increased \$2,535,261 from FY15 with education activities receiving most of this amount.
- Property taxes increased \$294,120 during the year due to allocation of property tax payments to the Bartlett City School system from Shelby County, Tennessee.
- Local and state shared sales taxes, the next largest contributor of revenues, were up \$2,327,828, or 9.2 percent due to allocation of sales tax from the county-wide sales tax levy.
- The City's portion of state intergovernmental revenue increased by \$114,288, or 7.8 percent, reflecting continued revenue growth at the state level. Investment income remained flat at \$30,646. The City is still experiencing historically low interest rates for authorized investments.

Each area of program revenues is discussed below.

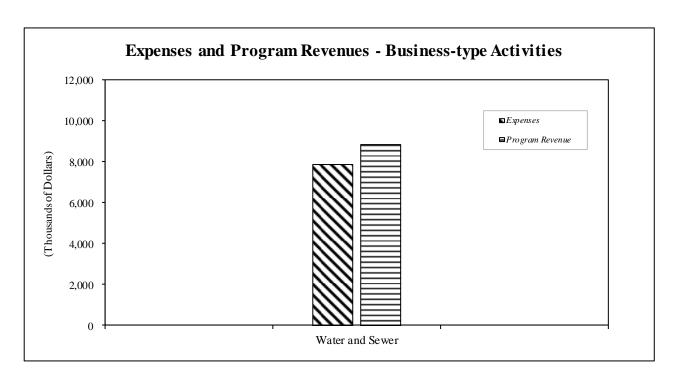

- Charges for services increased \$1,131,562, or 6.1 percent from the previous year due primarily to increases in education activities and public safety activities.
- Operating grants and contributions increased \$4,169,071, primarily due to an increase in education operating grants from the State of Tennessee for operating revenues for the Bartlett City School system.
- Capital grants and contributions increased \$2,535,261 over the previous year. Capital grants for education amounted to \$2,452,170 of this amount.

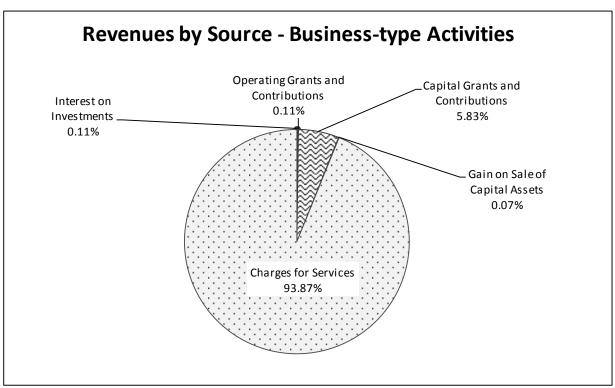

Expenses in governmental activities increased \$12,792,552 from the prior year. Increases in education expenses were \$8,516,451. Other functional categories, led by public safety with \$1,689,823, combined for an increase of \$4,276,101 in governmental activities. Interest on long-term debt increased \$223,480 over the prior year primarily due to interest on capital lease and capital outlay note issued during the year.

Business-type activities: Business-type activities increased the City's net position by \$439,332. Charges for services increased slightly from prior year by \$35,288; however expenses were \$168,083 more than the previous year. Other revenue was \$204,005 less than the previous year while transfers to governmental activities were \$33,395 less than the previous year resulting in a net change from the prior year of (\$303,405.)

Financial Analysis of the Government's Funds

As noted earlier, the City uses fund accounting to help control and manage money for particular purposes or to ensure and demonstrate compliance with finance-related legal requirements. The following provides a more detailed analysis of the City's funds.

Governmental funds: Governmental funds focus on providing information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$60,295,030, an increase of \$12,205,308, in comparison with the prior year. Approximately 45.7% of this total amount (\$27,562,053) constitutes unassigned fund balance, which is available for spending at the government's discretion. All of the governmental funds reported a positive ending fund balance.

The General Fund is the chief operating fund of the City. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$27,562,053, while total fund balance reached \$28,863,630. Other categories of fund balance for the General Fund were non-spendable (\$206,905), restricted (\$18,651), committed (\$1,000,000) and assigned (\$76,021). Non-spendable includes inventories and prepaid items; restricted includes amounts constrained for a specific purpose; committed includes amounts designated by the governing body for emergencies and contingencies; and assigned includes the use of General Fund reserves to satisfy current year encumbrances. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 65.7% of total General Fund expenditures, while total fund balance represents 68.8% of that same amount.

The fund balance of the City's General Fund increased \$202,629 to \$28,683,630 during the current fiscal year. Key factors are as follows:

- Total revenues from taxes and other sources were up by \$1,093,499 over the previous year. Local sales tax revenues accounted for 62% of this amount while charges for services accounted for approximately 20%. Intergovernmental revenues were up by \$215,657 over the previous year. These are revenues received from the State of Tennessee for sales, income, and other state imposed taxes and distributed back to cities on a prorated basis. Revenues from donations increased \$78,206 mostly from citizen and corporate donations for the city of Bartlett's 150 Year Sesquicentennial celebration in 2016 while other sources of revenue were down \$99,296 from the previous year. Total revenues, transfers in and other financing sources were \$47,578,485 for the fiscal year, an increase of \$1,047,976 over the previous year.
- Expenditures for current activity in the General Fund increased by \$999,493 with general government and public safety expenditures accounting for 52.1% of this increase. Other current activities combined for a net increase of \$478,217. Other financing sources and uses played a pivotal role in the change in the fund balance of the General Fund with a net financing use of \$4,362,278 compared to a net financing use of \$1,497,912 in the prior year. The net financing use of funds included transfers to the City municipal school district for costs associated with the operation of City schools in FY 2016. Total expenditures and uses of funds were \$47,375,856.

The general purpose school fund focuses on providing educational instruction for students enrolled in the City's municipal school system. At June 30, 2016 the fund had a fund balance of \$15,330,479 which is restricted for educational expenditures. During the year, the fund had revenues of \$71,515,322 from three major categories; property taxes (\$22,050,911); local sales taxes (\$9,482,232); and intergovernmental revenue (\$38,158,371), which represents state of Tennessee education funding and Shelby County, Tennessee property and other tax allocations. The fund had expenditures of \$68,804,029. Educational instruction accounted for \$66,877,065 while debt service principal and interest on capital lease amounted to

\$1,926,964. Other financing sources and uses was comprised of issuance of capital lease (\$2,940,000), transfers in from the City's general fund (\$3,361,440).

Proprietary funds: The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. As the City completed the fiscal year its proprietary funds, which include both an enterprise fund and an internal service fund, had a combined net position of \$66,787,044.

Unrestricted net position for the Water and Sewer fund at the end of the year amounted to \$9,418,928. The total increase in net position for the Water and Sewer fund was \$438,667. Other factors concerning the finances have already been addressed in the discussion of the City's business-type activities.

General Fund Budgetary Highlights

Differences between the original budget and the final amended budget in the General Fund can be briefly summarized as follows:

- The difference between the original and final budget for revenues increased by \$182,450. This was due to receipt of \$112,800 in state grants for certified police and firemen and \$69,650 in donations for the City's 150 year sesquicentennial celebration. The difference between the original and final budget for expenditures increased by \$1,753,676. General government budget was increased by \$105,348 mostly from professional services and expenditures for expenditures for the city's 150 year celebration; public safety budget was increased by \$158,949 due to salary supplements received from the state of Tennessee and some miscellaneous equipment purchases in the fire department. Transfers out to the City's capital projects fund was increased by \$1,410,000 for expenditures on the City's two-way radio system. Several other line items were increased by \$79,379 to cover expenditures for supplies and services.
- The General Fund revenues were \$373,155 greater than budgeted. The variance was due in part to local property, sales and other local tax collections exceeding the budget by \$202,671. Intergovernmental revenue collections from the state of Tennessee exceeded the budget by \$364,775. Building permits and other licenses were \$28,605 more than budgeted. Charges for services \$36,827 less than budgeted projections while fines and penalties from the City's court system came in at \$262,785 less than expected.

General Fund expenditures were less than budgeted by \$2,223,250. City department heads strive to control costs within the respective departments. The largest positive variance was in Public Safety of \$719,560 while General Government had a positive variance of \$576,240. Cost savings were also achieved in Public Works of \$184,637, Parks and Recreation of \$191,158, Performing Arts Center of \$113,070, and Recreation Center of \$65,430. The City's final budget projected a net reduction in fund balance of \$2,307,787. Actual operations resulted in a surplus of \$202,629, or a positive variance in budget to actual of \$2,510,416.

Capital Asset and Debt Administration

Capital assets: The City's investment in capital assets for its governmental and business type activities as of June 30, 2016 amounts to \$354,461,207 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, equipment, vehicles, roads, highways, construction in progress, and other infrastructure. The total decrease in City's investment in capital assets for the current fiscal year was \$1,332,224.

Governmental activities saw an increase of \$11,987,532 in acquisition of land, buildings, equipment, vehicles, and infrastructure during FY2016 with \$5,432,384 in retirements. Business-type activities saw an increase of \$2,847,013 in capital asset acquisitions with \$2,079,165 in retirements. Additional information can be found in note 4(D) on pages 58-59 of this report.

Long-term debt: At the end of the current fiscal year, the City had total debt outstanding of \$46,943,468. Of this amount \$35,739,764 comprises debt backed by the full faith and credit of the government and capital outlay notes and \$11,203,704 represents bonds secured primarily by a specified revenue source with a full faith and credit pledge.

| Total | \$ 35,739,764 | \$ 30,431,008 | \$ 11,203,704 | \$ 12,595,309 | \$ 46,943,468 | \$ 43,026,317 | |

The City's total debt increased \$3,917,151 or 9.1 percent during the current fiscal year. The City issued \$5,100,000 in general obligation bonds during the year to fund the FY16 Capital Projects Program. The City also issued \$1,064,000 in seven-year capital outlay notes during the year to purchase vehicles and equipment. There were no new issues of water and sewer revenue bonds or capital outlay notes for business-type activities. The City retired \$5,569,940 in debt through retirement of general obligation bonds, capital outlay notes and capital lease payments.

The City maintains a "AAA" rating from Standard & Poor's and a "Aa1" rating from Moody's for general obligation debt and water and sewer revenue debt. The City maintains a good relationship with bond rating agencies and major investment institutions through disclosure of financial data with the Municipal Securities Rulemaking Board (MSRB) and its affiliated service Electronic Municipal Market Access (EMMA) site. The City has adopted a comprehensive debt management policy and continues to follow conservative and prudent fiscal policies and procedures.

Additional information on the City's long-term debt can be found at note 4(G) of the notes to the financial statements of this report.

Economic Factors and Next Year's Budgets and Rates

Factors considered in preparing the City's budget for the 2017 fiscal year are discussed fully in the budget document and include:

- The City uses conservative revenue forecasts for budgeting purposes. The primary source of funds remains property taxes. The potential impact of declining property values in the area has been taken into consideration in projecting resources.
- Property tax revenues were projected slightly higher due to new growth. There was no increase in the property tax rate for FY2016. The housing market in Bartlett has rebounded 170% since 2010, providing some level of stability in the property tax base. Continued growth in commercial construction and renovation projects has added to the base as well.
- Sales tax and other state shared revenue are projected to increase as economic growth improves. While
 inflationary trends in the region compare favorably to national indices, the City has proposed FY2016
 appropriations which represent a slight increase from FY2016 levels.
- Current service levels have been maintained in the General Fund in FY2016 by matching revenues and other financing sources to total expenditures. Additional full-time and part-part-time codes inspectors and three new police officers will be used to maintain current services.
- The City is continuing to monitor operations of its Water/Sewer Fund to determine if increased user fees
 or cost containment measures should be initiated in the near term.
- Bartlett City schools have been in operation for two full years. Appropriations from the City's General Fund as contributions to the Bartlett City Municipal School District total \$3.61 million for FY2017
- The adopted budget for the Bartlett Municipal School System is \$73.5 million in FY2017. The system operates 11 schools with projected enrollment of 8,300 students.
- The City adopted a General Fund operating budget of \$47,633,021 for FY2017 which is a reduction from the FY2016 General Fund budget of \$514,358. There is no scheduled use of unassigned fund balance in FY2017.

At June 30, 2016 the unassigned fund balance in the General Fund was \$27,562,053.

Requests for Information

This financial report is designed to provide a general overview of the City's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the Finance Director, 6400 Stage Road, Bartlett, Tennessee 38134. The Comprehensive Annual Financial Report June 30, 2016, Fiscal Year 2016 and 2017 Budget Reports and other information about the City may be found on the City's website at www.cityofbartlett.org, as part of the City's commitment to transparency and our continuing usage of advancing technology and e-commerce.

RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS TO THE STATEMENT OF NET POSITION

June 30, 2016

| Amounts reported for governmental activities in the statement of net position are different because: | |
|--|-------------------|
| Total governmental fund balances | \$ 60,295,030 |
| Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds. | 287,678,582 |
| Net pension asset is not a financial resource in the current period and, therefore, is not reported in the funds. | 349,874 |
| Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be amortized and recognized as components of pension expense in future years. | 10,846,624 |
| Other long-term assets are not available to pay for current-period expenditures and, therefore, are unearned or unavailable in the funds. | 2,541,509 |
| Internal service funds are used by management to charge the costs of health insurance, workers' compensation, and retiree health insurance to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position. | 1,413,587 |
| Net OPEB obligation is not payable with current financial resources and therefore is not reported in the funds. | (18,802,522) |
| Net pension liability is not payable with current financial resources and therefore is not reported in the funds. | (28,556,988) |
| Long-term liabilities, including bonds payable, capital outlay notes and settlement liability are not due and payable in the current period and therefore are not reported in the funds. | (44,420,946) |
| Net position of governmental activities | \$ 271,344,750 |

The accompanying notes are an integral part of the financial statements.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

| Amounts reported for governmental activities in the statement of net activities are different because: | |
|--|------------------|
| Net change in fund balance - total governmental funds | \$ 12,205,308 |
| Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period. | (285,182) |
| Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. | 689,543 |
| Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. This adjustment is for compensated absences. | (501,205) |
| The issuance of long-term debt (e.g. bonds) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term | |
| debt and related items. | (4,953,743) |
| Internal service funds are used by management to charge the costs of health insurance, workmen's compensation, and retiree health insurance to individual funds. The net expenditure of certain activities of internal | |
| service funds is reported with governmental activities. | 24,968 |
| Change in net OPEB obligation. | (2,118,852) |
| Change in net pension liability (asset) and related deferred outflows of resources and deferred inflows of resources. | (1,346,961) |
| Change in net position of governmental activities | \$ 3,713,876 |
| | |

NOTES TO FINANCIAL STATEMENTS

June 30, 2016

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The City of Bartlett, Tennessee (the City) operates under a Board of Mayor and Aldermen form of government and is organized into the following departments: Administration, Mayor, Finance and Accounting, Education, Police, Fire, Parks and Recreation, Public Works, Planning and Development, Code Enforcement, and Utilities.

As required by accounting principles generally accepted in the United States of America, these financial statements present the government and its component units, entities for which the government is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of a government's operations. Each fund of the blended component unit (see notes below for description) is reported as a special revenue fund of the City and the component unit's student activity funds are an agency fund of the City. The City has no discretely presented component units. The significant accounting policies followed by the component unit are generally the same as those followed by the primary government.

Blended Component Unit: The Bartlett City Board of Education (the Board of Education) is a legally separate organization that includes all the public schools within the City. The Board of Education has a separately elected governing board but is fiscally dependent upon the City. The City provides funding, approves its operating budget, and issues debt for its capital projects. The Board of Education's general purpose fund, federal projects fund, school nutrition fund, and capital projects fund are each reported as special revenue funds of the City. The Board of Education does not issue separate financial statements.

B. Government-wide and fund financial statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Interfund services provided and used are not eliminated in the process of consolidation. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement focus, basis of accounting, and financial statement presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Agency funds do not use the economic resources measurement focus. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Government fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period or up to one year for grant revenues. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Licenses and permits, charges for services, fines and forfeitures, and miscellaneous revenues (except for investment earnings) are considered to be measurable and available only when cash is received by the City.

The City reports the following major governmental funds:

The general fund is the primary operating fund of the City and accounts for all financial resources of the general government not specifically provided for in other funds. Most of the essential governmental services such as police and fire protection, community services, and general administration are reported in the general fund.

The General Purpose School Fund is a special revenue fund used as the operating fund of the Bartlett City Board of Education and accounts for all general revenues and other receipts that are not allocated by law or contractual agreement to another Bartlett City Board of Education fund. General operating expenditures that are not paid through other school system funds are paid from the General Purpose School Fund.

The capital projects fund accounts for the financing of major governmental fund capital asset purchases.

The City reports the following major proprietary funds:

The water and sewer fund is the City's only major proprietary fund. It accounts for water and sewer fees in connection with the operation of the City's water and sewer system. The proceeds of several bond issues and loans have been used specifically for the construction or acquisition of water and sewer facilities. Since it is the intention of the City to repay these bonds and loans through water and sewer fund operations, these obligations are reported in this fund.

Additionally, the City reports the following fund types:

The debt service fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds.

Internal service funds account for health insurance and workers' compensation services provided to other departments or agencies of the government on a cost reimbursement basis.

The employee retirement plan and cash value pension plan, pension trust funds, are used to account for the accumulation of resources to be used to provide defined retirement benefits to all qualified employees upon retirement.

The other post employment benefits ("OPEB") fund is used to account for the accumulation of resources to be used to provide health and dental benefits to all qualified retired employees.

The bail bond fund, an agency fund, is used to account for bail funds by persons awaiting trial in City Court. The family assistance fund, an agency fund, is used to provide families with financial hardship with monies to pay their utility bills. The Jeanette Rainey volunteer fund is to reward individuals that exhibit exemplary character in a voluntary effort benefitting the City. These funds are purely custodial and thus do not involve measurement of results of operations.

The School Activity Funds are used to account for cash and inventory held by the Bartlett City Board of Education on behalf of the school activity fund for the Bartlett City Schools. These funds were audited in a separate report and can be obtained by contacting the Bartlett City Board of Education. These funds are purely custodial and thus do not involve measurement of results of operations.

As a general rule the effect of interfund activity has been eliminated from the government – wide financial statements. Interfund services provided and used are not eliminated in the process of consolidation.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the utility fund are charges to customers for sales and services. The utility fund also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

D - Assets, liabilities and fund balance

1. Deposits and investments

The City considers all highly liquid investments with an original maturity of three months or less when purchased to be cash and cash equivalents.

Investments are reported at fair value. The state investment pool operates in accordance with the appropriate state laws and regulations. The reported value of the pool is the same as the fair value of the

pool shares. Cash equivalents held by the trustee of the pension and OPEB funds are included in cash and cash equivalents.

2. Interfund receivables and payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

All trade and property taxes receivable are shown net of an allowance for uncollectibles.

Property taxes are levied as of June 1 (lien date) on property values assessed as of January 1. Taxes are due December 1 and are considered delinquent after February 28, at which time penalties and interest are assessed.

3. Inventories and prepaid items

Inventories are valued at cost (first-in, first-out). Inventory in all funds consists of expendable supplies held for consumption. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

The food supplies inventory reflected in the school nutrition fund is valued at cost using the first-in, first-out method. The government-wide financial statements reflect this inventory as an expense when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

4. Restricted assets

Restricted assets in governmental funds represent investments held for state street aid purposes.

5. Capital assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., streets, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Contributed capital assets are recorded at estimated fair market value at the date received.

In the case of the initial capitalization of general infrastructure assets (i.e., those reported by governmental activities) the government chose to include all such items put in place since 1980. The government was able to estimate the historical cost for the initial reporting of these assets through review of historical records,

including subdivision bond summaries, contract documents, and capital project summaries. As the government constructs or acquires additional capital assets each period, including infrastructure assets, they are capitalized and reported at historical cost. The reported values exclude normal maintenance and repairs which are essentially amounts spent in relation to capital assets that do not increase the capacity or efficiency of the item or extend its useful life beyond the original estimate. In the case of donations the government values these capital assets at the estimated fair value of the item at the date of its donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Property, plant and equipment of the primary government is depreciated using the straight-line method over the following estimated useful lives:

| Buildings | 25-50 | years |
|-------------------------|-------|-------|
| Improvements | 10-60 | years |
| Infrastructure | 20-50 | years |
| Machinery and equipment | 3-15 | years |

6. Compensated absences

Compensated absences for accumulated unpaid vacation are accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements. Vacation days earned, not to exceed 30 days, may be carried forward. Compensated absences are paid out of the general fund, solid waste control fund, drainage control fund, and the proprietary fund.

Employees are generally reimbursed for accumulated unused sick leave, not to exceed 60 days, only upon retirement, and only for those employees employed prior to January 1, 1992. Sick leave is not accrued except at the governmental-wide and proprietary fund financial statements.

Under the Bartlett City Board of Education's sick leave policy, both certified and classified employees earn one sick day for each month employed and accumulate for an unlimited number of days. Upon retirement, accumulated sick days convert to service time with the Tennessee Consolidated Retirement System (TCRS). If an employee leaves the school district prior to retirement, the accumulated sick days can be carried to another school district or converted to service credit with TCRS. For vacation, an employee may accumulate up to twenty-five vacation days. Unused vacation is paid out for any employee leaving the school district provided they have completed at least six months of service.

7. Long-term obligations

In the governmental-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

8. Deferred outflows/inflows of resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expenses/expenditure) until then. The City has qualifying items for reporting in this category. The deferred charge on refunding reported in the government-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. Other deferred outflows of resources include pension changes in experience, pension changes in investment earnings, and employer contributions to the pension plan after the measurement date.

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an increase to net position that applies to a future period and is not recognized as an inflow of resources (revenue) until that time. The City has four types of items that qualify for reporting in this category. These items are amounts in the governmental funds that were receivable and measureable at year-end but were not available to finance expenditures for the current year. This includes unavailable revenues from property taxes, court fines, grants and ambulance fees.

9. Fund balance

Governmental funds utilize a fund balance representation for fund equity. Fund balance is categorized as non-spendable, restricted, committed, assigned or unassigned. A description of each category is provided below.

Non-Spendable Fund Balance – amounts that cannot be spent because they are either in a (a) non-spendable form, including items not expected to be converted to cash (i.e. inventories, prepaid amounts, long-term portion of loans and notes receivable), or (b) legally or contractually required to be maintained intact (i.e. the principal of a permanent fund).

Restricted Fund Balance – amounts constrained to be used for a specific purpose as per external parties, constitutional provision, or enabling legislation.

Committed Fund Balance – amounts constrained to be used for specific purposes by formal action by ordinance adopted by the Board of Mayor and Aldermen and the Bartlett City Board of Education. Amounts classified as committed are not subject to legal enforceability like restricted resources; however, they cannot be used for any other purpose unless the Board removes or changes the commitment by taking the same action it employed to impose the commitment.

Assigned Fund Balance – amounts intended to be used by the City for a specific purpose, but are neither restricted nor committed. The intent shall be expressed by the Board of Mayor and Aldermen or a designee authorized by the Board of Mayor and Aldermen with authority to assign amounts. The City Finance Director has been authorized to assign amounts in the general fund for a specific purpose in accordance with fund balance policy established by the Board of Mayor and Aldermen. The nature of the actions necessary to remove or modify an assignment is not as rigid as required under a committed fund

balance classification. Amounts in excess of nonspendable, restricted, and committed fund balance in funds other than the general fund are reported as assigned fund balance. The Bartlett City Board of Education has the authority to assign the fund balance for the School Funds.

Unassigned Fund Balance – represents the residual balance available for any purpose in the general fund or deficit balances in other funds.

When an expenditure is incurred for purposes for which both restricted and unrestricted (committed, assigned, or unassigned) amounts are available, it is the policy of the City to generally consider restricted amounts to have been reduced first. When an expenditure is incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used, it is the policy of the City that committed amounts would be reduced first, followed by assigned amounts, and then unassigned amounts. In both instances, when a proposed expenditure is made with specific balances identified as the source of the funding, that specific fund balance will be used.

10. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of Bartlett City Board of Education's participation in the Public Employee Retirement Plan of the Tennessee Consolidated Retirement System (TCRS), and additions to/deductions from Bartlett City Board of Educations' fiduciary net position have been determined on the same basis as they are reported by the TCRS for the Public Employee Retirement Plan. For this purpose, benefits (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms of the Public Employee Retirement Plan of TCRS. Investments are reported at fair value.

11. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

A. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position

The governmental fund balance sheet includes a reconciliation between fund balance - total governmental funds and net position - governmental activities as reported in the government-wide statement of net position. One element of that reconciliation explains that "long-term liabilities, including bonds payable, capital outlay notes and settlement liability are not due and payable in the current period and therefore are not reported in the funds."

The details of this difference are as follows:

| Bonds and capital outlay notes payable | \$ 34,007,315 |
|---|------------------|
| Add: Deferred amount for issuance premiums | 1,732,448 |
| Less: Deferred amount for refundings | (327,735) |
| Accrued interest payable | 241,994 |
| Shelby County Board of Education settlement liability | 6,081,930 |
| Less: Deferred amount for issuance discount | (741,561) |
| Accrued vacation | 2,827,288 |
| Compensated absences | 599,267 |
| Net adjustment to reduce fund balance - total governmental funds to | |
| arrive at net position - governmental activities | \$ 44,420,946 |

B. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between net changes in fund balances - total governmental funds and changes in net position of governmental activities as reported in the government-wide statement of activities. One element of that reconciliation explains that "governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets are allocated over their estimated useful lives and reported as depreciation expense." The details of this difference are as follows:

| Capital outlays | \$ | 8,989,005 |
|---|----|-------------|
| Depreciation expense | | (9,274,187) |
| | • | |
| Net adjustment to decrease net changes in fund balances - total | | |
| governmental funds to arrive at changes in net position of | | |
| governmental activities | \$ | (285,182) |

Another element of that reconciliation states that "the issuance of long-term debt (e.g. bonds) provides current financial resources to governmental funds, while the repayment of the principal of long-term debts consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities." The details of this difference are as follows:

| Debt issued or incurred: | | |
|---|----|-------------|
| Issuance of capital notes and capital lease | \$ | (9,104,000) |
| Premium on current year issuance | | (895,732) |
| Increase in accrued interest payable | | (61,133) |
| Amortization of premiums | | (96,036) |
| Principal Repayments | | |
| General obligation debt | | 4,594,940 |
| Settlement liability | | 608,218 |
| Net adjustment to decrease net changes in fund balances - total | ' | _ |
| governmental funds to arrive at changes in net position of | | |
| governmental activities | \$ | (4,953,743) |

Another element of that explanation is labeled "changes in net pension liability (asset) and related deferred outflows of resources and deferred inflows of resources." The details of this difference are as follows:

| Pension contributions after measurement date recorded as expense | |
|--|-------------------|
| in the governmental funds are a deferred outflow on the government- | |
| wide statements | \$ 3,867,562 |
| Actuarially determined contributions recorded as expense in the | |
| governmental funds are a reduction of the net pension liability on the | |
| government-wide statements | 3,043,823 |
| Actuarially determined pension expense | (8,258,346) |
| Change in net pension liability (asset) and related deferred outflows | |
| of resources and deferred inflows of resources | \$ (1,346,961) |

NOTE 3 - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. Budgetary information

The Board of Mayor and Aldermen annually approves the operating budgets of the general, special revenue, capital projects, debt service, and enterprise funds of the City. The capital projects plan is multi-year. Budgets are amended by resolution of the Board of Mayor and Aldermen to authorize expenditures of various grants received and to adjust the individual fund budgets as required. While no supplemental appropriations were required during the year, the accompanying budgetary data has been revised for amendments authorized by resolution during the year. The basis of accounting applied to budgetary data presented is consistent with the appropriate basis of accounting for each fund type. The Bartlett City Board of Education annually approves the operating budgets of the general purpose school fund, federal projects, school nutrition, discretionary grants, and education capital fund.

Fund appropriations comprise legal spending limits for governmental funds. The Mayor may approve transfers between line items within a department. Other transfers or requests for additional funds must be approved by the Board.

Encumbrance accounting is employed in governmental funds. Encumbrances (e.g., purchase orders, contracts) outstanding at year end are reported in the assigned, committed, and restricted fund balance categories and do not constitute expenditures or liabilities because the commitments will be reappropriated and honored during the subsequent year.

B. Excess of expenditures over appropriations

For the year ended June 30, 2016, expenditures did not exceed appropriations in any fund.

C. Deficit fund equity

As of June 30, 2016, none of the funds had a deficit fund balance.

NOTE 4 - DETAILED NOTES ON ALL FUNDS

A. Deposits and investments

In compliance with the Tennessee State statutes, all cash, cash equivalents, and unrestricted investments held by the Primary Government funds of the City are entirely covered by federal depository insurance, collateral held by the City's agent in the City's name, or by the State of Tennessee's Local Government Investment Pool (LGIP). State legislation TCA 9.4.7 authorizes investments in the LGIP for local governments and other political subdivisions.

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under GAAP are described below:

- •Level 1 Unadjusted quoted prices in active markets for identical assets or liabilities the City has the ability to access.
- •Level 2 Inputs (other than quoted prices within Level 1) such as quoted prices for similar assets or liabilities; quoted prices in inactive markets; or other inputs that can be corroborated by observable market data.
- •Level 3 Inputs which are unobservable for the asset or liability and rely on management's own assumptions that market participants would use in pricing the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. In determining fair value, the City utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2016.

Level 1 investments are valued using prices quoted in active markets for those investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the City believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at reporting date.

The following table sets forth by level, within the fair value hierarchy, the City's assets at fair value as of June 30, 2016, all of which are classified as Level 1 in the fair value hierarchy:

| Investment Type | Fair Value |
|-----------------|---------------|
| Mutual Funds | \$ 65,144,773 |
| Common Stock | 27 |
| | \$ 65,144,800 |

<u>Interest Rate Risk</u> – As a means of limiting its exposure to interest rate risk, the City diversifies its investments in the Pension Trust Fund by security type and institution, and limits holdings in any one type of investment with any one issuer to no more than 5%. The Pension Trust Fund's Investment Policy has been formally adopted by the City's Board of Mayor and Aldermen.

<u>Credit Risk</u> – Based on the Pension Trust Fund's formally adopted Investment Policy, investment managers are limited to purchasing only investment rated Domestic Fixed Income and Commercial Paper.

B. Receivables

Receivables as of year-end for the City's individual major funds, nonmajor funds, and internal service funds, in the aggregate including the applicable allowances for the uncollectible accounts, are as follows:

| | General Fund | Pu | General Irpose School Fund | Pro | apital ojects und | Nonmajor overnmental | W | /ater and Sewer | Total |
|---------------------------------------|-----------------|----|----------------------------------|-----|-------------------------|-------------------------|----|--------------------|------------------|
| Receivables: | | | | | | | | | |
| Taxes | \$ 19,329,591 | \$ | - | | | \$ 837,018 | \$ | - | \$ 20,166,609 |
| Accounts receivable | - | | - | | | - | | 846,027 | 846,027 |
| Due from other governments | - | | 4,272,533 | | | 237,522 | | - | 4,510,055 |
| Other | 6,270,286 | | 192,906 | | 798 | 1,251,870 | | 270 | 7,716,130 |
| Gross receivables | 25,599,877 | | 4,465,439 | | 798 | 2,326,410 | | 846,297 | 33,238,821 |
| Less: allowance for doubtful accounts | (2,281,718) | | - | | - | (11,416) | | (17,717) | (2,310,851) |
| Net total receivables | \$ 23,318,159 | \$ | 4,465,439 | \$ | 798 | \$ 2,314,994 | \$ | 828,580 | \$ 30,927,970 |

Governmental funds report unavailable revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned as "unearned revenue". At the end of the current fiscal year, unavailable revenue principally represents: (1) amounts relating to property taxes as described above and (2) amounts received for various capital projects upon which revenues will not be recognized until such projects have started.

C. Property Taxes

The City levies property taxes annually based upon assessed valuations provided by the Shelby County Tax Assessor. The various types of property are assessed at a percentage of estimated appraised value on January 1 of each year as follows:

| Residential real property | 25% |
|---|-----|
| Farm real property | 25% |
| Commercial and industrial real property | 40% |
| Public utilities, real property and personal property | 55% |
| Commercial and industrial personal property | 30% |

Tax bills are mailed in November and taxes are due and levied on December 1 and delinquent after February 28 and available for tax lien on March 1.

Current tax collections for the year ended June 30, 2016 were 98.66% of the tax levy. The property tax levy is without legal limit. The rate, as permitted by Tennessee State Law and City Charter, is set annually by the Board of Mayor and Aldermen and collected by the Finance Department.

The property tax rate for the year ended June 30, 2016, was \$1.62 per \$100 of assessed value as of January 1, 2015.

D. Capital assets

Capital asset activity for the year ended June 30, 2016, was as follows:

| | Beginning <u>Balance</u> | <u>Increases</u> | <u>Decreases</u> | Ending <u>Balance</u> |
|---|-----------------------------|------------------|------------------|--------------------------|
| Governmental activities: Capital assets, not being depreciated: | | | | |
| Land | \$ 11,457,521 | \$ 146,029 | \$ - | \$ 11,603,550 |
| Construction in progress | 1,847,384 | 5,365,840 | (2,732,532) | 4,480,692 |
| Total capital assets, not being depreciated | 13,304,905 | 5,511,869 | (2,732,532) | 16,084,242 |
| Capital assets, being depreciated: | | | | |
| Buildings | 209,848,056 | 1,326,353 | (173,743) | 211,000,666 |
| Improvements | 6,547,075 | 57,097 | (40,073) | 6,564,099 |
| Equipment | 11,184,673 | 722,457 | (1,099,765) | 10,807,365 |
| Vehicles | 17,296,963 | 3,034,849 | (1,386,271) | 18,945,541 |
| Infrastructure | 111,920,527 | 1,334,907 | | 113,255,434 |
| Total capital assets, being depreciated | 356,797,294 | 6,475,663 | (2,699,852) | 360,573,105 |
| Less accumulated depreciation for: | | | | |
| Buildings | (15,774,223) | (4,224,163) | 49,460 | (19,948,926) |
| Improvements | (4,159,002) | (287,056) | 40,073 | (4,405,985) |
| Equipment | (7,231,469) | (844,107) | 1,094,338 | (6,981,238) |
| Vehicles | (12,916,154) | (1,260,514) | 1,249,986 | (12,926,682) |
| Infrastructure | (42,057,587) | (2,658,347) | | (44,715,934) |
| Total accumulated depreciation | (82,138,435) | (9,274,187) | 2,433,857 | (88,978,765) |
| Total capital assets, being depreciated, net | 274,658,859 | (2,798,524) | (265,995) | 271,594,340 |
| Governmental activities capital assets, net | \$ 287,963,764 | \$ 2,713,345 | \$ (2,998,527) | \$ 287,678,582 |

| | Beginning <u>Balance</u> | <u>Increases</u> | <u>Decreases</u> | Ending <u>Balance</u> |
|--|---|--|---|---|

Depreciation expense was charged to function / programs of the primary government as follows:

| Governmental activities: | |
|---|-----------------|
| General government | \$ 293,060 |
| Public safety | 1,281,167 |
| Public works | 3,421,056 |
| Parks and recreation | 581,664 |
| Performing arts center | 81,717 |
| Education | 3,615,523 |
| Total depreciation expense - governmental activites | \$ 9,274,187 |

Construction and other significant commitments

The government has active construction projects as of June 30, 2016. At year-end the government's commitments with contractors are as follows:

| Function/Activity | Commitment | | |
|--|------------|-----------|--|
| Major roads construction & improvement | \$ | 2,211,888 | |
| Building improvements | | 760,461 | |
| Vehicles and equipment | | 3,438,814 | |
| Utility construction and improvement | | 170,223 | |
| Education construction | | 207,663 | |
| | \$ | 6,789,049 | |

E. Interfund receivables, payables, and transfers

At June 30, 2016, amounts to be received or paid with current available resources are reported as receivable and payable to other funds. The amount payable to the general fund, general purpose school fund, and nongovernmental funds results from the time lag between dates that the interfund service are provided or

reimbursable expenditures occur, and when transactions are recorded. The composition of interfund balances as of June 30, 2016, is as follows:

| | | Due from: | | | | | | | |
|-----------------------------|---------|-----------|------------------------|-------------|----------|---------|----|---------|--|
| | General | | General Purpose | | Nonmajor | | | | |
| Due to: | | Fund | | School Fund | | Funds | | Total | |
| General fund | \$ | - | \$ | 16,834 | \$ | 181,749 | \$ | 198,583 | |
| General purpose school fund | | 12,973 | | - | | 204,409 | | 217,382 | |
| Capital projects fund | | | | | | 395,893 | | 395,893 | |
| | \$ | 12,973 | \$ | 16,834 | \$ | 782,051 | \$ | 811,858 | |

Interfund transfers represent subsidies and contributions provided to operating funds and capital project funds with no corresponding debt or promise to repay. Transfers out of the major funds, nonmajor governmental funds and enterprise funds generally represent debt service, cost allocation, capital project funding, and payments in lieu of taxes. Interfund transfers occurring between individual major funds and nonmajor governmental, enterprise, and internal service funds for the City during the year ended June 30, 2016 are as follows:

| | Transfer In: | | | | | | | | | |
|-----------------------------|--------------|-------------|-----|--------------|----|-----------------|----|------------|----|--------------|
| | | General | Gen | eral Purpose | | Capital | 1 | Nonmajor | | |
| Transfer out: | | <u>Fund</u> | Sc | chool Fund | | <u>Projects</u> | Go | vernmental | | <u>Total</u> |
| General fund | \$ | _ | \$ | 3,281,018 | \$ | 1,510,000 | \$ | 618,656 | \$ | 5,409,674 |
| Capital projects | | 29,379 | | - | | - | | 220,000 | | 249,379 |
| Nonmajor governmental funds | | 323,590 | | 80,422 | | 1,922,721 | | 200,000 | | 2,526,733 |
| Water and sewer | | 571,666 | | | | _ | | | | 571,666 |
| Total transfers out | \$ | 924,635 | \$ | 3,361,440 | \$ | 3,432,721 | \$ | 1,038,656 | \$ | 8,757,452 |

F. Leases

Operating Leases

The City leases various city-owned property to corporations for cellular towers. The leases range from 5 to 10 years. The minimum lease payments the City will receive for the years ending June 30 is as follows:

| 2017 | \$ 359,816 |
|------------|-----------------|
| 2018 | 350,137 |
| 2019 | 240,560 |
| 2020 | 216,768 |
| 2021 | 107,025 |
| Thereafter | 74,271 |
| Total | \$ 1,348,577 |

Capital Leases

The City entered into several lease agreements as lessee for financing the acquisition of computers for the schools. The scheduled minimum lease payment under the agreements includes interest ranging from 1.57% to 3.34%. The cumulative amount of assets acquired under the capital lease amounted to \$3,642,101.

The following is a schedule of the future minimum lease payments at June 30:

| | Governmental Activities | |
|---|----------------------------|-----------|
| Total minimum lease payments | \$ | 2,267,246 |
| Less: amount representing interest | • | (72,930) |
| Present value of minimum lease payments | \$ | 2,194,316 |
| | | |
| 2016 | \$ | 779,425 |
| 2017 | | 794,847 |
| 2018 | | 620,044 |
| | \$ | 2,194,316 |

G. Long Term Debt

General obligation bonds

On September 15, 2015, the City issued \$5,100,000 General Obligation Improvement Bonds, Series 2015 maturing on September 1, 2035 with a true interest cost of 2.838%. The proceeds of the Series 2015 Bonds will be used to fund the costs of certain public improvement projects including city hall facilities, acquisition of a public radio system and ambulance, and improvement of streets, roads, and other infrastructure. The net proceeds of the Series 2015 Bonds totaled \$5,961,111 (net of underwriter's discount) and were deposited with the City.

General obligation notes payable and capital outlay notes

On December 23, 2008, the City entered into a loan agreement with the Public Building Authority of the City of Clarksville, Tennessee through the Tennessee Municipal League for \$1,350,000 and \$1,000,000 for governmental and business-type activities, respectively. Balances at June 30, 2016 were \$1,005,001 and \$744,000, respectively. Principal on these loans are paid annually in May while the interest is paid monthly based on a variable rate determined by the remarketing agent. At June 30, 2016, the interest rate on these loans was .58%.

On June 9, 2016, the Board of Mayor and Aldermen (The Board) authorized the issuance of \$8,000,000 in revenue anticipation notes for the purpose of meeting appropriations made for the Bartlett City Board of Education (BOE) for the fiscal year 2016. As part of the resolution, the BOE was required to repay all proceeds from these revenue anticipation notes transferred to the BOE no later than June 30, 2016. During the year, the City did not make any draws on the revenue anticipation note. The BOE was able to operate during fiscal year 2016 without any note proceeds from this authorization. The balance of the notes at June 30, 2016 was \$0.

On August 5, 2015, the City issued seven-year capital outlay note in the amount of \$1,064,000 through the Tennessee Municipal Bond Fund. The note bears an interest rate of 2.03% with final maturity on August 1, 2022. Proceeds of the note were used to purchase vehicles and equipment as identified in the FY2016 Capital Improvement Program Budget. Also on June 30, 2016, the City was obligated on three additional capital outlay notes; one issued on February 15, 2013 with a balance of \$763,000, one issued on September 25, 2013 with a balance of \$564,000, and one issued on September 21, 2014 with a balance of \$902,000. Proceeds of all three notes were used for the purchase of vehicles and equipment in governmental funds.

Revenue bonds

The City also issues bonds where the government pledges income derived from the acquired or constructed assets to pay debt service.

Settlement Liability

On January 14, 2014, the City entered into a settlement agreement with the Board of Commissioners of Shelby County, Shelby County, Tennessee, and the Shelby County Board of Education. The Bartlett City Board of Education agreed to pay the Shelby County Board of Education \$608,193 per year for twelve years with the first payment due by November 1, 2014 and the remaining payments due by November 1 each year following. The City elected to establish the liability incurred through the settlement agreement at its present value with a discount rate of 2.41%. At June 30, 2016, the balance outstanding was \$5,340,369.

Changes in long-term liabilities

Long-term liability activity for the year ended June 30, 2016, was as follows:

| | Beginning Balance | Additions | Reductions | Ending Balance | Due Within One Year |
|----------------------------------|----------------------|---------------|-----------------|-------------------|------------------------|
| Governmental activities: | | | | | |
| Bonds payable: | | | | | |
| General obligation bonds | \$ 25,245,000 | \$ 5,100,000 | \$ (2,830,000) | \$ 27,515,000 | \$ 2,840,000 |
| Premiums | 932,752 | 895,732 | (96,036) | 1,732,448 | |

| issuance discount | (883,067) | | 141,506 | (741,561) | |
| Governmental-type activity | | | | | |
| long-term liabilities | \$ 78,455,036 | \$ 29,302,735 | \$ (15,891,574) | \$ 91,866,197 | \$ 5,148,221 |

| | Beginning Balance | Additions | Reductions | Ending Balance | Due Within One Year |
|---------------------------|----------------------|--------------|----------------|-------------------|------------------------|
| Business-type activities: | | | | | |
| Bonds payable: | | | | | |
| Revenue bonds | \$ 11,440,000 | \$ - | \$ (1,320,000) | \$ 10,120,000 | \$ 1,260,000 |
| Less deferred amounts: | | | | | |
| Premiums | 369,309 | _ | (29,605) | 339,704 | - |
| Total bonds payable | 11,809,309 | | (1,349,605) | 10,459,704 | 1,260,000 |
| Note payable | 786,000 | - | (42,000) | 744,000 | 43,000 |
| Compensated absences | 83,905 | 17,556 | - | 101,461 | |
| Net pension liability | 1,382,978 | 647,460 | (311,482) | 1,718,956 | - |
| Net OPEB obligation | 1,766,545 | 590,118 | (416,310) | 1,940,353 | |
| Business-type activity | | | | | |
| long-term liabilities | \$ 15,828,737 | \$ 1,255,134 | \$ (2,119,397) | \$ 14,964,474 | \$ 1,303,000 |

For governmental activities, net pension liability, other postemployement benefits, and compensated absences are generally liquidated by the general fund.

For the governmental activities and business-type activities, \$6,079,778 and \$1,539,579, respectively, of bond proceeds and capital notes were not spent as of June 30, 2016. As such, these proceeds were not included in the calculation of net investment in capital assets.

Bonds and similar debt payable at June 30, 2016, are comprised of the following individual issues:

| | | | Balance |
|--------------------------|--------------|---------------|---------------|

The City is not subject to any state or other law that limits the amount of net bonded debt a City may have outstanding; therefore, there is no legal debt margin or computation thereof. The City's full faith, credit and unlimited taxing power are pledged to the repayment of all general obligation bond principal and interest and the City is contingently liable for the repayment of revenue bond principal and interest.

H. Restricted Assets

The balance in the restricted investments account relates to money held by the City that is restricted to State Street Aid purposes.

Details of the above components for each plan are presented below, by pension plan.

CITY OF BARTLETT, TENNESSEE EMPLOYEE RETIREMENT PLAN

A. Plan Description

The City is the administrator of a single-employer public employee retirement system (PERS) established and administered by the City to provide pension benefits for its employees. The plan, as amended on March 29, 2001, is a defined benefit plan and was created on July 1, 1989 with the transfer of assets from a defined contribution money purchase plan discontinued on June 30, 1989. The PERS is considered to be part of the City of Bartlett's financial reporting entity and is included in the City's financial reports as a pension trust fund. The City of Bartlett separately issues a publicly available financial report that includes financial statements and required supplementary information for PERS. That report may be obtained by writing to City of Bartlett, P.O. Box 341148, Bartlett, TN 38134-1148.

The City provides all employee retirement benefits through a single employer, contributory, defined benefit plan. Under the plan, all full-time employees hired before July 1, 2014 were eligible at date of employment as a condition of such employment. Employees are 100% vested only after five years of service. The retirement benefit is calculated at 2.5% of average compensation during the highest consecutive three years of service multiplied by years of credit service not in excess of 25 plus 1% of average compensation

multiplied by years of service greater than 25 but less than 35, with a maximum benefit of 72.5% of average compensation.

At July 1, 2016 (the date of the latest actuarial valuation), PERS membership consisted of:

| Retirees and beneficiaries currently receiving benefits | 162 | | | |
|--|-----|--|--|--|
| Terminated employees entitled to benefits but not yet receiving them | | | | |
| | | | | |
| Active employees: | | | | |
| Vested | 364 | | | |
| Nonvested | 62 | | | |
| | | | | |
| Total | 611 | | | |

B. Funding Policy

Covered employees contribute 4% of earnings to the retirement plan. The City is required to contribute amounts necessary to finance the coverage for its employees (17.4% for the current period). Benefits and contributions are established by the City and may be amended only by the Board of Mayor and Aldermen.

C. Basis of Accounting

PERS financial statements are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. The government's contributions are recognized when due and a formal commitment to provide the contributions has been made. Benefits and refunds are recognized when due and payable in accordance in the terms of the plan. Expenses of the plan are recognized when incurred.

D. Plan Expenses

Expenses of the plans, such as investment fees, trustee fees, and audit fees, are paid by the plan. However, certain administrative functions are performed by employees of the City and are not reimbursed by the plan.

E. Method Used to Value Investments

PERS investments, other than contracts, are reported at fair value. Contracts are stated at cost plus interest accrued at contract rates. Investment income is recognized as earned. Plan assets do not include any securities of the City of Bartlett nor has the Plan made any loans to the City.

F. Contributions Required and Made

The Plan's policy provides for actuarially determined periodic contributions. Contributions to the Plan for the years ended June 30, 2016 and 2015, of \$3,127,818 and \$3,205,170, respectively, were made in accordance with actuarially determined requirements computed through the actuarial valuations performed as of July 1, 2016 and 2015. Total payroll for the years ended June 30, 2016 and 2015 were \$28,165,202 and \$27,158,385, respectively. Payrolls for employees covered by the Plan were \$22,505,784 and \$23,205,583 respectively.

G. Funded Status and Funding Progress

As of June 30, 2016, the actuarial accrued liability for benefits was \$96,264,680 of which \$29,911,602 was underfunded. The covered payroll (annual payroll of active employees covered by the plan) was \$22,505,784, and the ratio of unfunded actuarial accrued liability to the covered payroll was 132.9%.

H. Net Pension Liability

Actuarial Methods and Assumptions

The total pension liability was determined by an actuarial valuation as of July 1, 2016, using the entry age normal level percent of pay cost method to determine costs for retirement benefits. Costs for withdrawal and early retirement benefits were provided for by the withdrawal rates. A loading factor was applied to liabilities to provide for the cost of death, disability, and for the incidence of involuntary termination. Significant actuarial assumptions used in the computation include (a) a 7.5% investment rate of return (net of administrative expenses) and (b) projected salary increases of 3.5% per year. Both (a) and (b) include an inflation component of 2.5% (d) RP 2000 Mortality Table. The actuarial value of assets was determined using techniques that smooth the effects of short-term volatility in the market value of investments (c) it is assumed that participants will retire upon age 62, or if already over age 62, at the end of the current plan year (e) 80% of active participants are assumed to be married and wives are assumed to be three years younger than husbands.

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense an inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The components of the net pension liability of the City at June 30, 2016, were as follows:

| | Increase/(Decrease) | | | | | | | |
|---|---------------------|------------------------------|-------------------|---------------|-------------|-------------|--|--|
| | Т | Total Pension Plan Fidiciary | | lan Fidiciary | Net Pensior | | | |
| | | Liability | Liability Net Pos | | Liability | | | |
| Balances at June 30, 2015 | \$ | 88,653,384 | \$ | 64,662,479 | \$ | 23,990,905 | | |
| Changes for the year: | | | | | | | | |
| Service cost | | 2,263,398 | | | | 2,263,398 | | |
| Interest | | 6,606,832 | | | | 6,606,832 | | |
| Experience | | 1,038,862 | | | | 1,038,862 | | |
| Contributions - Employer | | | | 3,127,818 | | (3,127,818) | | |
| Contributions - Employees | | | | 893,670 | | (893,670) | | |
| Net investment income | | | | 1,317,984 | | (1,317,984) | | |
| Benefit payments | | (3,387,978) | | (3,387,978) | | - | | |
| Administrative expense | | | | (260,895) | | 260,895 | | |
| Other changes | | 1,090,182 | | | | 1,090,182 | | |
| Net changes | | 7,611,296 | | 1,690,599 | | 5,920,697 | | |
| Balances at June 30, 2016 | \$ | 96,264,680 | \$ | 66,353,078 | \$ | 29,911,602 | | |
| Plan fiduciary net position as a | | | | | | | | |
| percentage of the total pension liability | | | | 68.92% | | | | |

Discount Rate

The discount rate used to measure the total pension liability was 7.5 percent. The projection of cash flows used to determine the discount rate assumed that contributions from the City will be made at actuarially determined rates. Based on those assumptions, the pension plans' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods projected benefit payments to determine the total pension liability.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the City calculated using the discount rate of 7.5 percent, as well as what the City's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.5 percent) or 1-percentage-point higher (8.5 percent) than the current rate:

| | | | | Current | | |
|--|----|----------------------|----|-------------------------|----|----------------------|
| | 1 | % Decrease (6.5%) | F | Discount Rate (7.5%) | 1 | % Increase (8.5%) |
| Pension Trust Fund's net pension liability | \$ | 42,942,411 | \$ | 29,911,602 | \$ | 19,046,528 |

I. Pension Expense (Income) and Deferred Outflows of Resources Related to Pensions

For the year ended June 30, 2016, the City recognized pension expense of \$5,952,196.

Deferred outflows of resources

For the year ended June 30, 2016, the City reported deferred outflows of resources related to pensions from the following sources:

| | | Deferred |
|---|----|-------------|
| | C | Outflows of |
| | F | Resources |
| Differences between expected and actual experience Net difference between projected and actual earnings | \$ | 1,152,791 |
| on pension plan investments | | 4,724,106 |
| Total | \$ | 5,876,897 |

Amounts reported as deferred outflows of resources related to pensions will be recognized in pension expense as follows:

| Year Ended June 3 | 5U | |
|-------------------|----|-----------|
| 2017 | \$ | 1,498,002 |
| 2018 | | 1,498,002 |
| 2019 | | 1,498,002 |
| 2020 | | 871,423 |
| 2021 | | 160,331 |
| Thereafter | | 351,137 |
| | \$ | 5,876,897 |
| | | |

J. Payable to the Pension Plan

At June 30, 2016, the City reported a payable of \$0 for the outstanding amounts of contributions to the pension plan required at the year ended June 30, 2016.

CITY OF BARTLETT, TENNESSEE DEFINED BENEFIT PLAN

A. Plan Description

The City of Bartlett is the administrator of the Defined Benefit Plan, a single-employer public employee retirement system ("PERS"), established and administered by the City to provide pension benefits for its employees. The PERS is considered to be part of the City of Bartlett's financial reporting entity and is included in the City's financial reports as a pension trust fund. The Plan does not issue a stand-alone financial report. Plan benefits and other provisions are established by City and state statutes. The City's Board of Mayor and Aldermen is responsible for establishing benefits and approving all plan amendments.

The City Froze any new entrances to the City of Bartlett Employee Retirement pension plan for new hires on or after July 1, 2014. Each employee hired on or after July 1, 2014 shall become a participant on the first day of hire. Under the plan terms, the City will match participant contributions up to 5% of the participant's salary. Participants are required to contribute 5% of their compensation. Participants are 100% vested in their contributions when they are made. Participants are 100% vested in employer matching contributions after five years of service.

At June 30, 2016 PERS membership in the new plan consisted of:

| Active participants | 70 |
|--------------------------------|----|
| Individuals receiving benefits | - |
| Vested terminated participants | |
| Total | 70 |

B. Funding Policy

All employees are required to contribute to the plan 5% of their salary. The City's annual contribution is based on the actuarially determined contribution amount. Benefits and contributions are established by the City and may be amended only by the Board of Mayor and Aldermen.

C. Basis of Accounting

PERS financial statements are prepared using the accrual basis of accounting. Employer contributions are recognized as revenues when due, pursuant to formal commitments, as well as statutory or contractual requirements. Benefit payments and refunds to participants are recognized when due and payable in accordance with the terms of the plan.

D. Plan Expenses

Administrative expenses of the plan, which include investment fees, trustee fees, and actuary fees, are financed through both the plan and the general fund. Certain administrative functions are performed by City employees and are not reimbursed by the Plan.

F. Funded Status and Funding Progress

As of June 30, 2016, the actuarial accrued liability for benefits was \$232,177 of which \$0 was underfunded. The covered payroll (annual payroll of active employees covered by the plan) was \$1,841,278, and the ratio of unfunded actuarial accrued liability to the covered payroll was (.55%).

G. Net Pension Liability (Asset)

Actuarial Methods and Assumptions

The total pension liability was determined by an actuarial valuation as of July 1, 2016, using the entry age normal level percent of pay cost method to determine costs for retirement benefits. Significant actuarial assumptions used in the computation include (a) a 5% investment rate of return (net of administrative expenses) and (b) projected salary increases of 3.5% per year. Both (a) and (b) include an inflation component of 2.5% (d) IRS Applicable Mortality Table. The actuarial value of assets was determined using techniques that smooth the effects of short-term volatility in the market value of investments (c) it is assumed that participants will retire upon age 62, or if already over age 62, at the end of the current plan year (e) 100% of active participants are assumed to be married and wives are assumed to be three years younger than husbands.

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense an inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The components of the net pension asset of the City at June 30, 2016, were as follows:

| | Increase/(Decrease) | | | | | | | |
|--|---------------------|------------|-----|----------------|------|----------------|--|--|
| | Tot | al Pension | Pla | Plan Fidiciary | | et Pension | | |
| | Liability | | Ne | et Position | Liab | oility (Asset) | | |
| Balances at June 30, 2015 | \$ | 54,492 | \$ | 56,631 | \$ | (2,139) | | |
| Changes for the year: | | | | | | | | |
| Service cost | | 189,455 | | | | 189,455 | | |
| Interest | | 2,915 | | | | 2,915 | | |
| Experience | | (5,166) | | | | (5,166) | | |
| Contributions - Employer | | | | 97,392 | | (97,392) | | |
| Contributions - Employees | | | | 97,392 | | (97,392) | | |
| Net investment income | | | | 5,687 | | (5,687) | | |
| Benefit payments | | (9,519) | | (9,519) | | - | | |
| Administrative expense | | - | | (5,237) | | 5,237 | | |
| Other changes | | | | | | | | |
| Net changes | | 177,685 | | 185,715 | | (8,030) | | |
| Balances at June 30, 2016 | \$ | 232,177 | \$ | 242,346 | \$ | (10,169) | | |
| Plan fiduciary net position as a percentage of the total pension liability | | | | 104.38% | | | | |

Discount Rate

The discount rate used to measure the total pension liability was 5 percent. The projection of cash flows used to determine the discount rate assumed that contributions from the City will be made at actuarially determined rates. Based on those assumptions, the pension plans' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods projected benefit payments to determine the total pension liability.

Sensitivity of the Net Pension Asset to Changes in the Discount Rate

The following presents the net pension liability of the City calculated using the discount rate of 5 percent, as well as what the City's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (4 percent) or 1-percentage-point higher (6 percent) than the current rate:

| | | | (| Current | | |
|--|----|------------------|----|----------------------|----|------------------|
| | 1% | Decrease (4%) | _ | Discount ate (5%) | 1% | Increase (6%) |
| Pension Trust Fund's net pension liability (asset) | \$ | 56,262 | \$ | (10,169) | \$ | (59,143) |

H. Payable to the Pension Plan

At June 30, 2016, the City reported a payable of \$0 for the outstanding amounts of contributions to the pension plan required at the year ended June 30, 2016.

Bartlett City Board of Education Public Employee Retirement Plan of TCRS (80332)

A. General Information about the Pension Plan

Plan description. Employees of Bartlett City Board of Education are provided a defined benefit pension plan through the Public Employee Retirement Plan, an agent multiple-employer pension plan administered by the TCRS. The TCRS was created by state statute under Tennessee Code Annotated Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publically available financial report that can be obtained at www.treasury.tn.gov/tcrs.

Benefits provided. Tennessee Code Annotated Title 8, Chapters 34-37 establishes the benefit terms and can be amended only by the Tennessee General Assembly. The chief legislative body may adopt the benefit terms permitted by statute. Members are eligible to retire with an unreduced benefit at age 60 with 5 years of service credit or after 30 years of service credit regardless of age. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. Reduced benefits for early retirement are available at age 55 and vested. Members vest with five years of service credit. Service related disability benefits are provided regardless of length of service. Five years of service is required for non-service related disability eligibility. The service related and non-service related disability benefits are determined in the same manner as a service retirement benefit but are reduced 10 percent and include projected service credits. A variety of death benefits are available under various eligibility criteria.

Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLAs) after retirement. A COLA is granted each July for annuitants retired prior to the 2nd of July of the previous year.

The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at 3 percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than one-half percent. A one percent COLA is granted if the CPI change is between one-half percent and one percent. A member who leaves employment may withdraw their employee contributions, plus any accumulated interest.

Employees covered by benefit terms. At the measurement date of June 30, 2015, the following employees were covered by the benefit terms:

| Inactive employees or beneficiaries currently receiving benefits | 4 |
|--|-----|
| Inactive employeees entitled to but not yet receiving | · |
| benefits | 192 |
| Active employees | 46 |
| | 242 |

Bartlett City Board of Education closed the plan to new employees hired after July 31, 2015.

Contributions. Contributions for employees are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly. Employees contribute 5 percent of salary. Bartlett City Board of Education makes employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. For the year ended June 30, 2015, employer contributions for Bartlett City Board of Education were \$655,197 based on a rate of 9.27 percent of payroll. By law, employer contributions are required to be paid. The TCRS may intercept Bartlett City Board of Education's state shared taxes if required employer contributions are not remitted. The employer's ADC and member contributions are expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

B. Net Pension Liability (Asset)

Bartlett City Board of Education's net pension liability (asset) was measured as of June 30, 2015, and the total pension liability (asset) used to calculate net pension liability (asset) was determined by an actuarial valuation as of that date.

Actuarial assumptions. The total pension liability as of June 30, 2015 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 3.0 percent

Salary increases Graded salary ranges from 8.97 to 3.71 percent based on age,

including inflation, averaging 4.25 percent

Investment rate of return 7.5 percent, net of pension plan investment expenses,

including inflation

Cost-of-Living Adjustment 2.5 percent

Mortality rates were based on actual experience from the June 30, 2012 actuarial experience study adjusted for some of the expected future improvement in life expectancy.

The actuarial assumptions used in the June 30, 2015 actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2008 through June 30, 2012. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

The long-term expected rate of return on pension plan investments were established by the TCRS Board of Trustees in conjunction with the June 30, 2012 actuarial experience study considering the following three techniques: (1) the 25-year historical return of the TCRS at June 30, 2012, (2) the historical market returns of asset classes from 1926 to 2012 using the TCRS investment policy allocation, and (3) capital market projections that were utilized as a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. Four sources of capital market projections were blended and utilized in the third technique. The blended capital market projection established the long-term expected rate of return by weighting the expected future real rates of return by the target assets allocation percentage and by adding inflation of 3 percent. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

| | Long-Term Expected | |
|---------------------------------------|---------------------|-------------------|
| Asset Class | Real Rate of Return | Target Allocation |
| | | |
| U.S. equity | 6.46% | 33% |
| Developed market international equity | 6.26% | 17% |
| Emerging market international equity | 6.40% | 5% |
| Private equity and strategic lending | 4.61% | 8% |
| U.S. fixed income | 0.98% | 29% |
| Real estate | 4.73% | 7% |
| Short-term securities | 0.00% | 1% |
| | | 100% |

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 7.5 percent based on a blending of the three factors described above.

Discount rate. The discount rate used to measure the total pension liability was 7.5 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current rate and that contributions from Bartlett City Board of Education will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine total pension liability.

The changes in the net pension liability (asset) for the year ended June 30, 2015, were as follows:

| | Increase (Decrease) | | | | | | |
|---|---------------------|---------------|----------------|-----------|-------------------|------------|--|
| | | Total Pension | Plan Fiduciary | | Ne | et Pension | |
| | Liability (Asset) | | Net Position | | Liability (Asset) | | |
| | | (a) | (b) | | | (a) - (b) | |
| Balances at 6/30/14 | \$ | - | \$ | _ | \$ | _ | |
| Changes for the year: | | | | | | | |
| Service cost | | 1,008,583 | | - | | 1,008,583 | |
| Interest | | 75,639 | | - | | 75,639 | |
| Differences between expected and actual | | | | | | | |
| experience | | (399,645) | | | | (399,645) | |
| Contributions - employer | | - | | 655,197 | | (655,197) | |
| Contributions - employees | | - | | 353,386 | | (353,386) | |
| Net investment income | | - | | 16,348 | | (16,348) | |
| Benefit payments, including refunds of employee | | | | | | | |
| contributions | | (124) | | (124) | | - | |
| Administrative expenses | | | | (12,132) | | 12,132 | |
| Net changes | | 684,453 | | 1,012,675 | | (328,222) | |
| Balance at 6/30/15 | \$ | 684,453 | \$ | 1,012,675 | \$ | (328,222) | |

Sensitivity of the net pension liability (asset) to changes in the discount rate. The following presents the net pension liability (asset) of Bartlett City Board of Education calculated using the discount rate of 7.5 percent, as well as what the net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (6.5 percent) or 1-percentage-point higher (8.5 percent) than the current rate:

| | 1% Decrease (6.5%) | | | Current count Rate (7.5%) | 1% Increase (8.5%) | | |
|--|-----------------------|-----------|----|---------------------------------|-----------------------|-----------|--|
| Bartlett City Board of Education's net pension liability (asset) | \$ | (203,604) | \$ | (328,222) | \$ | (427,978) | |

D. Pension Liabilities (Assets), Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Pension expense. For the year ended June 30, 2016, Bartlett City Board of Education recognized pension expense of \$665,404.

Deferred outflows of resources and deferred inflows of resources. For the year ended June 30, 2016, Bartlett City Board of Education reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | O | Deferred utflows of esources | Deferred Inflows of Resources | | |
|---|----|------------------------------|-------------------------------------|---------|--|
| Differences between expected and actual experience Net difference between projected and actual | \$ | - | \$ | 355,240 | |
| earnings on pension plan investments | | 16,811 | | - | |
| Contributions subsequent to the measurement date of June 30, 2015 | | 602,760 | | | |
| Total | \$ | 619,571 | \$ | 355,240 | |

The amounts shown above for "Contributions subsequent to the measurement date of June 30, 2015," will be recognized as a reduction (increase) to net pension liability (asset) in the following measurement period.

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Year Ended Ju | une 30: | |
|---------------|---------|-----------------|
| | 2017 | \$ (40,202) |
| | 2018 | \$ (40,202) |
| | 2019 | \$ (40,202) |
| | 2020 | \$ (40,202) |
| | 2021 | \$ (44,405) |
| Thereafter | | \$ (133,215) |
| | | |

In the table shown above, positive amounts will increase pension expense while negative amounts will decrease pension expense.

E. Payable to the Pension Plan

At June 30, 2016, *Bartlett City Board of Education* reported a payable of \$19,485 for the outstanding amount of contributions to the pension plan required at the year ended June 30, 2016.

Bartlett City Board of Education Hybrid with Cost Controls (81332)

A. General Information about the Pension Plan

Plan description. Employees of Bartlett City Board of Education Hybrid with Cost Controls are provided a defined benefit pension plan through the Public Employee Retirement Plan, an agent multiple-employer pension plan administered by the TCRS. The TCRS was created by state statute under Tennessee Code Annotated Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publically available financial report that can be obtained at www.treasury.tn.gov/tcrs.

Benefits provided. Tennessee Code Annotated Title 8, Chapters 34-37 establishes the benefit terms and can be amended only by the Tennessee General Assembly. The chief legislative body may adopt the benefit terms permitted by statute. Members are eligible to retire with an unreduced benefit at age 65 with 5 years of service or pursuant to the rule of 90 in which the member's age and service credit total 90. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. Reduced benefits for early retirement are permitted at age 60 and vested or pursuant to the rule of 80 in which the member's age and service credit total 80. Members vest with five

years of service credit. Service related disability benefits are provided regardless of length of service. Five years of service is required for non-service related disability eligibility. The service related and non-service related disability benefits are determined in the same manner as a service retirement benefit but are reduced 10 percent and include projected service credits. A variety of death benefits are available under various eligibility criteria. Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLAs) after retirement. A COLA is granted each July for annuitants retired prior to the 2nd of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at 3 percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than one-half percent. A one percent COLA is granted if the CPI change is between one-half percent and one percent. A member who leaves employment may withdraw their employee contributions, plus any accumulated interest. Moreover, there are defined cost controls and unfunded liability controls that provide for the adjustment of benefit terms and conditions on an automatic basis.

Employees covered by benefit terms. At the measurement date of June 30, 2015, the following employees were covered by the benefit terms:

| Inactive employees or beneficiaries currently | |
|---|----|
| receiving benefits | - |
| Inactive employeees entitled to but not yet | |
| receiving benefits | - |
| Active employees | 10 |
| | 10 |

Contributions. Contributions for employees are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly. Employees contribute 5 percent of salary. Bartlett City Board of Education Hybrid with Cost Controls makes employer contributions at the rate set by the Board of Trustees, as determined by an actuarial valuation. Per the statutory provisions governing the TCRS, the employer contribution rate cannot be less than 4 percent, except in years when the maximum funded level, as established by the TCRS Board of Trustees, is reached. By law, employer contributions are required to be paid. TCRS may intercept Bartlett Board of Education with Cost Controls' state shared taxes if required employer contributions are not remitted. Employer contributions by Bartlett Board of Education Hybrid with Cost Controls for the year ended June 30, 2016 to the Public Employee Retirement Plan were \$26,795, which is 4.00 percent of covered payroll. The employer rate, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

B. Pension Liabilities (Assets), Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Pension liabilities (assets). Bartlett City Board of Education Hybrid with Cost Controls' net pension liability (asset) was measured as of June 30, 2015, and the total pension liability (asset) used to calculate net pension liability (asset) was determined by an actuarial value as of that date.

Pension Expense. For the year ended June 30, 2016, Bartlett City Board of Education Hybrid with Cost Controls recognized pension expense of \$2,907.

Deferred outflows of resources and deferred inflows of resources. For the year ended June 30, 2016, Bartlett City Board of Education Hybrid with Cost Controls reported deferred outflows of resources and related to pensions from the following sources:

| | Ou | eferred tflows of sources |
|--|----|---------------------------------|
| Differences between expected and actual experience Net difference between projected and actual | \$ | 1,027 |
| earnings on pension plan investments Contributions subsequent to the measurement | | 178 |
| date of June 30, 2015 | | 26,795 |
| Total | \$ | 28,000 |

The amounts shown above for "Contributions subsequent to the measurement date of June 30, 2015," will be recognized as a reduction (increase) to net pension liability (asset) in the following measurement period.

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Year Ended June 30: | |
|---------------------|-----------|
| 2017 | \$ 158 |
| 2018 | \$ 158 |
| 2019 | \$ 158 |
| 2020 | \$ 158 |
| 2021 | \$ 114 |
| Thereafter | \$ 456 |

In the table shown above, positive amounts will increase pension expense while negative amounts will decrease pension expense.

Actuarial assumptions. The total pension liability (asset) in the June 30, 2015 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 3.0 percent

Salalry increases Graded salary ranges from 8.97 to 3.71 percent based on age,

including inflation, averaging 4.25 percent

Investment rate of return 7.5 percent, net of pension plan investment expenses,

including inflation

Cost-of-Living Adjustment 2.5 percent

Mortality rates are customized based on the June 30, 2012 actuarial experience study and included an adjustment for expected future improvement in life expectancy.

The actuarial assumptions used in the June 30, 2015 actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2008 through June 30, 2012. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2012 actuarial experience study by considering the following three techniques: (1) the 25-year historical return of the TCRS at June 30, 2012, (2) the historical market returns of asset classes from 1926 to 2012 using the TCRS investment policy asset allocation, and (3) capital market projections that were utilized as a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed

for each major asset class. Four sources of capital market projections were blended and utilized in the third technique. The blended capital market projection established the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and adding inflation of 3 percent. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

| Asset Class | Long-Term Expected Real Rate of Return Target Allocati | | | | |
|---------------------------------------|--|------|--|--|--|
| U.S. equity | 6.46% | 33% | | | |
| Developed market international equity | 6.26% | 17% | | | |
| Emerging market international equity | 6.40% | 5% | | | |
| Private equity and strategic lending | 4.61% | 8% | | | |
| U.S. fixed income | 0.98% | 29% | | | |
| Real estate | 4.73% | 7% | | | |
| Short-term securities | 0.00% | 1% | | | |
| | | 100% | | | |

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 7.5 percent based on a blending of the three factors described above.

Discount rate. The discount rate used to measure the total pension liability was 7.5 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current rate and that contributions from the all LEAs will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the net pension liability (asset) to changes in the discount rate. The following presents the net pension liability (asset) of Bartlett Board of Education Hybrid with Cost Controls calculated using the discount rate of 7.5 percent, as well as what the net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (6.5 percent) or 1-percentage-point higher (8.5 percent) than the current rate:

| | 1% Decrease (6.5%) | | count Rate (7.5%) | 1% Increase (8.5%) | |
|---|-----------------------|-------|----------------------|-----------------------|---------|
| Bartlett City Board of Education Hybrid's net pension liability (asset) | \$ | 1,672 | \$ (728) | \$ | (2,548) |

C. Payable to the Pension Plan

At June 30, 2016, *Bartlett City Board of Education* reported a payable of \$853 for the outstanding amount of contributions to the pension plan required at the year ended June 30, 2016.

D. Changes in the Net Pension Liability (Asset)

| | | | | (Decrease) | / | |
|---|--------------------------|--------|------------------|------------|--------------------------------|---------|
| | Total Pension | | Plan Fiduciary | | Net Pension | |
| | Liability (Asset) (a) | | Net Position (b) | | Liability (Asset) (a) - (b) | |
| | | | | | | |
| Balances at 6/30/14 | \$ | - | \$ | - | \$ | - |
| Changes for the year: | | | | | | |
| Service cost | | 8,469 | | - | | 8,469 |
| Interest | | 635 | | - | | 635 |
| Differences between expected and actual | | | | | | |
| experience | | 1,141 | | | | 1,141 |
| Contributions - employer | | - | | 4,840 | | (4,840) |
| Contributions - employees | | - | | 6,049 | | (6,049) |
| Net investment income | | - | | 183 | | (183) |
| Benefit payments, including refunds of employee | | | | | | |

Bartlett City Board of Education Teacher Legacy Pension Plan of TCRS (97902)

A. General Information about the Pension Plan

Plan description. Teachers with membership in the Tennessee Consolidated Retirement System ("TCRS") before July 1, 2014, of the Bartlett City Board of Education are provided with pensions through the Teacher Legacy Pension Plan, a cost sharing multiple-employer pension plan administered by the TCRS. The Teacher Legacy Pension Plan is closed to new membership. Teachers with membership in the TCRS after June 30, 2014, are provided with pensions through a legally separate plan referred to as the Teacher Retirement Plan, a cost sharing multiple-employer pension plan administered by the TCRS. The TCRS was created by state statute under Tennessee Code Annotated Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of all employer pension plans in the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publically available financial report that can be obtained at www.treasury.tn.gov/tcrs.

Benefits provided. Tennessee Code Annotated Title 8, Chapters 34-37 establishes the benefit terms and can be amended only by the Tennessee General Assembly. Members of the Teacher Legacy Pension Plan are eligible to retire with an unreduced benefit at age 60 with 5 years of service credit or after 30 years of service credit regardless of age. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. A reduced early retirement benefit is available at age 55 and vested. Members are vested with five years of service credit. Service related disability benefits are provided regardless of length of service. Five years of service is required for non-service related disability eligibility. The service related and non-service related disability benefits are determined in the same manner as a service retirement benefit but are reduced 10 percent and include projected service credits. A variety of death benefits are available under various eligibility criteria. Member and beneficiary annuitants are entitled to automatic cost of living adjustments ("COLAs") after retirement. A

COLA is granted each July for annuitants retired prior to the 2nd of July of the previous year. The COLA is based on the change in the consumer price index ("CPI") during the prior calendar year, capped at 3 percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than one-half percent. A one percent COLA is granted if the CPI change is between one-half percent and one percent. A member who leaves employment may withdraw their employee contributions, plus any accumulated interest. Under the Teacher Legacy Pension Plan, benefit terms and conditions, including COLAs, can be adjusted on a prospective basis. Moreover, there are defined cost controls and unfunded liability controls that provide for the adjustment of benefit terms and conditions on an automatic basis.

Contributions. Contributions for teachers are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly. Teachers contribute 5 percent of salary. The Local Education Agencies ("LEAs") make employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. By law, employer contributions for the Teacher Legacy Pension Plan are required to be paid. The TCRS may intercept the state shared taxes of the sponsoring governmental entity of the LEA if the required employer contributions are not remitted. Employer contributions by the Bartlett City Board of Education for the year ended June 30, 2016 to the Teacher Legacy Pension Plan were \$3,159,107 which is 9.04 percent of covered payroll. The employer rate, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

B. Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources Related to Pensions

Pension liabilities (assets). At June 30, 2016, Bartlett City Board of Education reported a liability of \$364,343 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial value as of that date. Bartlett Municipal Schools' proportion of the net pension liability was based on Bartlett City Board of Education's share of contributions to the pension plan relative to the contributions of all participating LEAs. At the measurement date of June 30, 2015 Bartlett City Board of Education's proportion was 0.889434 percent. The proportion measured as of June 30, 2014 was 0.000000 percent.

Pension expense. For the year ended June 30, 2016, Bartlett City Board of Education recognized pension expense of \$1,594,545.

Deferred outflows of resources. For the year ended June 30, 2016, Bartlett City Board of Education reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | Deferred Outflows of Resources | | rred Inflows of Resources |
|--|-----------------------------------|------------|----------------------------------|
| Differences between expected and actual experience | \$ | 292,400 | \$ 5,671,046 |
| Net difference between projected and actual earnings on pension plan investments | | - | 2,352,311 |
| Changes in proportion of Net Pension Liability (Asset) | | 9,510,710 | - |
| LEA's contributions subsequent to the measurement date of June 30, 2015 | | 3,159,106 | <u>-</u> |
| Total | \$ | 12,962,216 | \$ 8,023,357 |

Bartlett City Board of Education's employer contributions of \$3,159,107, reported as pension related deferred outflows of resources subsequent to the measurement date, will be recognized as an increase of net pension liability (asset) in the year ended June 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Year Ended June 30: | |
|---------------------|-----------------|
| 2017 | \$ (505,931) |
| 2018 | \$ (505,931) |
| 2019 | \$ (505,931) |
| 2020 | \$ 2,471,134 |
| 2021 | \$ 826,413 |

Actuarial assumptions. The total pension liability in the June 30, 2015 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Salalry increases Graded salary ranges from 8.97 to 3.71 percent based on age,

including inflation, averaging 4.25 percent

Investment rate of return 7.5 percent, net of pension plan investment expenses,

including inflation

Cost-of-Living Adjustment 2.5 percent

Mortality rates are customized based on the June 30, 2012 actuarial experience study and included an adjustment for expected future improvement in life expectancy.

The actuarial assumptions used in the June 30, 2015 actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2008 through June 30, 2012. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2012 actuarial experience study by considering the following three techniques: (1) the 25-year historical return of the TCRS at June 30, 2012, (2) the historical market returns of asset classes from 1926 to 2012 using the TCRS investment policy asset allocation, and (3) capital market projections that were utilized as a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed

for each major asset class. Four sources of capital market projections were blended and utilized in the third technique. The blended capital market projection established the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and adding inflation of 3 percent. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

| Asset Class | Long-Term Expected Real Rate of Return | Target Allocation |
|---------------------------------------|---|-------------------|
| 7 Good Glado | Trour rate of retain | raiget/illocation |
| U.S. equity | 6.46% | 33% |
| Developed market international equity | 6.26% | 17% |
| Emerging market international equity | 6.40% | 5% |
| Private equity and strategic lending | 4.61% | 8% |
| U.S. fixed income | 0.98% | 29% |
| Real estate | 4.73% | 7% |
| Short-term securities | 0.00% | 1% |
| | | 100% |

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 7.5 percent based on a blending of the three factors described above.

Discount rate. The discount rate used to measure the total pension liability was 7.5 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current rate and that contributions from the all LEAs will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the proportionate share of the net pension liability (asset) to changes in the discount rate. The following presents Bartlett Municipal Schools' proportionate share of the net pension liability (asset) calculated using the discount rate of 7.5 percent, as well as what Bartlett City Board of Education's proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (6.5 percent) or 1-percentage-point higher (8.5 percent) than the current rate:

| - | 19 | % Decrease (6.5%) | Current count Rate (7.5%) | 1% Increase (8.5%) |
|---|----|----------------------|---------------------------|-----------------------|
| Bartlett City Board of Education proportionate share of the net pension liability (asset) | \$ | 24,839,650 | \$ 364,343 | \$ (19,898,325) |

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in a separately issued TCRS financial report.

C. Payable to the Pension Plan

At June 30, 2016, the Bartlett City Board of Education reported a payable of \$255,697 for the outstanding amount of contributions to the Teacher Legacy Pension Plan of TCRS required at the year ended June 30, 2016.

Bartlett City Board of Education Teacher Retirement Pension Plan of TCRS (97902)

A. General Information about the Pension Plan

Plan description. Teachers with membership in the Tennessee Consolidated Retirement System ("TCRS") before July 1, 2014, of the Bartlett City Board of Education are provided with pensions through the Teacher Retirement Plan, a cost sharing multiple-employer pension plan administered by the TCRS. The Teacher Legacy Pension Plan closed to new membership on June 30, 2014, but will continue providing benefits to existing members and retirees. Beginning July 1, 2014, the Teacher Retirement Plan became effective for teachers employed by LEAs after June 30, 2014. The Teacher Retirement Plan is a separate cost-sharing, multiple-employer defined benefit plan. The TCRS was created by state statute under Tennessee Code Annotated Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of all employer pension plans in the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publically available financial report that can be obtained at www.treasury.tn.gov/tcrs.

Benefits provided. Tennessee Code Annotated Title 8, Chapters 34-37 establishes the benefit terms and can be amended only by the Tennessee General Assembly. Members of the Teacher Retirement Plan are eligible to retire with an unreduced benefit at age 65 with 5 years of service credit or pursuant to the rule of 90 in which the member's age and service credit total 90. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. A reduced early retirement benefit is available at age 60 and vested or pursuant to the rule of 80. Members are vested with five years of service credit. Service related disability benefits are provided regardless of length of service. Five years of service is required for non-service related disability eligibility. The service related and non-service related disability benefits are determined in the same manner as a service retirement benefit but are reduced 10 percent and include projected service credits. A variety of death benefits are available under various eligibility criteria. Member and beneficiary annuitants are entitled to automatic cost of living adjustments ("COLAs") after retirement. A COLA is granted each July for annuitants retired prior to the 2nd of July of the previous year. The COLA is based on the change in the consumer price index ("CPI") during the prior calendar year, capped at 3 percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than one-half percent. A one percent COLA is granted if the CPI change is between one-half percent and one percent. A member who leaves employment may withdraw their employee contributions, plus any accumulated interest. Under the Teacher Legacy Pension Plan, benefit terms and conditions, including COLAs, can be adjusted on a prospective basis. Moreover, there are defined cost controls and unfunded liability controls that provide for the adjustment of benefit terms and conditions on an automatic basis.

Contributions. Contributions for teachers are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly or by automatic cost controls set out in law. Teachers contribute 5 percent of salary. The Local Education Agencies (LEAs) make employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. Per the statutory provisions governing the TCRS, the employer contribution rate cannot be less than 4 percent, except in years when the maximum funded level, as established by the TCRS Board of Trustees, is reached. By law, employer contributions for the Teacher Retirement Plan are required to be paid. TCRS may intercept the state shared taxes of the sponsoring governmental entity of the LEA if the required employer contributions are not remitted. Employer contributions by Bartlett Municipal Schools for the year ended June 30, 2016 to the Teacher Retirement Plan

were \$(LEA to insert) which is 4.00 percent of covered payroll. The employer rate, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

B. Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources Related to Pensions

Pension liabilities (assets). At June 30, 2016, Bartlett City Board of Education reported \$10,755 for its proportionate share of the net pension asset. The net pension asset was measured as of June 30, 2015, and the total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of that date. Bartlett City Board of Education's proportion of the net pension asset was based on Bartlett City Board of Education's share of contributions to the pension plan relative to the contributions of all participating LEAs. At the measurement date of June 30, 2015 Bartlett City Board of Education's proportion was 0.267353 percent.

Pension expense. For the year ended June 30, 2016, Bartlett City Board of Education recognized pension expense of \$14,095.

Deferred outflows of resources. For the year ended June 30, 2016, Bartlett City Board of Education reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | Ou | eferred atflows of esources | Inf | eterred lows of sources |
|--|----|-----------------------------------|-----|-------------------------------|
| Differences between expected and actual experience Net difference between projected and actual | \$ | - | \$ | 3,500 |
| earnings on pension plan investments Contributions subsequent to the measurement | | 869 | | - |
| date of June 30, 2015 | | 78,902 | | |
| Total | \$ | 79,771 | \$ | 3,500 |

Bartlett City Board of Education employer contributions of \$78,901, reported as pension related deferred outflows of resources subsequent to the measurement date, will be recognized as an increase of net pension liability (asset) in the year ended June 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Year Ended June | e 30: | • |
|-----------------|-------|---------|
| 2017 | \$ | (74) |
| 2018 | \$ | (74) |
| 2019 | \$ | (74) |
| 2020 | \$ | (74) |
| 2021 | \$ | (292) |
| Thereafter | \$ | (2,042) |

In the table above, positive amounts will increase pension expense, while negative amounts will decrease pension expense.

Actuarial assumptions. The total pension liability in the June 30, 2015 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 3.0 percent

Salalry increases Graded salary ranges from 8.97 to 3.71 percent based on age,

including inflation, averaging 4.25 percent

Investment rate of return 7.5 percent, net of pension plan investment expenses,

including inflation

Cost-of-Living Adjustment 2.5 percent

Mortality rates are customized based on the June 30, 2012 actuarial experience study and included an adjustment for expected future improvement in life expectancy.

The actuarial assumptions used in the June 30, 2015 actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2008 through June 30, 2012. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2012 actuarial experience study by considering the following three techniques: (1) the 25-year historical return of the TCRS at June 30, 2012, (2) the historical market returns of asset classes from 1926 to 2012 using the TCRS investment policy asset allocation, and (3) capital market projections that were utilized as a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. Four sources of capital market projections were blended and utilized in the third technique. The blended capital market projection established the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and adding inflation of 3 percent. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

| Asset Class | Long-Term Expected Real Rate of Return | Target Allocation |
|---------------------------------------|--|-------------------|
| U.S. equity | 6.46% | 33% |
| Developed market international equity | 6.26% | 17% |
| Emerging market international equity | 6.40% | 5% |
| Private equity and strategic lending | 4.61% | 8% |
| U.S. fixed income | 0.98% | 29% |
| Real estate | 4.73% | 7% |
| Short-term securities | 0.00% | 1% |
| | | 100% |

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 7.5 percent based on a blending of the three factors described above.

Discount rate. The discount rate used to measure the total pension liability was 7.5 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current rate and that contributions from the all LEAs will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the proportionate share of the net pension liability (asset) to changes in the discount rate. The following presents Bartlett City Board of Education's proportionate share of the net pension liability (asset) calculated using the discount rate of 7.5 percent, as well as what Bartlett City Board of Education's proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (6.5 percent) or 1-percentage-point higher (8.5 percent) than the current rate:

| | | | (| Current | | 1% |
|--|------|------------|------|-----------|----|----------|
| | 19 | % Decrease | Disc | ount Rate | lı | ncrease |
| | | (6.5%) | (| (7.5%) | | (8.5%) |

| Bartlett City Board of Education | on's | | | | | |
| proportionate share of the net pension liability (asset) | \$ | 1,907 | \$ | (10,755) | \$ | (20,042) |

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in a separately issued TCRS financial report.

C. Payable to the Pension Plan

At June 30, 2016, the Bartlett City Board of Education reported a payable of \$6,801, for the outstanding amount of contributions to the Teacher Legacy Pension Plan of TCRS required at the year ended June 30, 2016.

Bartlett City Board of Education 401(k) Plan

The Teacher Retirement Plan and the Bartlett City Board of Education Hybrid Plan with Cost Controls (the Hybrid Plans) provide a combination of a defined benefit plan and a defined contribution plan. The defined benefit portion of the Hybrid Plans are managed by TCRS. The defined contribution assets are deposited into the State's 401(k) plan where the employee manages the investments within the 401(k) plan. Public school teachers are required to contribute 2% of their salaries to the defined contribution (401(k)) portion of the Hybrid Plans. Contributions are made on a tax-deferred basis. During 2016, Bartlett City Board of Education's Employer Contribution to the Hybrid Plans was \$125,942.

NOTE 6 - COMMITMENTS AND CONTINGENCIES

The City has entered into various lease arrangements. The terms of these leases are variable and require only normal token payments, if any. Annual lease payments are not material.

The City has entered into a contract with the City of Memphis for sewer service charges provided within the Bartlett Water Service Area. Based on the agreement, the City will pay a sewer charge that is based on Bartlett's portion of the cost of treatment and the fee will be recalculated every two years.

Several lawsuits against the City are ongoing. The ultimate outcome of the actions is not determinable; however, City officials believe that the outcome of these proceedings, either singularly or in the aggregate, will not have a materially adverse effect on the accompanying financial statements.

Additionally, other encumbrances outstanding at June 30, 2016 are as follows:

| General Fund | \$ 17,875 |
|---------------|--------------|
| Drainage Fund | 2,000 |
| Grants Fund | 16,179 |
| | \$ 36,054 |

NOTE 7 - RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the City carries commercial insurance. The City has not incurred any losses in excess of commercial insurance coverage for the past three fiscal years.

Worker's Compensation

The City maintains an internal service fund for its employee workers' compensation claims. The City contributes a yearly 'premium' as a percent of budgeted payroll to the fund and purchases insurance with a \$5,000 deductible from the Tennessee Municipal League Insurance Pool. Changes in the balances of claims liabilities during the years are as follows:

| 2016 | | 2015 |
|----------|----|-------------------|
| \$ - | \$ | - |
| 76,253 | | 194,524 |
| (76,253) | | (194,524) |
| \$ - | \$ | - |
| \$ | , | \$ - \$ 76,253 |

Property, Plant and Equipment

The City has replacement cost insurance, including earthquake coverage, on all buildings and on mobile equipment and vehicles costing more than \$25,000 each.

Liability Coverage

The state of Tennessee provides statutory limits to municipal liability. The City is insured up to these maximum limits through the Tennessee Municipal League Insurance Pool.

NOTE 8 - POST EMPLOYMENT BENEFITS OTHER THAN PENSION (OPEB)

CITY OF BARTLETT, TENNESSEE OPEB

In addition to the pension benefits described in Note 5, the City provides post-retirement health care benefits to all employees who retire from the City under the provisions of the PERS. Benefit provisions and contribution obligations have been established by the City in conjunction with the PERS.

At June 30, 2016, the membership consisted of:

| Retirees and beneficiaries currently receiving benefits | 135 |
|---|-----|
| Active employees | 496 |
| | 631 |

A. Plan Description

The City pays 70% of the premium for health care benefits for retirees and their dependents, if the employee is retired before January 1, 2012, or if the employee had 25 years of continuous service as of January 1, 2012. The City pays 50% of the premium for health care benefits for non-Medicare eligible retirees and their dependents if the employee retired after January 1, 2012, with less than 25 years of continuous service as of January 1, 2012. The City pays up to \$200 per month for Medigap insurance reimbursement benefit to Medicare eligible retirees and their dependents if the employee retired after January 1, 2012, with less than 25 years of continuous service as of January 1, 2012. The Plan does not issue a stand-alone financial report.

B. Funded Status and Funding Policy

The City's annual other post employment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC). The City has engaged an actuary to calculate the ARC and related information per the provision of GASB Statement 45 for employers in plans with more than 100 total plan members. The ARC represents a funding level that, if paid on an ongoing basis, is projected to cover normal cost each year and to amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. As of June 30, 2016, the actuarial accrued liability for benefits was \$24,790,094 of which \$21,121,351 was unfunded. The covered payroll (annual payroll of active employees covered by the plan) was \$23,883,951, and the ratio of the unfunded actuarial accrued liability to the covered payroll was 88%. The actuarial value of the assets for the other post employment benefits as of July 1, 2016, is \$3,668,743. The funded ratio, the actuarial value of plan assets over the actuarial accrued liability, is 14.8%

C. Annual OPEB Cost and Net OPEB Obligation

For the current fiscal year, the components of the City's annual OPEB cost for the year, the amount actually contributed to the plan, and the City's net OPEB obligation were as follows:

| Annual required contribution (ARC) | \$ 3,642,864 |
|--|------------------|
| Interest on net OPEB obligation | 896,509 |
| Adjustment to annual required contribution | (2,057,915) |
| Annual OPEB cost | 2,481,458 |
| Contributions or payments made | (1,214,471) |
| Increase in net OPEB obligation | 1,266,987 |
| Net OPEB obligation, beginning of year | 17,930,181 |
| Net OPEB obligation, end of year | \$ 19,197,168 |
| | |

Trend information gives an indication of the progress made in accumulating sufficient assets to pay benefits when due. Following is a summary of the three-year trend for the years ended June 30:

| - | | Percentage | |
|-------------|--------------|--------------|------------------|
| Fiscal Year | Annual | of OPEB Cost | Net OPEB |
| Ending | OPEB Cost | Contributed | Obligation |
| 6/30/2013 | \$ 2,381,724 | 46.3% | \$ 15,379,978 |
| 6/30/2014 | \$ 2,445,617 | 46.6% | \$ 16,685,211 |
| 6/30/2015 | \$ 2,419,210 | 48.5% | \$ 17,930,181 |
| 6/30/2016 | \$ 2,481,458 | 48.9% | \$ 19,197,168 |

The schedule of funding progress, presented as required supplementary information immediately follows the notes, and presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

D. Actuarial Methods and Assumptions

Actuarial valuations for an OPEB ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. As such, the actuarial calculations of the OPEB plan reflect a long-term perspective. Actuarially determined amounts are subject to continual revision as results are compared to past expectations and new estimates are made about the future. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations. OPEB plan investments are valued at fair market value based on quoted market prices as obtained by the trustee of the OPEB plan's assets.

The annual required contribution for the current year was determined as part of the July 1, 2016 actuarial valuation using the Projected Unit Credit actuarial cost method. Calculations are based on the OPEB benefits provided under the terms of the plan in effect at the time of the actuarial valuation and on the pattern of sharing of costs between the employer and plan members to that point. Significant actuarial assumptions used in the valuation include (a) rate of return on investment of present and future assets of 5.0 percent (inclusive of 2.5 percent inflation) compounded annually and (b) a base payroll growth rate of 5.0 percent. The actuarial valuation uses the PR2000 Mortality Table and the 1987 Commissioner's Group Disability Table (plus 10 years for disabled lives). Health care cost trend rates include an initial rate of 8.0 percent, and ultimate rate of 4.0 percent, and a grading period of 9 years. Retirement rates range from age 55 to age 65, there is no expense loading, and 80 percent of active participants are assumed to be married and wives are assumed to be three years younger than husbands.

E. Amortization of Net OPEB Obligation

The amortization method used is the level dollar, closed approach which amortizes the initial unfunded actuarial liability over thirty years, actual gains/losses over ten years, and plan amendments over twenty years. The equivalent single amortization period is 15 years.

| Date Established | Type of Base | Initial Amount | Payment | Remaining Period | Remaining Balance |
|---------------------|-----------------|-------------------|-------------------|---------------------|----------------------|
| 7/1/2014 | Combined | \$ 13,153,023 | \$ 888,799 | 23 | \$ 12,588,068 |
| 7/1/2016 | (Gain)/Loss | 8,533,283 | 1,052,475 | 10 | 8,533,283 |
| The amortization | for the year en | ding June 30, 20 | 16 is as follows: | | |
| Date | Type of | Initial | | Remaining | Remaining |
| Established | Base | Amount | Payment | Period | Balance |
| 7/1/2016 | Obligation | \$ 19,197,168 | \$ 2,367,734 | 10 | \$ 19,197,168 |

Bartlett City Board of Education Other Post Employer Benefits

A. Plan Description

The Bartlett City Board of Education has place funds with the Tennessee School Board Association (TSBA) GASB 45 Trust to be used to pre-fund a portion of the OPEB liability. The assets of the GASB 45 Trust are commingled with other participants; funds for investment purposes, but are held in an irrevocable trust for each plan participant and may be used only for the payment of benefits to the members of the plan in accordance with the terms of their plan. The TSBA GASB 45 Trust obtains an annual audit, which may be obtained from the TSBA at 525 Brick Church Park Drive, Nashville, TN 37207; however, the audit for the year ended June 30, 2016, was not available from other auditors as of the date of this report.

Legacy employees that qualify for retirement benefits under the TCRS are eligible for post-retirement health benefits for life. Eligible employees must complete 15 years of service with the Bartlett City Board of Education and meet the requirements under TCRS. Those who are former employees of Shelby County School District or Memphis City Schools must have 15 years of continuous service with Bartlett City Schools, Shelby County, and/or Memphis City Schools prior to retirement. Non-Legacy employees are not eligible for any post-retirement health benefits. Surviving spouses of legacy retirees are able to stay on the plan at their own expense until eligible for Medicare. The Bartlett Board of Education has established benefit provisions and contribution obligations. The premium charged to retirees is the portion of premiums not covered by the Bartlett Board of Education explicit subsidy.

At the measurement date of June 30, 2016, the following employees were covered by the benefit terms:

| retiree participanto | 812 |
|----------------------|-----|
| Retiree participants | 29 |
| Active participants | 783 |

B. Funding Policy

The Bartlett City Board of Education's intention is to partially fund the Annual Required Contribution and pay for the pay-go costs from the General Purpose School Fund until the Trust balance is sufficient to meet future benefit payments. The Annual Required Contribution has been determined through the use of an Actuarial Group.

C. Basis of Accounting

The accrual basis of accounting is used. The fair market value of assets, if any, is determined by the market value of assets, if any, paid by a willing buyer to a willing seller.

D. Annual OPEB Cost and Net OPEB Obligation

Actuarial valuations involve estimates for the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. The Schedule of Funding Progress, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits. Since this plan is new, however, only two years are presented and years will be added to this schedule in future fiscal years until 10 years of information is available.

The following table shows the components of the annual OPEB cost for the year, the amount actually contributed to the plan, and the net OPEB obligation to the Trust at June 30, 2016.

Annual OPEB Cost and Net OPEB Obligation

| Annual Required Contribution (ARC) as of end of year Interest on Net OPEB Obligation (NOO) to end of year NOO amortization adjustment to ARC Annual OPEB Cost Annual employer contribution for pay-go cost Annual employer contribution pre-funding Change in NOO NOO as of beginning of year NOO as of end of year | \$ 2,246,754 41,602 (32,454) 2,255,902 (380,229) (850,000) 1,025,673 520,031 \$ 1,545,704 |
|---|---|
| Percent of expense contributed | 55% |

The annual OPEB cost, the percentage of the annual OPEB cost contributed to the plan, and the net OPEB obligation is as follows:

| Fiscal | Annual | % Of Annual | Net OPEB |
|-----------|------------|-------------|-------------|
| Year | OPEB | OPEB Cost | Obligation |
| Ended | Cost | Contributed | at Year End |
| | | | |
| 6/30/2015 | \$ 670,031 | 22% | \$ 520,031 |
| 6/30/2016 | 2,255,902 | 55% | 1,545,704 |

E. Funded Status and Funding Progress

As of June 30, 2016, the actuarial accrued liability for benefits was \$18,420,599 of which \$18,270,599 was unfunded.

The projection of future benefit payments for an ongoing plan involves estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

F. Actuarial Methods and Assumptions

The actuarially determined information presented here is based upon actuarial assumptions and substantive projected plan provisions and participant information furnished to the actuary by the plan sponsor. Calculations are based on the pattern of sharing of costs between the employer and plan members at the time of each valuation. Actuarial calculations reflect a long-term perspective. Consistent with that perspective, actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets.

Interlocal Health Benefits Plan Asset Trust

The City of Bartlett and the Bartlett City Board of Education participates in the Interlocal Health Benefits Plan Asset Trust for healthcare benefits. Benefits are established and amended by an insurance committee created by Section 8-27-601, *Tennessee Code Annotated (TCA)* for local education employees. Members have the option of choosing between a Health Reimbursement Account (HRA) option, an Exclusive Provider Organization (EPO) option, or a basic option for healthcare benefits. The plan has a separately issued Comprehensive Annual Report (CAFR) and can be found on the state's website at http://www.comptroller.tn.gov/RA MA Financial/.

The premium requirements of plan members are established and may be amended by the insurance committee. The plan is self-insured and financed on a pay-as-you-go basis with the risk shared equally among the participants. Claims liabilities of the plan are periodically computed using actuarial and statistical techniques to establish premium rates. The employers in each plan develop a contribution policy in term of subsidizing active employees or retired employees' premiums since the committee is not prescriptive on that issue. During the year ended June 30, 2016, the City of Bartlett and the Bartlett City Board of Education contributed premiums of \$12,715,000 to the Interlocal Health Benefits Plan Asset Trust.

NOTE 10 – SUBSEQUENT EVENT

On July 12, 2016 the Board of Mayor and Aldermen (The Board) authorized the issuance of \$1,127,500 in capital outlay notes. On August 12, 2016, the City issued a seven-year capital outlay note in the amount of \$1,127,500 through the Tennessee Municipal Bond Fund. The note bears an interest rate of 1.940% with

final maturity of August 1, 2023. Proceeds from the note were used to finance the acquisition of vehicles and equipment for the administrative, police, fire, codes enforcement, public works, and engineering departments of the City, the acquisition of parks and recreation vehicles and equipment for the parks department of the City, and roof replacement and cardio and aquatic wall replacement at the Bartlett Recreation Center as identified in the FY2017 Capital Improvement Program Budget.

On June 16, 2016, the Board of Mayor and Aldermen (The Board) authorized a lease purchase agreement for the acquisition of computers for the Bartlett City Board of Education (The School Board) and payments over the term of the lease. The Board further executed an agreement with the School Board for reimbursement of payments of obligations under the lease agreement. On July 1, 2016, the City entered into a 48 month lease agreement with Apple, Inc. in the amount of \$1,960,000. The price, at the discounted rate of 1.55% equates to a down payment of \$500,000 and four additional payments of \$374,161.64 each beginning July 15, 2016 and each July 15th thereafter, for a total sum of lease payments of \$1,996,646.56.

On September 29, 2016, the City issued \$6,550,000 General Obligation Refunding and Improvement Bonds, Series 2016, maturing September 1, 2036 with a true interest cost of 1.786%. The proceeds will be used to fund the (i) construction, repair, improvement and equipping of parks, recreation centers and facilities and other public buildings in the City; (ii) construction, repair and improvement of streets, roads, greenways and bridges, including sidewalks, signage, signalization and drainage improvements; (iii) acquisition of all property and payment of administrative costs incident to the above; (iv) refinancing outstanding General Obligation debt of the City; and (v) payment of costs related to issuance and sale of the Bonds. A portion of the Series 2016 Bonds will be used to refund \$940,000 in General Obligation Improvement Bonds, Series 2009 (the Refunded Bonds). On September 29, 2016, \$971,047.64 of bond proceeds was deposited with U.S. Bank, as escrow agent, to purchase investments authorized under Tennessee law sufficient to redeem the Refunded Bonds on September 1, 2017. By refunding these bonds the City will receive an economic gain of \$158,700.94. The refunding will reduce the City's debt service payments on the Series 2009 debt by \$192,287.22.

On November 30, 2016, the Bartlett City Board of Education purchased soccer fields for a purchase price of \$315,000.

NOTE 11 – RESTATEMENT OF NET POSITION

During the fiscal year, management determined that \$730,000 of sales tax was not recognized as revenue on the government-wide statement of activities for the year ended June 30, 2015, in accordance with GAAP. The effect of this adjustment increased beginning net position for governmental activities on the Statement of Activities by \$730,000.

NOTES TO THE SCHEDULE

Valuation date: Actuarially determined contributions are calculated as of June 30th, as of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rates:

Actuarial cost method Entry as normal Amortization method used Level dollar, closed

Remaining amortized periods N/A

Asset valuation method Market value Inflation 2.50%

Salary increases 3.5%, including inflation

Investment rate of return 5.0%, net of investment expenses, including inflation

Retirement age Age 62

Mortality IRS Applicable Mortality - Post Retirement Only

Withdrawals

Other information Plan adopted effective July 1, 2014

| Total property tax receivable | \$ | 19,240,301 |

The City collects their own property taxes. All delinquent customers are given notice of overdue accounts and the balance is added to their next bill plus interest and penalties. As per the City Charter, before March of the second year following the due date, the City takes action against delinquent property taxes. The City turns all delinquent accounts over to Shelby County for collection.

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE

For the Year Ended June 30, 2016

NOTE 1 – BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards and state financial assistance (the Schedule) includes the federal and state grant activity of the City of Bartlett, Tennessee (the City) under programs of the federal government for the year ended June 30, 2016. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Costs Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the City, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the City.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in either OMB Circular A-87, Cost Principles for State, Local, and Indian Tribal Governments, or the Uniform Guidance, as applicable, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Pass-through entity identifying numbers are presented where available.

There were no federal awards passed through to subreceipients.

The City has elected not to use the de minimis indirect cost rate as allowed under the Uniform Guidance.

Non-monetary assistance is reported in the schedule at the fair market value of the commodities received and disbursed.

NOTE 3 – RECONCILIATION OF THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE TO THE FINANCIAL STATEMENTS

The following is a reconciliation of expenditures per the schedule of expenditures of federal awards and state financial assistance to the revenue balances in the City's financial statements.

| Total grant revenue per governmental funds financial statements | \$ 8,294,670 |
|---|-----------------|
| Less: Deferred revenue at the fund level | (24,036) |
| Less: Non-federal and non-state grants | (162,914) |
| Total federal awards and state financial assistance | \$ 8,107,720 |
| | |

STATISTICAL INFORMATION SECTION

This part of the City of Bartlett's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information says about the City's overall financial health.

| <u>Contents</u> | <u>Page</u> |
|--|-------------|
| Financial Trends | 140 |
| These schedules contain trend information to help the reader understand how the City's financial performance and wellbeing have changed over time. | |
| Revenue Capacity | 146 |
| These schedules contain information to help the reader assess the factors affecting the City's ability to generate its property and sales taxes. | |
| Debt Capacity | 153 |
| These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future. | |
| Demographic and Economic Information | 158 |
| These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's finacial activities take place, to help make comparisons over time and with other governments. | |
| Operating Information | 160 |
| These schedules contain information about the City's operations and resources to help the reader understand how the City's financial information relates to the services the City provides and the activities it performs. | |

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year. The City implemented GASB Statement 34 in 2003; schedules presenting government-wide information generally include the 10-year period 2007-2016

Notes:

- 1. Figures subject to revision due to amended taxpayer returns.
- 2. Figures represent local sales tax collected by taxpayers during the period, not disbursements from the Department of Revenue. Thus, amounts presented above do not match to amounts reflected within the financial report.
- 3. Changes in local telecommunications sourcing rules in 2003 reduced the number of taxpayers reporting in Transportation and Utilities.
- 4. Does not include Bartlett's share of county clerk or out-of-state taxpayer amounts.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Mayor and Board of Aldermen of the City of Bartlett, Tennessee:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, the statements of budgetary comparison for the general fund and general purpose school fund, and the aggregate remaining fund information of the City of Bartlett, Tennessee (the "City"), as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated December 21, 2016

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify deficiencies in internal control, described in the accompanying schedule of findings and questioned costs that we consider to be material weaknesses: 2016-001, Prior Period Adjustment, and 2016-002, Recording Sales Tax Revenue.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Response to Finding

The City's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The City's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Mayor and Board of Aldermen of the City of Bartlett, Tennessee:

Report on Compliance for Each Major Federal Program

We have audited the City of Bartlett, Tennessee (the "City")'s compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on the City's major federal program for the year ended June 30, 2016. The City's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for the City's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City's compliance.

Opinion on Each Major Federal Program

In our opinion, the City complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major federal programs for the year ended June 30, 2016.

Report on Internal Control over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of requirements referred to above. In planning and performing our audit, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Memphis, Tennessee December 21, 2016

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

For the Year Ended June 30, 2016

A. SUMMARY OF AUDITOR'S RESULTS

- 1. The auditor's report expresses an unmodified opinion on the financial statements of the City of Bartlett, Tennessee (the "City").
- 2. Material weaknesses disclosed during the audit of the financial statements reported in the *Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards*.
- 3. No instances of noncompliance material to the financial statements of the City, which would be required to be reported in accordance with *Government Auditing Standards*, were disclosed during the audit.
- 4. No significant deficiencies in internal control over major federal award programs are reported.
- 5. The auditor's report on compliance for the major federal award program for the City expresses an unmodified opinion on the major program.
- 6. There were no audit findings required to be reported in accordance with 2 CFR Section 200.516(a)
- 7. The program tested as a major program was CFDA number 84.010 Title I Grants to Local Education Agencies.
- 8. The threshold for distinguishing between Type A and B programs was \$750,000.
- 9. The City qualifies as a low risk auditee.

B. FINDINGS - FINANCIAL STATEMENTS

2016-001 Prior Period Adjustment

Condition: A prior period adjustment was required to adjust beginning governmental activities net position on the statement of activities related to sales tax revenue for Bartlett City Schools that was not recognized in the prior fiscal year.

Criteria: Internal controls should be in place that provide reasonable assurance that revenue recognition is complete and accurate for financial reporting.

Cause: Management of Bartlett City Schools was not aware of the existence of the unrecognized sales tax revenue and receivable (which pass through Shelby County, Tennessee) until subsequent to the year-end reporting period for the year ended June 30, 2015.

Effect: Beginning governmental activities net position was understated by \$730,000.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

For the Year Ended June 30, 2016

Recommendation: We recommend that the Bartlett City Schools management review their internal controls to ensure all pass through revenues from Shelby County, Tennessee are appropriately reflected in governmental activities in the correct fiscal year and on a timely basis.

Views of Responsible Officials and Planned Corrective Actions: It was management's understanding that revenue received more than 60 days after the close of the fiscal year should not be accrued since completed CAFR for 2014-15 included only 11 months of sales tax. Assuming that was the appropriate treatment for sales tax, only 11 months were booked for FY 2015-16. Bartlett City Schools notified

Watkins Uiberall of the 12 month of sales tax for FY 2014-15 after being told that not recording the June sales tax in FY 2015-16 would result in an audit finding in FY16.

2016-002 Recording Sales Tax Revenue

Condition: An adjusting entry was made to record May and June 2016 sales tax revenue received from Shelby County, Tennessee.

Criteria: Internal controls should be in place that provides reasonable assurance that revenue recognition is complete and accurate for financial reporting.

Cause: Management of Bartlett City Schools was not aware that two months of sales tax was not recorded until subsequent to June 30, 2016.

Effect: An entry was made to record \$1,628,000 as due from other governments, \$798,000 as unavailable revenue, and \$830,000 as revenue.

Recommendation: We recommend that the Bartlett City Schools management review their internal controls to ensure all pass through revenues from Shelby County, Tennessee are appropriately reflected in the funds on a timely basis.

Views of Responsible Officials and Planned Corrective Actions: Following the same procedure as FY 2015, June sales tax was not accrued because it was not received until September 9, 2016, more than 60 days after the close of the fiscal year. This was consistent treatment with the prior year. Management has discussed sales tax accruals with the auditors and it will be accrued properly going forward.
