# Distinguished Budget Presentation Award

PRESENTED TO

City of Bartlett

**Tennessee** 

For the Fiscal Year Beginning

July 1, 2019

**Executive Director** 

Christopher P. Morrill

# **BARTLETT VISION 2020**

### VISION STATEMENT

Our vision of Bartlett is for a dynamic, well-planned and growing community with a strong diversified economy and a high quality of life from childhood through retirement.

#### **QUALITY OF LIFE**

#### **PRINCIPLES**

- To provide a good place to live, work, play, raise a family and retire.
- To continue to maintain a clean, attractive, well-kept community.
- To provide a wide selection of high quality housing within the community.
- To encourage the conservation of structures, sites and districts of archeological, historical and architectural significance.
- To encourage all citizens and businesses in the City to keep their properties clean, neat and maintained.
- To encourage the development of private recreational facilities and services to meet special needs and compliment public recreational facilities and services.
- To promote and encourage the arts.
- To continue to encourage citizens to be pro-active and involved in community affairs.
- To groom future community leaders by promoting Leadership Bartlett and Youth Leadership Bartlett, and the Mayor's Youth Council.
- To stand for excellence and quality in all we do.

#### **EDUCATION**

#### **PRINCIPLES**

- > To foster continuous improvement, community and parental involvement in all public and private schools that serves the city of Bartlett.
- To promote Bartlett Municipal School System as a valuable asset and a critical building block of the community.
- To reward excellence in teaching.
- To broaden the scope of business/school partnerships through mentoring, and career programs.
- To prepare our youth for life's challenges and for life-long learning.
- To motivate our youth to become informed and responsible citizens who contribute to the Bartlett community.
- > To foster environments that facilitates the development of the whole person, both morally and ethically.

- To encourage superior motivation, learning results and educational services for both college-bound and technology students.
- To encourage attendance at school and graduation of all students.
- To promote and support the Bartlett Education Foundation which encourages academic excellence.

#### **ECONOMIC DEVELOPMENT**

#### **PRINCIPLES**

- To identify and encourage effective public and private partnerships for economic development with an emphasis on creating high paying career opportunities for Bartlett citizens.
- To have a fertile economic climate for making Bartlett a strong partner in the regional economy.
- To implement strategies that will position and market Bartlett as a business-friendly environment for corporate and regional offices for healthcare, technology and research and development.
- To aggressively recruit businesses those enhance Bartlett's economic vitality.
- To plan for future employment centers in the annexation reserve.
- To develop innovative strategic partnerships and alliances between government and business to enhance economic growth through new business identification, planning and economic growth.
- To recruit institutions of higher education.
- To promote the creation of walkable streetscapes and commercial cores.

#### **GENERAL GOVERNMENT**

#### **PRINCIPLES**

- To protect the health, safety and general welfare of the citizens of Bartlett by providing adequately staffed and funded police, fire, ambulance, public works, utilities, code enforcement and parks and recreation departments.
- To maintain excellence in financial reporting and bond rating.
- To keep Bartlett's property taxes low.
- > To establish operating policies and procedures which support excellence in the services provided, and sound management of financial resources
- > To establish fiscal policy that balances the needs and capabilities of the community.
- To plan, coordinate and develop the basic infrastructure necessary for the future growth of the city.
- To establish plans for new capital improvement projects those balance the needs with the financial capabilities of the community.
- To encourage city employees, while respecting the rules of government, to continue to be proactive, cordial and helpful when working with citizens, developers and businesses that have proposals, problems, or complaints to discuss.

# **CITY OF BARTLETT**

TENNESSEE

INTRODUCTION

August 25, 2020

Board of Mayor and Aldermen City of Bartlett, Tennessee

This letter transmits the Budget for the fiscal year beginning July 1, 2020. In setting the City's annual financial plan of resources and uses of funds, the adoption of an annual Budget is a significant action by the Board of Mayor and Aldermen. This document outlines the authorization of allocation of resources and establishes department level operational expenditures for the coming year as well as a five-year capital improvement program to meet future infrastructure and equipment needs of the City.

The Board of Mayor and Aldermen have adopted budgets in recent years with conservative estimates of growth in revenues while at the same time providing essential services to the citizens of Bartlett. While the adopted FY20 General Fund budget projected a break even from operations the finance department now projects a decrease in fund balance for FY20 as a result of operations for the fiscal year ending June 30, 2020.

The FY21 annual operating budget represents the City's plans, policies, and strategies for maintaining a level of service to meet the needs and expectations of the citizens in the community during these very uncertain time due to the COVID-19 pandemic. Bartlett is a corporation established in 1866 and has a population, according the 2010 federal census and adjusted for 2012 annexation results, of 56,488. A more recent U.S. Census projection of the population in 2020 is close to 60,000. The City's charter was last amended on April 14, 1993 and operates under a strong Mayor and Aldermen form of government as provided for in Tennessee state statutes.

The City is located in the geographic center of Shelby County, Tennessee and is the second largest city in the county after Memphis. The Memphis MSA (Metropolitan Statistical Areas), in which the City is located, has a population of over one million people. The City covers over

32 square miles and has a reserve annexation area of about 9 square miles. Growth in the City has remained steady from the 1970's through the 2010's, growing at a robust pace of 78% since 1990. While the City is home to many companies with regional and international operations it continues to maintain its small town atmosphere. Commercial and residential development had remained steady since the recession in 2008 through 2019 which has contributed to increased property assessments and property tax revenues. Historic Bartlett Station, the Gotten House Museum, the Bartlett Performing Arts and Conference Center and thirty-one public parks provide year round cultural and recreational opportunities for the City's residents. The creation of the Bartlett Municipal School System in 2014 has also been a contributing factor in increased home sales and commercial development. Existing residential properties sell quickly once on the market in Bartlett, primarily due to its excellent school system and quality of life offered in the City. Bartlett's school system has won several awards from the State of Tennessee for its excellent education programs. The results have seen many new families wanting to move to Bartlett.

As required by the Bartlett City Charter this budget document is presented for your approval for the fiscal year 2021 operating and capital budgets. The State of Tennessee has seen many of its revenue streams reduced by the effects of the pandemic which impacts cities across the state. One of the main revenue sources for the state is the state sales tax, a portion of which is shared with municipalities in the state on a per capita basis. The sales tax is an elastic tax which can vary considerably month to month and year to year depending upon consumers' discretionary income. While the pandemic has seen many of the City's revenues reduced from prior years, Bartlett experienced a 2.7% growth in the per capita state sales tax allocations from FY19 to FY20. The growth in the state sales tax has been 31.5% for the six year period FY14 to FY20. However, the FY21 budget projects an almost 9.0% reduction in state sales tax revenue over FY20. The state's economy will likely result in declining revenue growth and the City is planning on this decrease in anticipation of overall contraction of the state and national economy. Revenue from other state shared taxes are trending downward. The state income tax, shared with local governments in Tennessee, will be phased out in FY21. Bartlett's share of this tax has been reduced by over 90% since FY15 and will be eliminated entirely in FY22 resulting in a loss of over \$500,000 annually at its revenue high in FY15. Revenue from the local option sales tax, an amount generated from Bartlett's retail businesses remained flat in FY20 compared to FY19. The FY21 budget anticipates a decrease of 5.6% in local option sales tax over FY20.

The overall General Fund budget for FY2 is set at \$54.9 million. This includes \$48.9 million in general operation for the various departments within the city plus \$6.1 million in transfers for other uses such as maintenance of effort appropriation for Bartlett City Schools, payment to Shelby County School System for purchase of county school buildings now used by the city system, and a \$500,000 increase in transfers to the City's Debt Service Fund for retirement of general obligation bonds and notes. The City has four (4) major funds reported in its annual CAFR: General Fund, General Purpose School Fund, Capital Projects Fund, and Education Capital Fund. Along with the General Fund budget of \$54.9 million the General Purpose School Fund has a budgeted appropriations of \$91 million. The School Fund is using \$4.55 million in fund balance to supplement the \$86.4 million in total revenues to balance its budget. The Capital Projects Fund does not have an adopted budget in the budget ordinance because it is a multi-year fund. The Education Capital Fund does not have annual appropriations. The Bartlett Board of Education adopts a budget for each capital project as they are proposed during the year. The City additionally has twelve (12) Special Revenue Funds which have adopted budgets on an annual basis. The E-Citation Fund is required by state statutes and provides for revenue and expenditures computer equipment and DUI testing equipment for the Bartlett Courts and police Department. This fund is a temporary fund and will sunset in FY24 after 5 years of activity per state law.

The total budget for all funds included in the budget ordinance is \$176.96 million which includes all expenditures and expenses of the various funds. The line item "Department Revenues" in the budget ordinance on pp. 13-15 for the General Fund and Utility Fund are netted with expenditures or expenses in the detailed budget, therefore creating slightly different budget totals when comparing the budget ordinance to the line item budget document.

#### **VISION STATEMENT**

The statement on pp. 7-8 details the vision statement of the Bartlett Board of Mayor and Aldermen for 2021. Simple stated it envisions a dynamic, well-planned and growing community with a strong diversified economy and a high quality of life from childhood through retirement. The envisions a great quality of life, educational opportunities for its youth, strong economic development through retail and commercial activity, and a strong, ethical, and citizen oriented government. The FY21 budget continues this vision by maintaining services the citizens require even in these challenging times, providing for future development through a conservative and well-managed debt management policy, improved education facilities through completion of a new Bartlett High School, recruitment of retail and commercial developers,

and continuing to strive for excellent staff members to carry out policies and programs set forth in the budget document.

#### **Major Initiatives**

To keep pace with the transportation needs of the growing population of residents, businesses, and arterial traffic of visitors, the City has projects in various stages of completion as well as planned projects included in the City's Capital Improvement Program for FY21-FY25. Other projects will help improve department facilities, improvements to arterial roadways and bridges, parks facilities, and water and sewer improvements:

- The City began planning for a new city shop for a central location for its fleet management operations in FY17 by purchasing land for the project. The FY20 budget provided general obligation bond proceeds of \$2,650,000 for design and construction. An additional \$2,000,000 capital outlay note was issued in FY20 to provide additional funding for this project. The total estimated cost of the facility is \$4,495,970 with a completion date in FY22. This will provide a state-of-the-art facility for equipment repair and maintenance for many years.
- The major east-west arterial Old Bartlett West road from Kirby-Whitten to Austin Peay Highway has been in the planning stages since FY2005. The City completed the acquisition of right-of-way in FY20 with plans to begin construction in FY21. This is a \$7,350,000 project with 80% funding through the Tennessee Department of Transportation. Once completed, the new roadway will provide much needed relief on this east-west corridor.
- In August 2017 the City purchased land for \$814,000 for the future construction of a new campus for the Tennessee College of Applied Technology at the corner of Appling Road and Brother Blvd. Construction is close to completion for this facility, funded by the State of Tennessee. The total amount obligated by the City is \$1,000,000 inclusive of the land purchase. Once completed, the facility will join a network of twenty-seven other TCAT facilities in the state and will provide state-of-the-art technical training for workers to obtain technical skills and professional training necessary for advancement in today's competitive job market.
- The Bartlett High School located on Woodlawn Street is mostly complete. The project was first proposed by the Bartlett Municipal School Board in FY16. General Obligation bonds of \$44 million were issued in FY17 to provide funding for the facility. The City pledged an additional \$8,000,000 from General Fund reserves to fund any remaining costs, including additional furniture and fixtures for the new classroom. The City's \$8,000,000 has been budgeted in the FY21 budget document in its capital improvement

- program. The City will issue \$8,000,000 in capital notes to complete the funding for this project.
- With the construction of the Tennessee College of Applied Technology coming to a close, the city plans to make major improvements to Appling Road from Brother Blvd on the south end to Southern Way on the north. The improvements will include curb, gutter, and sidewalk on the West side of Appling along the East border of the TCAT facility. The City has budgeted \$1,450,000 for this project which should be completed in fall of 2021.
- The City continues to work with the State of Tennessee's Department of Transportation in funding improvements to its transportation overlay projects. The FY21 capital improvement program budget for this project is \$190,000 with 80% TDOT funding. The five year projection for these projects is \$2,755,000 with TDOT again funding 80% of the costs.
- The Tennessee Department of Transportation is requiring the City of Bartlett to provide ADA access to buildings, intersection sidewalks, and other ADA facilities. The City will be required to spend an estimated \$1.7 million over the next five years to upgrade our facilities with TDOT providing 80% funding. The FY21 CIP budget does not contain any funding for this project; however the City will spend \$170,000 in FY22 and FY23 with TDOT finding \$1.360,000 of the cost over the two year period.

#### **Other Significant Challenges**

#### **Increased Property Taxes and Other Sources of Revenue**

While the City has seen success in retail development in the last several years, the current novel coronavirus pandemic has affected business in Bartlett as well as Tennessee and the nation. Past successes in attracting franchises such as Krispi Kreme, Chick-fil-A, Red Koi, and others have added significant revenues to the local tax base. The City's property tax assessments have increased slightly in recent years; however the pandemic has slowed development in the retail sector as well as residential and commercial activities. The City has several developers that are interested in development for residential housing. Residential units for existing properties are selling quickly once on the market. New construction has been hampered by a shortage of property and a moratorium on sewer connections to the Memphis sewer system. New housing permits averaged 301 units per year for FY2001 through FY2008. Since that time new housing permits have dropped to average of only 124 units per year. Property taxes have risen in recent years but were flat in FY20. The City expects similar numbers for FY21 until a reappraisal of all property is conducted in calendar 2021.

#### **Health Insurance Costs for Employees**

The City continues to address the rising health care costs for its employees by remaining in an Interlocal Health Benefit Plan. Members of the plan include employees of three municipalities and four municipal school systems in Shelby County. The annual costs of insurance premiums and prescription drugs continue to rise, placing strain on the participant members to provide a revenue stream sufficient to cover these costs. Plan rates and contributions for each entity are set in advance each July 1<sup>st</sup>. Plan contributions in FY20 were sufficient to cover all costs of the health plan without having members contribute in advance at the beginning of the plan year. The Interlocal Health Insurance Committee is closely monitoring our health care providers and pharmacy partners while promoting innovative solutions to these rising costs. The Board of Mayor and Aldermen are also monitoring the situation to ensure quality healthcare to its employees at reasonable prices.

#### **Services to Annexed Property Owners**

The City annexed 3,315 acres containing 927 parcels with an assessed valuation of over \$58 million in 2012. A key challenge for the City continues to be providing services to this annexed territory. The FY20 Capital Improvement Program budget provided \$400,000 in sewer projects in the annexed area. The City's operating budget continues to provide public safety and public works personnel and services to cover all annexed property.

#### **Sanitation Fund Self-Sufficient**

The Sanitation Fund is a special revenue fund of the city with the requirement that it be self-sufficient in operations. Due to increased costs of providing curbside trash pickup, street sweeping, and leaf deposal in the fall of each year, it is necessary to increase monthly customer fees to cover these costs. The sanitation fee was increased in FY20 to \$30 per month per customer. The Board felt this increase provided sufficient revenue stream for several years. Total operations for the Sanitation Fund in FY20 was estimated at \$7.13 million.

#### **Water and Sewer Operations**

The Water and Sewer Fund has operated close to a loss for the last several years. Subdivision develop fees have historically provided additional resources which enable the fund to operate without a loss. With developer fees in decline, the City took a proactive approach to this issue by increasing water and sewer rates \$4 per month per customer beginning July 1, 2019. This water/sewer rate increase has provided needed revenues to allow operations to be in compliance with state laws and to assist funding of certain capital projects. The Water/Sewer Fund has an adopted budget in FY21 of \$8.9 million in total expense.

#### **Bartlett Vision Statement**

As detailed in this document, The Board of Mayor and Aldermen met in January 2015 to adopt the City's Vision and Mission Statements and to develop 3-5 year strategic goals for economic growth, provide superior services to its citizens, and maintain a clean and safe environment.

The result of this meeting City's long-term strategic goals were focused on general areas of

- Quality of Life
- **Education**
- Economic Development
- ➤ General Government

Specific long-term strategies to promote the attainment of these goals are included below with specific results listed:

- Quality of Life Adopt a more complete bikeway plan through a multi-year capital improvement program. Plans are in place to improve the bikeways on major arteries throughout the city.
- Quality of Life Development of a master plan for Freeman Park with state of the art facilities for sports and entertainment venues. Major improvement have been made to the park, including soccer fields and the new A. Keith McDonald Pavilion included in the more than \$6.1 million capital improvements currently underway for all park property. A major initiative is to upgrade all park restrooms to make them ADA compliant over the next few years.
- Education To support the City's municipal school system to provide an innovative and exemplary education for all students in a safe, high-performing district that encourages them to expand their horizons and achieve their potential. The city purchased land for the purpose of construction of a training facility in Bartlett to coordinate special training for students wishing to get into the medical device field of study. This facility has been partially funded by the state government to build a Tennessee College of Applied Technology (TCAT) to promote this educational opportunity. The City is also close to completion of major renovation of its Bartlett High School which will provide quality education facilities for many years.
- Economic Development Develop a retail recruitment plan to complement the City's commercial and healthcare industries. A number of new businesses have located in Bartlett as a result of this effort. The city continues to work with Retail Strategies, a consulting group which works to bring commercial business to the area. We have also proposed

- changes in the city's zoning ordinance to provide for mixed use residential and commercial development in the future.
- General Government Control the City's debt and debt service requirements and maintain or improve its Standard & Poor's AAA and Moody's Aa1 bond ratings. The city maintained its current bond ratings from S & P and Moody's on its \$6.56 million bond issue in FY2020. There are plans to issue \$2.8 million in general obligation bonds in FY21 with most of the proceeds going to city street improvements and other engineering projects.
- General Government Limit debt to manageable levels each year. With demand for improved services and new infrastructure requirements, the city is looking to issue over \$25 million in debt over the next four years. Debt service requirements will increase in the near term; however, the administration is confident that resources will be available for these projects. An increase in the city's property tax rate for FY18 ensured resources will be provided for future debt retirement. The City board also appropriated an additional \$500,000 in transfers to its Debt Service Fund for FY21 to retire current and future debt obligations.
- General Government Provide training opportunities for staff to become better efficient in their duties. We conducted monthly meetings with health and safety officials the first half of FY20 before the pandemic required social distancing and fewer contact with staff members. Department heads require monthly training sessions as appropriate in critical areas of work to encourage safety in the workplace.

#### **Budget Overview**

The Fiscal Year 2021 proposed budget for all funds, including Bartlett School Fund, is \$176.9 million. Excluding Bartlett School Fund, the Fiscal Year 2021 proposed budget for all funds is \$85.6 million, which represents a 2.05% increase compared to Fiscal Year 2020 Projections. The proposed General Fund budget is \$54.9 million which represents a slight increase compared to the General Fund budget for Fiscal Year 2020.

#### **Highlights of the FY2020 budget include:**

- Figures from the Shelby County Assessor indicate a flat assessments in 2020 compared to FY19.
- Local Sales Tax budgeted reflects an estimated 5.0% decrease compared to FY2020.
- Planned use of reserves of \$1,827,208 in General Fund operating budget.
- Revenues from the federal CARES Act through Shelby County of \$800,000
- Revenues from State of Tennessee special appropriation of \$1,338,991 to assist in mitigating effects of revenue reductions due to the pandemic.

- No increase in personnel positions in FY21
- Half-cent Sales Tax budgeted to reimburse costs for School Ground Maintenance, School Resource Officers, School Officers Overtime, Crossing Guards, Health and Safety Officer, and DARE Program. Additional budgeted amounts from half-cent sales tax for city support of Bartlett Municipal School System include the maintenance of effort requirement for FY21 of \$1.7 million and Shelby County Board of Education buildings contribution of \$608,000.
- Current service levels are maintained for special revenue funds with planned use of fund balances as necessary in State Street Aid, General Improvement, Drug Fund, and General Purpose School Fund.
- Recommend increasing sanitation fees by \$5 per month per customer to make Solid
   Waste Fund self-sufficient with continue level of customer service.
- No general salary increases included in budget. Career ladder increases included for scheduled and approved personnel; funding provided for increased health insurance premiums and pension fund ADC requirements.

#### **General Fund**

General fund revenues are projected at \$53.1 million. Funds are provided for contributions to the city's Debt Service Fund to service existing and future debt issues. Budgeted expenditures of \$54.97 million include maintenance of effort appropriation of \$1,737,826 to Bartlett City Schools plus \$608,000 to Shelby County Board of Education for school buildings. Additional budgeted transfers include \$3.555 million to Debt Service Fund, \$100,000 to the Drainage Fund; \$150,000 transfer out to Bartlett Station Commission; and \$33,000 appropriation for DARE funding.

#### **Special Revenue Funds**

Gas tax revenue is used to pay for street lighting in the State Street Aid Fund. We included \$200,000 in subdivision paving which will be paid from developer fees. An additional amount of \$500,000 has been included for general street paving to complement CIP funding for this purpose. Solid Waste fund is intended to be self-supporting; fees will be unchanged from the prior year. We are proposing a small surplus for FY21 in the Solid Waste Fund with the \$30 per month user fee per customer. Approximately \$544,000 in solid waste vehicles and equipment will be funded in Solid Waste Fund in FY21. The General-Improvement fund is used to fund city wide improvements and contribute to general fund balance. Its budget is balanced for FY21, using \$148,000 in fund balance. Drug funds are used to support drug education and enforcement throughout city. Drainage fund supports efforts to monitor drainage

and storm water and forestry. We are proposing the use of \$96,558 in fund balance to balance the Drainage Fund budget. The Bartlett City Municipal School Fund is presented as a special revenue fund. The Bartlett City Board of Education presented its budget for inclusion in this budget document. The school fund budget totals \$91 million for FY21. The E-Citation Fund, with a budget of \$30,400 for police and city clerk operations, is the second year for this fund. Revenues and expenditures are reserved for law enforcement E-ticket activities and city clerk computer equipment.

#### **Water/Wastewater Fund**

The fund's revenues and expenses are budgeted to provide sufficient operating income to comply with state regulations and maintain operations and capital improvements. The FY21 budget provides no monthly increase in water and sewer fees to provide for a balanced budget.

#### **Debt Service Fund**

One third of the 2½ percent local option sales tax allocation to Bartlett goes to this fund to pay debt service for General Obligation debt. To supplement this revenue we are transferring \$3.555 million from the General Fund and a \$1 million transfer from the General Purpose School Fund to service the annual debt obligation. Total Debt Service Fund expenditures are \$9.288 million in FY21.

The City expects to issue \$2.8 million in general obligation bonds in FY21. Additionally, the City plans to issue \$8,000,000 in capital outlay notes to fund the remaining costs of the Bartlett High School.

#### **Capital Improvements Fund**

We are requesting \$12,024,010 for capital improvement projects in FY21. Funding sources include \$2.8 million in G.O. bonds, \$8.0 million in capital notes, \$397,000 in TDOT matching funds, \$525,000 in interest revenue, and the remainder in use of unspent funds and use of fund balance. Major projects and capital acquisitions as noted previously include \$8.5 million in administrative projects plus the contribution for the high school, \$3.3 million in street, bridge, traffic enhancements, and park maintenance programs. Water and sewer projects include sewer line extension for Westbrook Road and improvements to various sewer lines.

#### **Budget Projections**

The budget is an important plan with reflects the visions of the Board for providing excellent services to the citizens of the community. The city of Bartlett is planning for future growth due

to its location and business friendly environment. The coronavirus pandemic has presented the City with challenges related to revenue streams which fund many of its functional areas. During the last few years, with the support of the Board, we have built up our reserve funds to a level that has favorably positioned the City in hope of improved economic conditions. We will continue to use a conservative approach in providing services to out citizens.

#### REVENUES & EXPENDITURES PROJECTIONS

	FY 2019 Actual	FY 2020 Projection	FY 2021 Adopted	FY 2022 Projected	FY 2023 Projected	FY 2024 Projected
General Fund Revenues	\$54,063,109	\$54,042,225	\$53,147,851	\$ 51,553,415	\$ 50,522,347	\$ 52,543,241
General Fund Expenditures	53,476,816	54,199,572	54,975,059	53,325,807	51,726,033	52,243,293

In making the above projections the administration looked for guidance on fiscal policies established by the Board of Mayor and Aldermen. The fund balance policy in the General Fund requires that the City maintain an unassigned fund balance of at least 20% of general fund expenditures plus \$1,000,000 in committed fund balance for emergency purposes. The objective is to develop a balanced budget without the use of reserves. For FY21 this policy would require an unassigned fund balance at June 30, 2021 of \$10.99 million. One-time uses of reserves may be approved for certain capital items and expenditures. These appropriations are used infrequently when prior year operations result in surpluses or when the reserves can be replenished within two to three fiscal years. Special revenue funds rely on certain fees or designated revenue streams other than property taxes. The Board monitors the budget and actual operations of these funds on a monthly basis. The utility fund is self-supporting through customer user charges. State law requires the operation of utility funds to generate a positive change in net position each year. The Board reviews operations annually and determines if changes are needed to user rates or adjustments to operations. The budget for the City's Debt

Service Fund includes sources and uses of funds to service the general obligation debt and capital note requirements each year. For planning purposes the administration considers capital improvement needs for the year plus an additional four years of projections. The Board prioritizes these capital expenditures, determines the bond or note expenditures necessary and authorizes funding sources based on the City's debt management policy.

Concurrent with adoption of the FY21 budget, the Board of Mayor and Aldermen adopts a property tax rate. As previously noted, the budget adopted a property tax rate of \$1.83, which has not changed since FY18. Property tax revenues account for approximately 47% of the total revenue in the General Fund with local taxes (sales, business, etc.) accounting for an additional 24% of total revenue.

With the Board's direction the administration is confident the City will make steady progress on fulfilling the goals and objectives outlined in its vision statement labeled Bartlett Vision 2021 which is presented on pp. 7-8 of this document.

The coronavirus pandemic has presented all local governments, including Bartlett, with many challenges in maintaining services to its citizens without eliminating personnel and capital improvements to perform this work. The City is confident it can meet these challenges and maintain an excellent level of service to its citizens.

The budgeting process and this document are further efforts and commitments to transparency in the affairs of the community. Department head meetings, board work sessions, and open public participation has resulted in a document which we hope will build on and garner the public's trust in the operations of the City. We have attempted to cover some highlights in this letter. For a better understanding of the City's plan of operations for the coming fiscal year, the reader should review this document in its entirety. Inquiries or comments may be directed to Dick Phebus, Finance Director or Mark Brown, Chief Administrative Officer. The budget may be viewed on the City's website at <a href="https://www.cityofbartlett.org">www.cityofbartlett.org</a>.

Thank you for your consideration and continued support and we look forward to working with you throughout next year.

Dick Phebus
Director of Finance

#### **ORDINANCE 20-03**

AN ORDINANCE TO ADOPT THE 2020-2021 GENERAL FUND, STREET AID FUND, SOLID WASTE FUND, GENERAL IMPROVEMENT FUND, DRUG ENFORCEMENT FUND, DEA ENFORCEMENT FUND, DRAINAGE FUND, PARKS IMPROVEMENT FUND, E-CITATION FUND, BARTLETT CITY SCHOOL FUND, UTILITY FUND, DEBT SERVICE FUND AND CAPITAL IMPROVEMENTS FUND BUDGETS.

SECTION 2: SOLID WASTE FEE -- BE IT FURTHER ORDAINED that the Solid Waste Fee shall be \$30 per month for residential pickup; \$30 for 1 cart, \$35 for 2 carts, and \$40 for 3 carts for commercial pickup. Other charges for Solid Waste services are listed in the Solid Waste Fee Schedule found in Exhibit B and made part of this ordinance by reference. All monthly and separate fee charges shall become effective July 1, 2020.

SECTION 3: ELECTRONIC CITATION FEE -- BE IT FURTHER ORDAINED that the electronic traffic citation fee of \$5 authorized by T.C.A. 55-10-207(e) for each ticket that results in conviction is imposed in City Court effective July 1, 2020. The \$5 fee shall be distributed as follows: \$1 for the City Court Clerk, restricted use for computer hardware and related expenses as authorized in the above T.C.A. citation, and \$4 designated for Special Revenue E-Citation Fund and used for electronic citation system and related expenses for the City of Bartlett Police Department law enforcement activities. The E-citation fee will expire on June 30, 2024.

SECTION 4: CAPITAL IMPROVEMENT PLAN -- BE IT FURTHER ORDAINED that "Exhibit A" represents the capital improvements plan for the City of Bartlett, Tennessee. The items listed as 2020-2021 are to be included in the budget, while new projects in future years represent "Planned" expenditures, and will require formal appropriation in future years. Unexpended project revenues and expenditures/expenses for existing projects may be administratively transferred to other CIP projects by the Finance Director with the approval of the Mayor and/or the Chief Administrative Officer.

SECTION 5: CAPITAL IMPROVEMENT PLAN BORROWING -- BE IT FURTHER ORDAINED that the borrowing required as scheduled with the Capital Improvements Plan will take additional, specific authorization from the Board of Mayor and Aldermen in accordance with Tennessee Law.

SECTION 6: The CITY WATER RATE -- BE IT FURTHER ORDAINED that the City Water Rates be assessed according to the following schedule:

	<u>I</u>	<u> Rates</u>
Residential City Customers The first 2,000 gallons	\$	7.80
Residential City Customers - Over 2,000 gallons, per 1,000 gallons	\$	1.80
Residential Rural Customers The first 2,000 gallons	\$	10.70
Residential Rural Customers Over 2,000 gallons, per 1,000 gallons	\$	2.70
Commercial City Customers The first 2,000 gallons	\$	12.88
Commercial City Customers - Over 2,000 gallons, per 1,000 gallons	\$	2.10
Commercial Rural Customers The first 2,000 gallons	\$	17.59
Commercial Rural Customers Over 2,000 gallons, per 1,000 gallons	\$	3.15

SECTION 7: The CITY SEWER RATE -- BE IT FURTHER ORDAINED that the City Sewer Rates be assessed according to the following schedule:

K	<u> kates</u>
\$	8.19
\$	1.64
\$	11.09
\$	1.79
\$	16.89
\$	1.79
\$	24.14
\$	1.93
	\$ \$ \$ \$

SECTION 8: WATER/SEWER IN LIEU OF AD VALOREM TAX PAYMENTS -- BE IT FURTHER ORDAINED that the Treasurer is directed to transfer and deliver to the general fund from the Water/Sewer Department, revenues equivalent to the property tax rate per each \$100 of Net Book Value of assets of the Bartlett Water/Sewer Department in lieu of property taxes on the day and date regularly that property taxes are collected.

SECTION 9: BARTLETT CITY SCHOOL SPECIAL REVENUE AND CAPITAL BUDGET --BE IT FURTHER ORDAINED that The Bartlett City Board of Education has approved and presented Special Revenue Funds for FY2020-21 for its Title Funds, School Nutrition Fund, Discretionary Grants Fund and other various funds administered by the Bartlett City Board of Education. These budget documents, "Exhibit B, C & D", are presented in the FY2020-21 Approved Special Revenue Budget and the FY2020-21 Approved Capital Budget documents as attached and made part of the enacting City of Bartlett budget ordinance by reference. (Note: The Bartlett City Board of Education General Fund Budget, along with its Special Revenue Funds Budgets for FY2020-2021 as noted within this section were previously presented and approved as contained in Ordinance 20-01 by the Bartlett Board of Mayor and Aldermen on three (3) separate readings dated May 12, 2020, May 26, 2020, and June 9, 2020. Ordinance 20-01 shall remain in full force and effect.)

SECTION 10: CITY FEES SCHEDULE -- BE IT FURTHER ORDAINED that "Exhibit E" represents the fiscal year 2020-2021 comprehensive fees schedule for the City of Bartlett, Tennessee and establishes the rates for fiscal year 2020-2021. Any rate or fee not included in the attached 2020-2021 schedule established by previous resolution, ordinance or administrative action will remain in effect.

SECTION 11: INTERNAL SERVICE FUNDS -- BE IT FURTHER ORDAINED that the Internal Service Funds for Health and Welfare and Worker's Compensation be continued, with the City's portion of the funding to be included in each fund's budget.

SECTION 12: OPERATING BUDGETS EXPIRE AT JUNE 30 -- BE IT FURTHER ORDAINED that Operating budgets not spent or formally encumbered expire at June 30, 2021. Capital Projects are authorized on a "project" basis -- and the appropriation expires on completion of the project.

SECTION 13: NO APPROPRIATION EXCEEDED -- BE IT FURTHER ORDAINED that no appropriation listed above may be exceeded without appropriate ordinance action to amend the budget.

SECTION 14: AFTER THE FISCAL YEAR-END -- BE IT FURTHER ORDAINED that the Mayor is authorized to transfer appropriations within funds as needed to balance the budget after all year-end entries have been recorded in the fiscal year 2021 budget. All transfers will be reported to the Board of Mayor and Aldermen at the time of the reporting of the year-end financial results in the Comprehensive Annual Financial Report for the year ended June 30, 2021.

SECTION 15: DETAILED LINE-ITEM -- BE IT FURTHER ORDAINED that a detailed line-item financial plan shall be prepared in support of the budget.

SECTION 16: GENERAL FUND OPERATING RESERVES AT JUNE 30 -- BE IT FURTHER ORDAINED that the policy of the Board of Mayor and Aldermen establishes at 20%, the General Fund Balance as a percent of the next year's operations, and \$1,000,000 established as an emergency fund. Below this level, unspent budgets will accrue toward this. Amounts above this level may be used as directed by the Board.

SECTION 17: SEVERABILITY -- BE IT FURTHER ORDAINED that all Ordinances heretofore passed in conflict herewith are hereby repealed insofar as they are in conflict with this Ordinance.

SECTION 18: EFFECTIVE DATE -- BE IT FURTHER ORDAINED that this Ordinance becomes effective July 1, 2020.

Penny Medlock, City Clerk

#### **ORDINANCE 20-04**

# AN ORDINANCE TO LEVY AND ASSESS A TAX RATE FOR AD VALOREM TAXES UPON REAL PROPERTY AND PERSONAL PROPERTY IN THE CITY OF BARTLETT FOR THE TAX YEAR 2020

**WHEREAS,** Tennessee Code Annotated, Section 67-5-103, authorizes municipalities in Tennessee to impose taxes for municipal purposes, and to fix the rates thereof; and

**WHEREAS,** Article X, Section 1 of the Bartlett Municipal Charter grants authority by the Board of Mayor and Aldermen to levy taxes for all corporate purposes upon the taxable property, real, personal, and mixed; and

**WHEREAS,** all property within the city not exempt by general law shall be assessed for taxation based on the assessments made by the Shelby County Assessor's Office;

**NOW, THEREFORE, BE IT ORDAINED** by the Board of Mayor and Alderman of the City of Bartlett, Tennessee, that the 2020 Real and Personal Property Tax Rate shall be levied as follows:

**SECTION 1: TAX RATE** – Effective July 1, 2020, there is hereby levied upon all real property in the City of Bartlett pursuant to TCA 67-5-101 et sec., a tax calculated upon a rate of \$1.83 for each \$100.00 of assessed valuation and there is hereby levied upon all taxable personal property a tax calculated upon a rate of \$1.83 for each \$100.00 of assessed valuation.

**SECTION 2: SEVERABILITY** -- to the extent that any prior Ordinance, assessment or tax rate specification conflicts with this Ordinance the same is repealed.

**SECTION 3: EFFECTIVE DATE** -- Be it further ordained that this Ordinance shall take effect upon its passage on third and final reading, the public welfare requiring it.

FIRST READING: August 11, 2020

SECOND READING: August 18, 2020 (special call meeting)

THIRD READING: August 25, 2020

W.C. Pleasant, Register to the Board of Mayor and Aldermen A. Keith McDonald, Mayor

Penny Medlock, City Clerk

#### THE BUDGET DOCUMENT

The City of Bartlett Fiscal 2021 Budget is organized into eight sections. They are Introduction, Summary, General Fund, Special Revenue Funds, Utility Fund, Debt Service Fund, Capital Improvement Plan and the Appendix, each designated by a tab. All funds are appropriated by the Board of Mayor and Aldermen. General, Bartlett School and Utility are major funds while other funds are non-major funds.

In an effort to create greater accountability in the accounting and financial reporting practices for governments, a method of fund accounting has developed over many years to ensure that monies are spent only for approved and legitimate purposes. City of Bartlett uses separate cash accounts to manage funds dedicated for different purposes. Government funds may be viewed as a collection of smaller, separate accounting entities in City of Bartlett's Fund Structure. For the purpose of accounting for the revenues that flow into a government's funds and those that flow from the government, government operations are broken down into two broad fund types: governmental funds and proprietary funds. Governmental funds are used to account for governmental-type activities. These are all financial resources of the local government except those accounted for in the Utility (proprietary) fund. Governmental funds include the General Fund, special revenue funds, debt service funds, and capital projects funds, and include most of the city's basic services such as public safety and public works. Local taxes and intergovernmental revenues primarily support the General Fund. Special revenue funds are used to track revenues received for specific purposes that are legally restricted to expenditure for specified purposes. Utility fund (water and sewer) is used to track a government's business-type activities, including activities for which a fee is charged to external users for goods or services.

The governmental funds and enterprise fund are further broken down into departments to show how resources are appropriated to different activities and functions. Activities performed by the different departments can be supported from general and special revenues, or from general and enterprise funds.

#### Introduction

The Introduction section includes a letter from Director of Finance to Board of Mayor and Aldermen and the Citizens of Bartlett. Also included are the budget ordinance (exhibit A, B, C, D and E) are located in the appendix), tax rate ordinance, the budget document, budget process, budget calendar, financial policies, operating policies, Bartlett organization chart and City and Board of Education Officials.

#### **Summary**

The summary section of the budget includes an all funds summary by function, all funds pie charts, all funds summary by category, a summary of each fund by category, a capital improvement plan summary by function, an organization chart, a Funds and Functions Organizational Structure and a staffing level schedule.

#### **General Fund**

The General Fund section presents the operating budget for each function and department (including cost centers). Budgets are presented at a summary level, function level, department, cost center and at a line item detail level, and with an explanation for each FY 2021 notable operating and capital expense line item. Also presented are staffing levels, explanation of the increases in each budget, descriptions of each cost center and performance measures.

#### **Special Revenue Funds**

This section includes the budgets for the City's Special Revenue Funds. The revenues for these funds are restricted in use to the function they are collected for. Functions include street aid, solid waste, general improvement, drug enforcement, drainage, park improvements, e-citation and Bartlett school.

#### **Utility Fund**

This section includes summaries and details of the water and sewer operations of the City. Utility Fund is an enterprise fund.

#### **Debt Service Fund**

This section includes the budgets for the City's Debt Service Fund. This fund provides for the payment of principal, interest and other costs on the City's outstanding general obligation and water and sewer bonds. Also included are the schedules of bonds payable for both the general and water and sewer long-term debt.

#### **Capital Improvement Plan**

This section includes a summary of the five-year capital plan and project detail for each project in the Fiscal Year 2020 capital budget. Sources of funds, expenditures and project start and completion dates are included.

#### **Appendix**

The appendix includes a Bartlett community profile, a Glossary, Exhibit A, Exhibit B, Exhibit C, Exhibit D, and Exhibit E.

#### THE BUDGET PROCESS

The budget process consists of activities that encompass the development, implementation, and evaluation of a plan for the delivering of services and provision of capital assets. A well-developed budget process has a long-term perspective, has links to the goals of the organization, focuses on results and outcomes and involves communication and input from citizens. A good budget process is not just balancing revenues and expenditures but rather a multi-year, strategic plan that provides for the most effective allocation of resources. Our goal in the development of a budget for the city of Bartlett is to help the Mayor and Board of Aldermen make informed choices about the allocation of resources to provide for quality service delivery to the citizens of Bartlett.

In November, The Mayor, the CAO and the Finance Director meet with all departments to go over community issues, goals, expectations for the current year, and long-term plan. The Budget instructions are distributed to the departments in January. Each department then submits their budgets breaking out the current items, new budget items and/or programs with their explanations and costs with their priorities related to their department's goal and the City's goal. In March to April, the administration will meet with each department individually to review all departments' requests. Budget decisions are then made based on the departments' requests in respect to the City's goals, strategies and policies. The administration then present a preliminary summary to the Board of Aldermen and address any concerns the Aldermen may have. The administration submit a Requested Budget document in the first Board of Mayor and Aldermen regular meeting in May. The second budget reading includes any needed discussions and changes to the budget between the administration and the Board of Aldermen in the second regular meeting in May. The public hearing is set for the first meeting in June with public inputs where individuals will have a maximum of three minutes to speak either for or against the item, with a total of 20 minutes for each side. Once the budget is adopted, the Adopted Budget will be provided online for the public on June 30. Any budget amendments throughout the year need to be approved by the Board of Aldermen in regular meetings.

#### **Budget Guidelines**

The purpose of the development of the operating and capital improvements budgets is present to the Mayor and Board a comprehensive view of the proposed operations and capital improvements

for the budget year. The budget for each fund must be balanced (i.e. total revenues and sources of funds must equal total expenditures) and the capital plan must identify sources of funding. Our goal as specified in the budget ordinance is to maintain the unassigned general fund balance at 20% of projected expenditures with a goal of building an additional balance of \$1,000,000 designated for emergencies in the future. Budget development is at the cost center and department level by line item. Each department director is responsible for ensuring that expenditures do not exceed the approved budget. The level of budgetary control is at the cost center and/or department level which is adopted by the Mayor and Board of Aldermen in the Budget Ordinance. The main objective of the budget is to provide the highest level of services to the citizens and maintain the sound financial condition of the City.

#### **Revenue Forecasting**

General revenues are based upon growth assumptions based on trend analysis by month for the last ten year period. Each revenue item is evaluated based on monthly collection for the last ten years and growth assumptions are developed to forecast future years' revenues. FY 2021 property tax revenues include growth, new constructions and assessment appeals. All sales taxes are based on growth estimates used by the State of Tennessee and modified according to Bartlett sales tax payers. Sales taxes are budgeted to decrease 5% over FY 2020 projection. All revenues based on residential growth such as solid waste, water and sewer and other development fees are based on only 50 new additional residences this year.

#### **Fund Balance**

The cumulative excess of revenues over expenditures in a fund at a point in time. Fund balance is divided into 5 components; nonspendable, restricted, committed, assigned and unassigned. Nonspendable fund balance is not in a spendable form (such as inventory) or is required to be maintained intact (such as the corpus of an endowment fund). Restricted fund balance is constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation. Committed fund balance is constrained to specific purposes by a government itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint. Assigned fund balance is for a government to intend to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing

body delegates the authority. Unassigned fund balance is available for any purpose; these amounts are reported only in the general fund. The City of Bartlett maintains our unassigned general fund balance at a level that is at least 20% of projected expenditures plus \$1 million for emergencies. In addition to the ability to generate interest income, fund balance aids our credit ratings which directly affect our cost of borrowing, provides stable property tax rate which allows for cash flow needs. With certain limitations, fund balance may be used to balance the subsequent year's budget.

#### **Budget Adoption**

The Charter of the City of Bartlett requires the Finance Director to prepare and submit an annual budget and explanatory message at least forty-five (45) days before the beginning of the fiscal year. According to the Charter, the budget message should include the financial policies used to develop the budget, describe the important features of the budget, indicate any major changes from the current year, and summarize the City's debt position. The Charter requires that a public hearing be held, with the proper notice to the public, prior to the adoption of the budget. After the public hearing, the Charter requires the budget to be adopted. If the budget is not adopted before July 1, the current fiscal year appropriation will become the appropriations for next year until a budget is adopted.

#### **Budget Document**

The Charter requires that the form and content of the budget may be that as the finance director deems necessary or the board may require, except as required by law. TCA 6-56-201, the Municipal Budget Act of 1982, requires that the form and content of the budget include prior year actual expenditures, current year projected expenditures, and next years requested expenditures and the same format for revenues. The law also requires that no funds from any source be expended without inclusion in a budget ordinance. The Municipal Budget Act also requires that we prepare a statement of spending for proposed new capital projects and funding sources for the projects.

#### **Budget Ordinance**

The budget is adopted in the form of an ordinance with such modifications and amendments recommended and approved by the Board. The budget ordinance defines the level of budgetary control at the cost center and/or department level. As indicated previously, no funds may be

expended that are not included in the budget ordinance, approved by the Board of Mayor and Aldermen. Changes and amendments may be made to the Budget Ordinance throughout the year in the form of a resolution adopted by the Board of Mayor and Aldermen.

#### **Budget Basis**

The basis of budgeting for all funds in the budget document is the modified accrual basis. Revenues are recognized as soon as they are both measurable and available to finance expenditures of the current period. Revenues are considered available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers certain revenues to be available if they are collected within 60 days of the end of the current period. Primary revenue sources, including property taxes, other local taxes, and intergovernmental revenues are susceptible to accrual. Other revenues are considered measurable and available only when cash is received by the City. Expenditures are generally recorded when the underlying liability has been paid. Debt Service Fund expenditures are recorded only when paid. The issuance of debt is not considered a budget item in the Debt Service Fund; however it is reported as other financing sources in the accounting records. Compensated absences is not a budgeted item for either governmental or enterprise funds. For governmental funds these amounts are recorded only in the government-wide statement of net position. Sick leave pay is budgeted, if known, in the individual funds and is recorded when due.

The City's Water & Sewer Fund (Enterprise Fund) is presented on a modified accrual basis for budgeting and on an accrual basis for accounting. The accrual basis recognizes transactions when they occur, regardless of when the actual cash flow related to these transactions occurs. Under this method of accounting, revenues are recognized in the accounting period when they are earned and become measurable. Principal payments on debt are included in the annual budget as required by the State of Tennessee and recorded as expense in the City's accounting records during the year but are closed to debt liability accounts at year end. Depreciation expense and compensated absences are also recorded at year end prior to closing the accounting records for the enterprise fund.

#### **Budget Monitoring and Management**

The Finance Department monitors the revenue and expenditure activity of the City throughout the fiscal year on a monthly basis. Each department director is given management reports, which

include the revised budget, actual expenditures and balance of funds available. The Finance Department presents a summarized financial status report to the Board of Mayor and Aldermen each month in the form of a Treasurer's Report. Forecasts of projected annual revenues and expenditures are prepared by the Finance Department at the end of each quarter. Budget control is maintained by recording encumbrances as purchase orders are written. All open encumbrances are recorded as an assigned fund balance at year-end and unencumbered, unexpended appropriations lapse at year-end.

# City of Bartlett **Budget Calendar**

# Fiscal 2020-2021

Day	Date	Activity
Month	November	Meet with all departments to go over community issues, goals, expectations for the current year, and long-term plan
Friday	January 24	Budget Instruction Memo Distributed to Departments
Friday	February 7	Operating & CIP budgets Forecasts/Requests Due (The budget coordinator met with each department and went over their budget)
Month	Beginning March 2	Meet with Departments to Discuss Operating/CIP Budget Forecasts/Requests (The Mayor, the CAO, the Finance Director and the Budget Coordinator went over the budget with each department, examined each line item)
Months	Mar - July	The COVID-19 pandemic brought many uncertainties, above all is the City's revenue streams. After many meetings from March to July, the administration and the Board of Aldermen had a budget for FY 2021.
Tuesday	August 11	Board Meeting – Budget First Reading (Proposed budget copies were presented to the Board of Mayor and Aldermen).  *The public hearing is set for August 25, 2020 @6:00pm.
Tuesday	August 18	Board Meeting – Budget Second Reading. *The public hearing is set for August 25, 2020 @6:00pm.
Tuesday	August 25	Board Meeting – Budget Third Reading – Approved.  *The public hearing: Individuals will have a maximum of three minutes to speak either for or against the item, with a total of 20 minutes for each side.
Thursday	August 31	Adopted budget copies were presented to the Board of Mayor and Aldermen

#### FINANCIAL POLICIES

The City's financial policies establish the framework for Bartlett's financial planning and management. They set guidelines in which the budget and financial plan are developed and managed. They demonstrate the City of Bartlett's commitment to sound financial planning and management and fiscal integrity. These policies help our management team and elected officials have a benchmark against which to measure our financial planning and performance.

#### **Operating Management Policies**

- All departments share in the responsibility for meeting management and service delivery
  goals and ensuring long-term financial stability. Operating budgets and management
  plans will be developed using current resources available.
- The budget process is intended to allocate limited resources among competing programs based on policy priorities, efficiency and effectiveness of services and availability of resources.
- Additional personnel and programs will be requested only if necessary to maintain existing service levels due to expansion of service areas (i.e. annexation, construction of new facilities etc.) or service levels previously approved by the Mayor and Board. Enhanced service level requests should be made separate from the maintenance level budget and will be reviewed and approved by the Mayor and Board.
- As required by City Charter the budget will be balanced, total revenues are equal to or greater than total expenses. A budget can be considered balanced in hindsight, after a full year's worth of revenues and expenditures have been incurred and recorded. Current expenditures will be funded by using current revenue sources and revenue growth will be planned in a conservative, prudent manner. Use of fund balance in any fund to balance the current year budget must be approved by the Board of Mayor and Aldermen and part of a strategy to replace reserves in those funds within three years.
- User fees and charges for services will be reviewed annually to ensure that they cover the
  cost of the program at the rate determined to be responsible and non-burdensome to
  program participants. Fees will be adjusted as needed based on this analysis.
- Cash management and investment will be maintained in accordance with the City Charter, State law and the investment policy and will ensure the safety and security of city assets. Funds will be managed prudently and diligently with an emphasis on safety of principal, liquidity, and financial return.

### **Capital Management Policies**

- A five-year Capital Improvement Plan will be developed and updated annually, including funding sources. Capital improvement projects will be defined as infrastructure or equipment with a useful life of 2 or more years and a cost of \$20,000 or more.
- We will continue to use pay-as-you go capital improvement project financing to the extent revenue is available from fund balances, special revenue funds, grants and other sources other than City debt issuance.
- Self-supporting debt will be used for capital projects that qualify (i.e. utility projects) and rates will be adjusted to support these projects.

### **Debt Management Policies**

- The City of Bartlett will seek to maintain and if possible improve our AAA bond rating from Standard & Poor's and Aa1 bond rating from Moody's to minimize debt service costs and preserve access to credit markets.
- Each bond issue will include an analysis of how the new issue and current debt impacts debt capacity and is within our debt policies.
- Financing of projects will not exceed the useful life of the infrastructure improvement or capital acquisition.
- The City will limit the amount of debt issued and planned in any planning period to the amount that can be supported by revenues projected to be available on a prudent and conservative basis.

### **Reserve Policies**

- All fund designations and reserves will be evaluated annually for long-term adequacy and availability in accordance with policies developed and approved by the Mayor and Board.
- The General fund balance will be maintained at a level of 20% of projected General Fund expenditures with a goal of building an additional balance of \$1,000,000 designated for emergencies in the future.
- Fund balances will be used prudently and conservatively to fund one time expenditures and stabilize the property tax rate.

### **Financial Reporting Policies**

- The City's accounting and financial reporting systems will be maintained in conformance with generally accepted accounting principles (GAAP) and standards of GASB and the GFOA.
- An annual audit will be performed by an independent public accounting firm and a Comprehensive Annual Financial Report will be published.
- The City's financial report and budget will be submitted to the GFOA for review for certification for awards for excellence.
- Financial systems will be maintained to monitor revenues, expenditures and program performance on an on-going basis.

### **OPERATING POLICIES**

Bartlett Vision 2020, which was developed through a committee of the Bartlett Area Chamber of Commerce and the 1997 Master Plan for the city, guides the operating policies for the City of Bartlett. These long term operating policies are used to develop specific initiatives in the operating and capital budgets. Throughout the year, we have monthly financial reports, quarterly financial updates, department head meetings, budget meetings, board work sessions, and open public participations. These have resulted in a budget document which we hope will build on and garner the public's trust in the operations of the City.

### **Quality of Life Policies**

In order to maintain a clean, attractive city this budget includes a new position in Solid Waste. This will allow Bartlett to continue to avoid delays in yard waste collection, provide curbside pick-up of fall leaves, and continue to convert to fully automated packers and continue our recycling efforts. Funds are provided for a City Beautiful grant to promote residential and commercial beautification awards and participation in the America in Bloom program.

In order to encourage citizens to maintain their property the Board of Mayor and Aldermen has implemented a Maintenance Ordinance and a Noise Ordinance. Police officers and Court officials are trained to enforce both. The Mayor's Action Center continues to focus on enforcement of health and safety ordinances included in the Bartlett Codes.

In order to promote the arts \$11,400 is included in the budget for the Arts Council. Shelby County Books from Birth also receives \$7,500 to promote early childhood literacy by giving free age-appropriate books to children. Funds are included for the continued preservation and maintenance of the Gotten House, which is on the Historic Register.

The office of Community Relations will continue to coordinate events, raise funds and actively promote citizen participation on boards and commissions. Funds are provided for a television show on the Bartlett local cable station called FYI Bartlett. In addition the Board of Mayor and Aldermen and Planning Commission meetings will be broadcast.

In order to promote excellence and quality, funds are provided for tuition assistance, education incentives and career ladder training for all employees. Continued enhancements of hardware and software systems for all departments are planned.

### Education

Bartlett City Schools is in its second year of operation. Bartlett City Schools is comprised of eleven schools and approximately 8,980 students located in Bartlett, Tennessee. The Bartlett School Fund will be presented as a special revenue fund. The school fund budget totaled \$91 million for FY 2021 and included \$2.3 million in contributions from the City's General Fund. We pay the total costs to operate the Bartlett library branch. We will also continue to sponsor and host Teacher Appreciation Days and provide awards for teachers recognized for excellence.

### **Economic Development**

In order to promote economic development, this budget includes additional funds for a grant to the Chamber of Commerce (\$35,000) to be matched with corporate partner donations.

The Codes and Permits Office will continue to offer next day service for inspections. Continued expansion of the water and sewer system and planned, orderly expansions through annexation will be pursued. The Bartlett Station Commission will continue to promote re-development of the oldest part of Bartlett through tenant incentives, design assistance and developer incentives and tax abatement programs.

### **General Government**

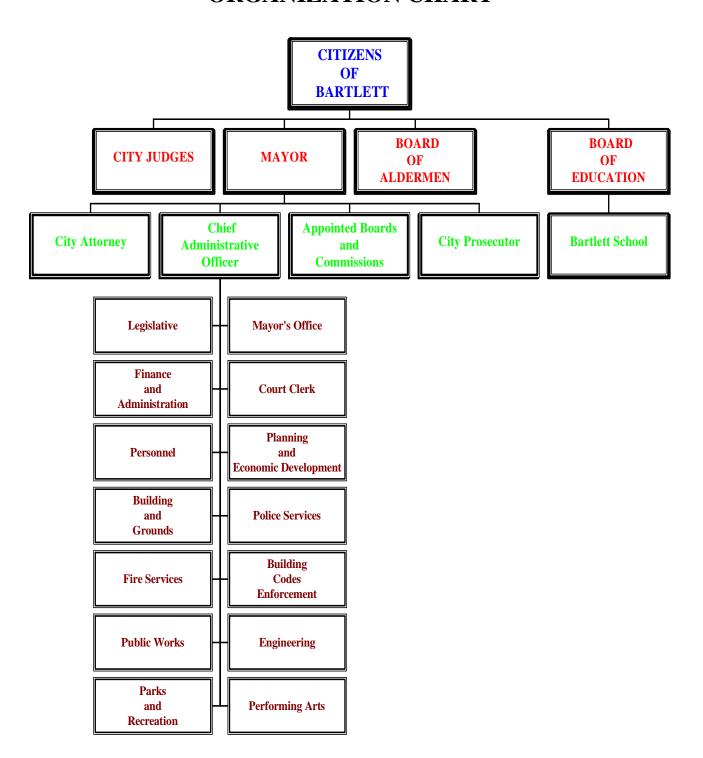

To provide for public safety, we will maintain the ratio of police officers to citizens of 2.25 officers per 1,000 citizens. We are continuing efforts to recruit and maintain enough paramedics to operate five ambulance units.

The Code Enforcement Office and Fire Marshall will continue to provide safety inspections for new construction, renovations and commercial facilities to ensure the safety of the structures and our citizens.

The Police Department will provide matching funds for a grant to provide officers in middle and high schools in Bartlett. We will continue to provide crossing guards at schools, both public and private, and enforce speed lanes in school zones.

## CITY OF BARTLETT GENERAL FUND - SUMMARY BY CATEGORY FY 2021 Adopted Budget

The General Fund, a major fund, is used to account for all financial resources except those that are accounted for in other funds.

The General Fund encompasses most of the functions and services the public associates with city government. The mayor's office as well as legislative, finance, personnel, planning, and the city courts are part of the administration function. Police services, fire and ambulance and building code enforcement are in the public safety function. Public works, engineering, parks and recreation and performing arts make up the balance of the general fund expenditures.

All of the City's local taxes, except a portion of the local sales tax designated for debt service, are accounted for in the General Fund. The sanitation fee and city service fee are accounted for in the Special Revenue Funds shown separately in this document.

Category	FY 2019 Actual	FY 2020 Revised	FY 2020 Projection	FY 2021 Adopted

## CITY OF BARTLETT SPECIAL REVENUE FUNDS - SUMMARY BY CATEGORY FY 2021 Adopted Budget

Certain revenues of the City are required by state law or city ordinance to be accounted for in separate funds to insure the revenues are spent for specific designated purposes. The City has one major special revenue fund, Bartlett School Fund, and eight nonmajor special revenue funds: State Street Aid Fund, Solid Waste fund, General Improvement Fund, Drug Enforcement Funds, DEA Enforcement Fund, Drainage Control Fund, Parks Improvement, and E-Citation Fund. The Special Revenue Funds and the General Fund combine to make up the General Governmental Funds Group.

## CITY OF BARTLETT UTILITY FUND - SUMMARY BY CATEGORY FY 2021 Adopted Budget

The City operates a Water and Sewer Fund that provides water treatment and water and sewer service throughout the City. This service is operated as a separate entity in an enterprise fund.

Most of the City's sewer effluent is treated under contract by the City of Memphis at their north treatment facility. The City of Bartlett provides treatment for sewer effluent in the north basin area.

This fund accounts for all revenues and expenditures related to this service including the interest and principle on debt secured by the revenues of the system. Utility fund is presented on a modified accrual basis for budgeting and on an accrual basis for accounting. This is a major fund.

## CITY OF BARTLETT GENERAL DEBT SERVICE FUND - SUMMARY BY CATEGORY FY 2021 Adopted Budget

This fund is used for the accumulation of resources for, and the payment of interest and principle on the City's outstanding general obligation debt. Revenues for this fund consist of one third of the local sales tax and transfers from the Solid Waste Fund, Street Aid Fund and General Fund. This is a nonmajor fund.

Fiscal Year 2021 staffing level schedule includes the number of full time employees, part time employees and the total full time equivalents (FTE). Full time equivalents are calculated by the number of total working hours divided into 2080 hours, which is a full year. Part time positions are just estimates based on the money allocated for part time. Departments have flexibility to balance their full time and part time positions allocated based on their total budget. Bartlett City Municipal School Fund will presented as a special revenue fund but their staffing level will not include in the City's staffing level schedule. The City, without Bartlett School, added a net of 1.5 new full time positions (2 new positions and 0.5 unfunded positions). In Administrative, Finance reduced their budget by leaving 0.5 unfunded position. In Public Works, Administration relocated 2 positions to Utility Water & Wastewater Services, General Maintenance relocated 3 driver positions to Solid Waste, Engineering Admin relocated 1 and Engineering & Inspection relocated 3 positions to Utility Plant Operations. In Parks, an Assistant Director was added to Administration.

## CITY OF BARTLETT ANALYSIS OF GENERAL FUND REVENUE SOURCES FY 2021 Adopted Budget

General Fund (GF) Revenues are classified into seven major sources; Property Taxes, Local Taxes, License & Permits, Intergovernmental, Charges for Services, Court Charges and Other Revenue. Property and Local Taxes are Bartlett's largest sources of revenue, a combined 66.78% of all General Fund Revenues in FY 2021. The anticipated revenue reduction in the 2021 budget is 1.65% (does not include reserves from previous year). The reduction would be much higher if not a \$2.2 million one-time grants from the Federal Government and the State.

**Property Taxes** represent the largest percentage (47.42%) of all GF Revenues. The FY21 budget has a 3.28% reduction. During these very uncertain time due to the COVID-19 pandemic, the City is planning on this decrease in anticipation of overall contraction of the state and national economy. In the last 20 years, the property tax rate increased in 2017 (35 cent increase), in 2007 (a 23 cent increase), and in 2003 (a 15 cent increase). Taxes are due on February 28, 2021 and become delinquent March 1, 2021.

Property assessments are made by the Shelby County Tax Assessor based on the estimated appraised value and the following classifications:

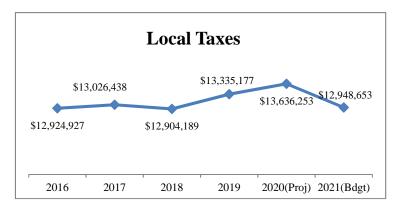

Real Estate-Residential and Farm Real Estate-Commercial and Industrial Personal Property-Commercial and Industrial Tennessee Regulators and Personal Property 25% of appraised value 40% of appraised value 30% of appraised value 55% of appraised value

## CITY OF BARTLETT ANALYSIS OF GENERAL FUND REVENUE SOURCES FY 2021 Adopted Budget

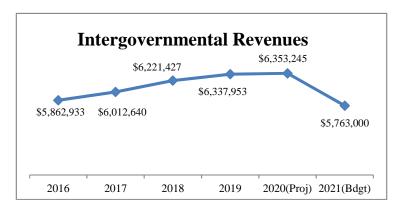

**Local Taxes** is the second largest source of revenue and represent 24.36% of all GF Revenues. They are comprised primarily of Local Sales Taxes (\$6,564,500), more than half of all local taxes, Sales Tax School Reimbursement (\$3,452,153), Wholesale Beer Taxes (\$780,000), and Gross Receipts Business (\$950,000). The current local sales taxes rate is 2.75% of the first \$1,600 of the gross proceeds. However, 0.50% is designated for Bartlett Municipal School System. The Sales Tax School Reimbursement budgeted for city support of Bartlett Municipal School System in FY 2021 includes the maintenance of effort, school debt service transfer, Dare program and Shelby County Board of Education buildings. FY21 budget has a 5.04% decrease over FY20 projected.

The Office of Code Enforcement sets, monitors and collects most of the License and Permit fees. FY 2021 budget for subdivision and new construction permit fees are based on 80 commercial constructions and 25 residential constructions. The biggest revenue in License and Permits is the \$25 Wheel Tax that generates more than 2/3 of the total revenues.

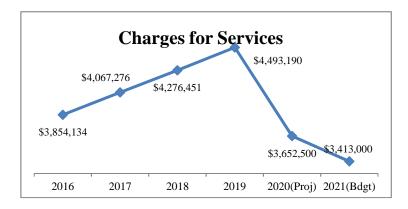

**Intergovernmental Revenues** are state shared revenues, the largest being Bartlett's share of the State Sales Tax, 81.42%. There has been steady increase since FY 2015 to FY 2020. However, in this pandemic, we budgeted an overall 9.29% decrease for FY 2021.

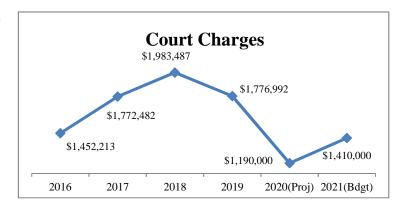

## CITY OF BARTLETT ANALYSIS OF GENERAL FUND REVENUE SOURCES FY 2021 Adopted Budget

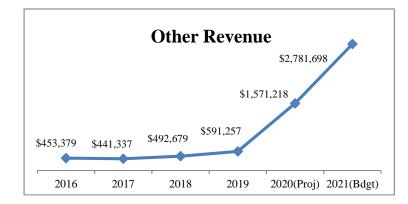

Parks and Recreation fees account for the largest share (43.95%) of **Charges for Services**. The basic parks & recreation fees was increased by 14% starting October 2019, the last increase was in 2005. After this increase, our fees are still lower than those of the surrounding centers. The second largest share of Charges for Services is the ambulance fees (\$1,150,000). So far, Charges for Services have been hard hit the most since the pandemic started.

**Court Charges** are fees generated through fines for violations of City Ordinances and Court Costs. Thus, collection varies year by year.

One-time COVID-19 grants from the Federal and the State Government, total \$2.2mil, help the overall revenues. Other revenues are Sales of Equipment and a transfer from the General Improvement Fund. The transfer from the General Improvement Fund to the General Fund (based on Bartlett's Ordinance and General Improvement Fund balance) is \$168,000 for FY 2021. Carry-forward encumbrances are previous year expenditure commitments.

### **ADMINISTRATIVE**

### FY 2021 Adopted Budget

The Administrative function includes the Legislative Board, Mayor's Office (which includes the Mayor's Office, Community Relations, Building and Grounds, Bartlett Station Municipal Center and the Library), Finance and Administration, Court Clerk, Personnel, and Planning and Economic Development. The Administrative function budget had a net decrease of \$699,341 (8.72%) over the FY 2020 Projection. The reason for the decrease is that we added a cost sharing allocation recovery from the Solid Waste and the Utility Fund to Legislative, Mayor's Office, Finance and Personnel. There were no staffing changes. FY 2021 budget included a career ladder pay increase for full-time employees.

Summary Revenue/Expenditure Type

approves the appointment of department directors and professional staff who manage service delivery.

#### FY 2020 Performance Highlights

The Legislative Department reviewed and approved balanced operating and capital improvements budgets that continued to provide a high level of services to Bartlett citizens. The Board of Mayor and Aldermen continued to provide support and approval of our strategy to reduce debt service costs as a percentage of expenses and maintain the property tax rate.

### Mayor's Office

What We Do

#### FY 2021 Adopted

#### Summary Revenue/Expenditure Type\*

# The Mayor and Executive staff uphold the laws of Bartlett, Shelby County, Tennessee and the U.S. The Mayor's Office also provides strategic leadership to the City departments and their management. Through the supervision of all City departments, we manage the delivery of all City Services. In cooperation with the Finance Director, we prepare and submit the annual budget for approval by the Board of Mayor and Aldermen. The Mayor is the executive head of the city

responsible for the enforcement of the ordinances of the city and laws of the state within the City. The Mayor presides at all meetings of the Board. \*Included in this summary are Citizen Services, Community Relations, Building and Grounds, Bartlett Station Municipal Center and the Library which are managed by the Mayor's Office.

#### FY 2020 Performance Highlights

The Mayor and Executive staff continued to deliver a high level of services to Bartlett citizens at less than budgeted costs. Continued emphasis on training and development helped retain the professional staff and maintain the morale of all employees. The Mayor and Executive staff recommended a revised 5 year capital improvements plan and operating budget.

Objective	Performance Measures	FY 2019 Actual	FY 2020 Forecast	FY 2021 Projected	
Maintain high level of services/delivered from all departments	Approval of Board of Mayor & Aldermen & Citizen satisfaction with service delivery	Meet Measure	Meet Measure	Meet Measure	
Retain professional staff in all departments	Retention of Department heads and assistants.	100%	100%	100%	
Submit balanced budget	Approval of Board of Mayor & Aldermen of budget.	Yes	Yes	Yes	
Maintain general fund balance at 20% of expenditures plus \$1,000,000 for emergencies.	Fund balance as of % expenditures Committed \$1,000,000 for emergencies	>20% Yes	>20% Yes	>20% Yes

### **Court**

### FY 2021 Adopted

### Summary Revenue/Expenditure Type

This office is responsible for preparation of all
court dockets and maintains all court records;
collects court fines and fees; prepares monthly
reports for distribution of funds to city, county, and
state agencies; and maintains records for all money
received by the office. The City Court office issues
subpoenas and warrants. The office is responsible
for transferring cases that are appealed to the
correct courts and cases that are bound over to
Criminal Court; the Clerk also performs clerical
duties of courts.

The department will continually train, implement, and re-evaluate itself to further a professional image. The department will seek to implement the latest trends in law enforcement to reduce the likelihood that crime will negatively impact the citizens of Bartlett, Tennessee, and subsequently affect their quality of life.

#### FY 2020 Performance Highlights

During the calendar year of 2019; Calls for service decreased from 81,492 to 69,632. Traffic crashes increased from 1055 to 1040 and crashes with injuries dropped from 213 to 194. Traffic citations slightly reduced from 12,224 to 12,082, and warning citations increased slightly from 31,802 to 31,968. Arrests decreased from 5999 to 5,897. The department now has a sworn complement of one hundred twenty-six officers. The department continues to participate in federal regional task force operations, having officers assigned to the Drug Enforcement Administration, Federal Bureau of Investigation, and the United States Secret Service. CopStops continued to grow in popularity. This program will remain a vital part of our community engagement initiative to enhance our relationship with the citizens we serve. The department also effectively implemented a data-driven policing program to reduce the number of crimes committed and the amount of injury-related crashes that occur. These actions lead to a nearly five (5) percent reduction in crimes committed and an almost nine (9) percent decrease in collisions with injuries. Additionally, the department completed its goal of outfitted all patrol officers with shotguns.

Objective	Performance Measures	FY 2019 Actual	FY 2020 Forecast	FY 2021 Projected
Reduce the # of crashes with injuries through coordinated enforcement and education	Number of crashes with injuries per year and the percentage reduction	194	184 5% Decrease	175 5% Decrease
Reduce the # of auto burglaries through data policing efforts and special enforcement techniques	Number of auto burglaries per year and percentage reduction	313	297 5% Decrease	282 5% Decrease
Reduce the number of reported crimes committed through data policing efforts and special enforcement techniques	Number of total crimes committed per year and the percentage reduction	3,217	3,056 5% Decrease	2,903 5% Decrease

Other Personnel	0	1,000	950	950		
Operations	965,985	990,543	880,124	979,190		
Capital	128,359	165,104	138,995	102,000		
Total	11,041,440	11,524,544	11,300,028	11,803,079		

#### **FY 2020 Performance Highlights**

In FY 2020, the Bartlett Fire Department focused on enhancing the training of personnel, updating protective equipment, and continuing community involvement. After several years of planning, the BFD Training Center added a four story tower that provides countless training options. Ventilation and forcible entry props were added to create training scenarios not previously possible. Updated personal protective equipment was also secured to bring all turnouts (firefighting coats and pants) within NFPA recommendations. Further safety measures taken include the training of 22 firefighters in a State certified Incident Safety Officer class. BFD personnel also spent time training the community and fundraising. CPR classes continued for the high school and will begin for the Bartlett Freshmen Academy in the spring. Charitable efforts continued that benefited the Dream Factory, MDA, West Cancer Clinic, and the Ronald McDonald House.

Objective	Performance Measures	FY 2019 Actual	FY 2020 Forecast	FY 2021 Projected
Strengthen firefighter knowledge through education, certifications, and training.	Formal certifications and education	Fire Officer/ Hazmat	Safety Officer 22 people	Forcible Entry & Ventilation Training
Further develop the Bartlett Fire Department Training Facility.	Increase usable functions of training center by adding windows and props	Tower Floors Erected	Roof Prop	Complete Windows in Tower
Improve performance by strengthening evaluations for personnel.	Revise evaluation form for the positions of Firefighter, Driver, Lieutenant, Battalion Cmdr. and Probationary Firefighter by 1/1/2021	N/A	Rough draft/ revisions	Completed by January 1, 2021
Improve ISO rating by June 30, 2021	Improve ISO rating from 3 to 2	Create blueprint	Increase Training	Improve Response Time

### **Building Codes Enforcement**

#### FY 2021 Adopted

#### Summary Revenue/Expenditure Type

#### What We Do

The department of Code Enforcement makes certain that the citizens, neighborhoods and the unique character of Bartlett are protected and preserved by the enforcement of the International Code Council building, mechanical, electrical, plumbing and property maintenance codes, as well through enforcement of the city's ordinances. Through the inspections we provide, we add value, safety and integrity to our neighborhoods and community.

#### PUBLIC WORKS/ ENGINEERING

FY 2021 Adopted Budget

The Public Works/Engineering function includes the Public Works Department and the Engineering Department. The Public Works Department has six cost Administration. City centers; Shop, General Maintenance, General Services, Grounds Maintenance and Animal Control. The Engineering Department has Administration and Inspection cost centers. The Public Works/Engineering function budget decreased by \$565,680 (8.61%) over the FY 2020 Projection. The decrease is caused by relocations some positions to the Solid Waste and the Utility Fund. Administration relocated 2 positions to Utility Water & Wastewater Services, General Maintenance relocated 3 driver positions to Solid Waste, Engineering Admin relocated 1 and Engineering & Inspection relocated 3 positions to Utility Plant Operations. FY 2021 budget included a career ladder pay increase for full-time employees.

What We Do

### **Works Summary**

#### FY 2021 Adopted

#### Summary Revenue/Expenditure Type

# The Public Works Department involves three separate funds; General Fund, Solid Waste and Water/Wastewater Services. We are primarily the City's maintenance department for streets and right of ways, vehicles, equipment, drainage systems, City buildings, water distribition and wastewater collections. Other non-maintenance responsibilities include solid waste collection, recycling, meter reading and animal control.

Category	FY 2019 Actual	FY 2020 Revised	FY 2020 Projection	FY 2021 Adopted

Total	5,116,177	5,657,137	5,495,586	5,297,001

#### FY 2020 Performance Highlights

Several divisions in Public Works received new Division Managers this year, including a new Director and Assistant Director. General Maintenance purchased a new salt dome and is in the process of having it built. Solid Waste Division purchase 3 new recycling containers for their facilities. We are striving daily to meet the needs and exceed the expectations of our citizens.

Objective	Performance Measures	FY 2019 Actual	FY 2020 Forecast	FY 2021 Projected	
Maintain the City's water and sewer infrastructure.	# of work tickets for Water/Wastewater Services. This number does not include Tn. One Call locates	3100	3205	3225	
To establish standards by cleaning streets and maintain right-of-ways	Lane miles of roadway swept each month in Bartlett	999	1005	1050	
Maintain the City's street, drainage systems, and traffic signs.	# of repairs to Drainage structures, streets, and traffic signs.	1354	1400	1425	
Provide a safe and harmonious coexistence for pets and residents.	# of animals adopted out or returned to their owners	722	754	800

### **Engineering Summary**

#### FY 2021 Adopted

#### Summary Revenue/Expenditure Type

What We Do
This department oversees all engineering contracts
for the City projects. Manages Engineering
Inspection, Utility Plant Operations, Drainage
Control Fund and Utility Sewer Lagoon. (Utility
functions are in the Enterprise Fund).

Category	FY 2019 Actual	FY 2020 Revised	FY 2020 Projection	FY 2021 Adopted
Salaries	634,684	667,716	669,036	405,687
Benefits	319,723	324,807	342,126	227,298
Operations	70,682	85,750	62,963	74,995
Capital	4,893	500	950	0
Total	1,029,982	1,078,773	1,075,075	707,980

#### FY 2020 Performance Highlights

Administered water and sewer extensions within the City; managed water upgrades in the system; efficiently managed sewer facilities; and worked on several road projects.

Objective	Performance Measures	FY 2019 Actual	FY 2020 Forecast	FY 2021 Projected
Provide engineering inspection oversight of City capital projects.	Percentage of projects completed on time and within the budget.	85%	83%	90%
Administer developer projects within the city and reserve area	Percentage of projects meet or exceed standards of the city.	80%	82%	85%
Continue to install sewers in annexed areas	Completion of projects outlined in Plans of Service	On time	Not on time	On time
Oversee repaving of various streets in the city limits	Percentage of completed projects on time and in budget.	90%	87%	87%

#### **PARKS & RECREATION**

**FY 2021 Adopted Budget** 

The Parks and Recreation function has seven cost centers; Administration, Singleton Community Center, Athletics, Parks Maintenance, School Ground Maintenance, Senior Center and Recreation Center. School Ground Maintenance cost center was added to maintain the school grounds for the Bartlett School System. The Parks and Recreation function budget increased by \$522,768(9.34%) over the FY 2020 Projection. Parks was not open to the public from March to May 2020 and had June at half capacity, thus had some saving for FY 2020. Of course, the revenues suffered also. FY 2021 budget included a career ladder pay increase for full-time employees. An assistant director position was added to Parks and Rec Administration. There were no other staffing changes.

### Parks & Recreation Summary

#### FY 2021 Adopted

#### Summary Revenue/Expenditure Type

#### What We Do

The Mission of the Bartlett Parks and Recreation Department is to provide Bartlett residents with quality, fun recreational opportunities and facilities. Our Vision is to continue to be a leader in creating recreational opportunities and facilities for Bartlett citizens from childhood to retirement. We offer a full service recreation center, community center for adults and children, senior center, summer programs, youth and adult recreational sports leagues and also maintain all parks, fields and facilities.

#### **FY 2020 Performance Highlights**

The past three years brought positive changes to BPACC. An expanded PERFORMING ARTS SEASON and MUSIC BY THE LAKE series. An energized LIVE THEATRE PROGRAM. With leadership of the Mayor, & support of the Board of Alderman, launched ARTS IN EDUCATION PROGRAM. BPACC produces YOUTH THEATRE CAMPS and partners with various City and educational organizations. With the support of the City of Bartlett we have improved the facility: New Roof – expanded Security Camera System – enhanced Sound – Lighting Equipment elevate performance quality. It's a good time to be in Bartlett!

Objective	Performance Measures	FY 2019 Actual	FY 2020 Forecast	FY 2021 Projected
Ticket Rev. experienced robust growth in recent years – maintain that trajectory.	Ticket Revenue FY17-\$87,836	158,113	145,000	145,000
Sponsorship income grew in FY18. Will work to hold that gain, & hopefully secure add'l Sponsors.	Sponsorships FY20 Plus, In-Kind - \$21,100 FY17 35925	44,516	44,630	48,000
Rental Income substantially grew since FY17. Work to maintain positive growth.	Rental Fees FY17 \$23,289	47,095	\$ 50,000	\$50,000
Programs launched in FY18 & FY19: MUSIC BY THE LAKE – ARTS IN EDUCATION, expansion of FAMILY PROGRAMS – a partnership producing THE NUTCRACKER creating our own LIVE THEATRE.	Continue to grow & elevate quality of all programs At some point would like to add 3rd Music By Lake concert Arts In Ed & Music By Lake programs are Free to students & public.	N/A	N/A	N/A

### SPECIAL REVENUE FUNDS

FY 2021 Adopted Budget

The Special Revenue Funds includes State Street Aid, Solid Waste, General Improvement, Drug Enforcement, DEA Enforcement, Drainage Control, Park Improvement, E-Citation, and Bartlett School Fund. The Special Revenue Funds are required by state law or city ordinance to be accounted for in separate funds. The revenues in each of these programs are collected to be used for each fund's specific purpose. Bartlett School Fund is a major fund. Three drivers were relocated from Public Works General Maintenance to the Solid Waste Fund. This budget included a career ladder pay increase for full-time employees. There was no other staffing change.

Special Revenue Funds are funds which are used to record transactions in which the funding source is legally restricted for a specific purpose. Included in the Special Revenue Funds are: State Street Aid Fund, Solid Waste Fund, General Improvement Fund, Drug Enforcement Funds, Federal Drug Enforcement Fund, Drainage Control Fund, Park Improvement Fund, E-Citation Fund and Bartlett School Fund. This is the first year for our E-Citation Fund.

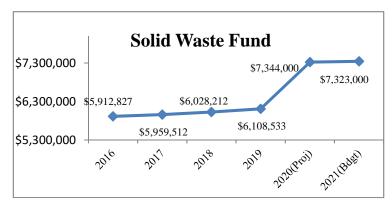

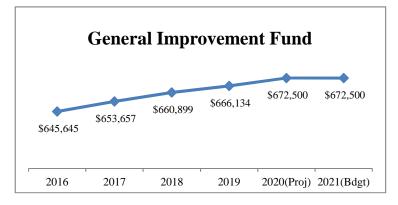

This is the City's portion of the motor fuel and gasoline taxes collected by and distributed by the State, per capita basis, and some developer fees used for streetlights. The IMPROVE Act of 2017 provided for additional gas and motor taxes. For FY 2019-20 the Act provides for an additional 1 cent of gas tax and 3 cents of diesel tax. Street paving is also budgeted in the CIP using G.O. Bonds.

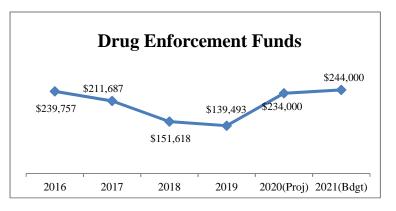

Solid Waste revenue is based on a monthly charge for collection and disposal. Solid waste fees were increased by \$5 per month per customer to make Solid Waste Fund self-sufficient. The new rates are \$30 for residential pickup, \$30 for 1 cart, \$35 for 2 carts and \$40 for 3 carts for commercial pickup. Only a small increase in residential sanitation fee budgeted for FY 2021.

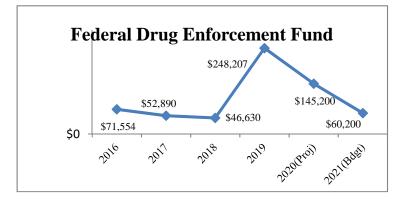

General Improvement revenue is derived from a \$2.50 City Service fee charged to all utility and solid waste customers. \$168,000 (25%) of this revenue is transferred to the General Fund per Bartlett's Ordinance and the balance is used for small capital purchases and improvements.

The Drug Enforcement Fund revenues are grant funds and seizure funds used for drug education and enforcement programs. Confiscated money and fines varies from year to year, based on enforcement activities.

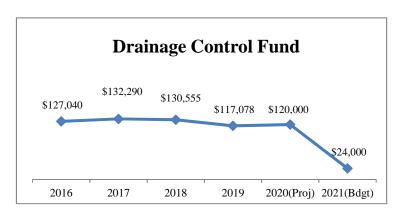

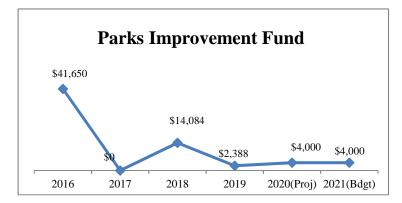

The Federal Drug Enforcement Fund revenues are federal grant funds and seizure funds that are used for drug education and enforcement programs. Federal grants and seizure funds can vary from year to year.

The Drainage Control revenue is a development fee of \$500.00 per lot (half acre) for subdivision lots not served by a detention basin and \$250.00 per lot for development served by a detention basin. The General Fund subsidizes this fund starting in FY 2016, \$100,000 per year, except for FY 2021.

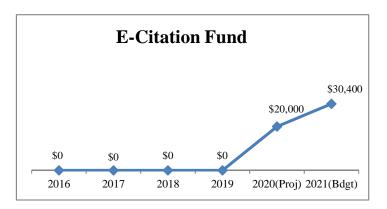

The Parks Improvement revenue is a development fee of \$700.00 per lot for residential subdivision development. The fees are collected by parks zone and are to be used in the zone in which it is collected for park development and improvements. Some development fees in FY 2016 and in FY 2018 are the only activities in the last 6 years.

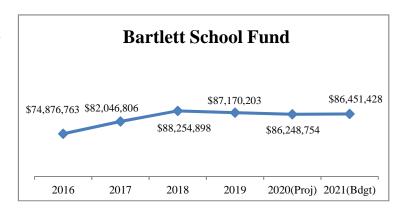

Electronic Citation Fee is a \$5.00 fee for both written and electronic citations prepared by a law enforcement officer. The \$5.00 fee received must be apportioned as follows: \$1.00 of such fee will be retained by the court clerk for computer hardware purchases and computer related expenses; and \$4.00 to the police department for Electronic citation system and program related expenditures to maintain electronic citation programs. This is the second year for the E-Citation Fund.

The Bartlett School revenue are used for the operation of the School System. This is the seventh year for Bartlett City Schools.

## **Solid Waste**

### **City of Bartlett**

### **Fund**

#### FY 2021 Adopted

#### Summary Revenue/Expenditure Type

Solid Waste crews collect household and yard waste while trying to divert as much solid waste as possible from the landfill towards recycling. Waste is transported to either Republic Services Landfill or the City's contracted mulch-processing site. This division is also responsible for the City's appliances, computers, televisions, and tires collection service and provides "special request" (for fee) yard waste collections. We have three recycling centers that accept newsprint, aluminum, cardboard, tin, plastic, and glass. Over 80% of Solid Waste Employees have worked there at least 10 years.

#### **FY 2020 Performance Highlights**

We continue to use single stream recycling at our recycling centers which makes the recycling process easier for our residents and more efficient. We have combined all of our leaf machines all together on one route in order to pick up the leaves in a timely manner. We have continued the program to replace our aging garbage carts some which are over fifteen years old. The carts that we purchase come with a ten year warranty and we still have 24 year-old carts in use. We have also replace several of our aging recycling containers at our recycling facilities with new larger ones in order to collect more recyclables at one time.

Objective	Performance Measures	FY 2019 Actual	FY 2020 Forecast	FY 2021 Projected	
The collection of curbside leaves in as timely manner as possible using City personnel and contract labor.	The period of time that it takes our crews to complete a full cycle of the City.	1 to 2 weeks per cycle	1 to 2 weeks per cycle	1 to 2 weeks per cycle	
Reduce solid waste taken to the landfill.  Look at the possiblity of single stream recycling program to increase the percentage of recycled materials	% of solid waste diverted from the landfill (the state has mandated a minimum 25% reduction)	40%	43%	44%	
Maintain the current level of household service.	Number of calls for missed service and cart repairs combined each month.	160 per month	145 per month	130 per month

### **UTILITY FUND**

#### FY 2021 Adopted Budget

The Utility Fund has four cost centers; Administration, Water & Wastewater Services, Plant Operations and Sewer Lagoon. The Utility Fund budget had a net increase of \$1,308,30 (14.81%) over the FY 2020 Projection. Public Works Administration reallocated 2 positions to Water & Wastewater Services while 4 positions were reallocated from Engineering to Plant Operations. Also, Utility Administration added a genenral clerk position. FY 2020 budget included a career ladder pay increase for full-time employees.

9,725,000 \$

9,503,000 \$

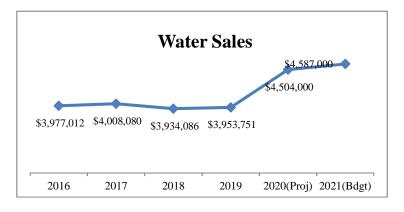

9,712,500

The Utility Revenues include charges for water and sewer usage and connection and development fees for the water and sewer system. We are required to make the Utility system self-sufficient per Tennessee Water and Wastewater Financing Board. \$2 increase each in the water and sewer rates per month per customer for FY 2020. Water and sewer rates were last increased in 2011. 2.2% increase budgeted for FY 2021.

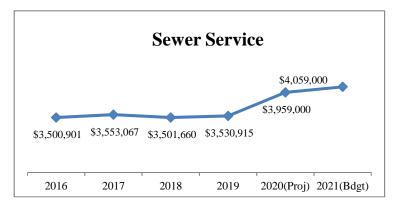

This revenue is based on the volume of water usage with a different rate for residential and commercial users. FY 2021 budget is based on 50 new additional users.

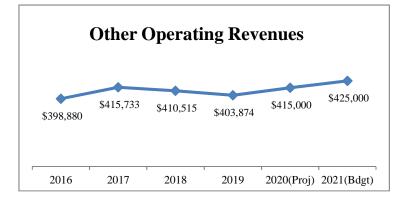

## CITY OF BARTLETT ANALYSIS OF UTILITY REVENUE SOURCES FY 2021 Adopted Budget

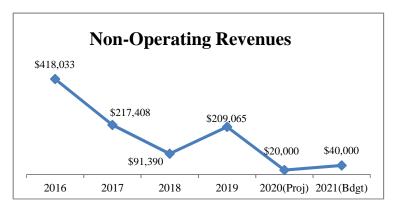

This revenue is based on the volume of water used and is a charge for the collection, treatment, and disposal of wastewater. Sewage in the North Basin is treated by the City and sewage in the South Basin is treated by the City of Memphis. FY 2021 budget is based on 50 new additional users.

These are service fees and disconnect/reconnect fees for the water and sewer systems and the forfeited discounts.

These are developer based tap and connection fees for the water and sewer systems. The Water Connection Fee is \$2,000.00 per lot for residential connections and \$3,000 per lot for commercial and industrial connections. The Sewer Connection Fee is \$2,000.00 per lot for residential connections and the greater of \$33 per front foot or \$2,333 per acre for commercial and industrial connections.

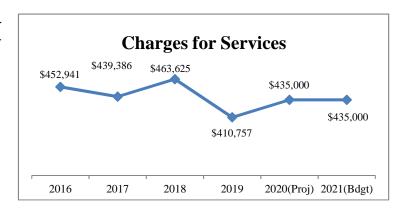

## CITY OF BARTLETT ANALYSIS OF UTILITY REVENUE SOURCES FY 2021 Adopted Budget

Other Revenues include interest earned on utility investments and miscellaneous revenue.

These are charges for meter installation for the water and sewer system and lease payments for use of city utility property for cell phone antenae.

### Utility

## City of Bartlett

#### Administration

#### FY 2021 Adopted

#### Summary Revenue/Expenditure Type

#### What We Do

Utility Administration bills bi-monthly for approximately 20,000 customers, checks for accurate readings, high-low readings, & inactive accounts, applies all incoming money to proper water customer's accounts or proper general ledger accounts, and generates daily deposits. New water meter sales in annexation areas are processed through this office.

Category	FY 2019 Actual	FY 2020 Revised	FY 2020 Projection	FY 2021 Adopted

Total	2,184,529	2,632,318	2,468,835	2,720,268

#### FY 2020 Performance Highlights

Changes & improvements were made to several of our ordinances in the Water Department. Increased number of accounts that are on bank drafts. Collected for payments of yard carts on water bills. Continued payment plan for customers for efficiency. Experienced a decrease in non-pay turn-offs due to consistent turn-off schedule. Collected for payments of Family Funds Donations on water bills.

### **CITY OF BARTLETT**

TENNESSEE

#### **DEBT SERVICE FUND**

The Debt Service Fund provides for the payment of principal, interest and other costs on the City's outstanding general obligation bonds.

#### **Debt Service Fund**

The Debt Service Fund provides for the payment of principal, interest and other costs on the City's outstanding obligations. The City currently have three type of obligations, general obligation bonds, utility bonds, and capital outlay notes. General Obligation Bonds and Utility Bonds are issued in a term of 20 years for capital projects and equipment that have a useful life that extends beyond the 20 years period. Capital Outlay Notes are issued in term of 5 or 7 years for vehicles and equipment that have a useful life for less than 20 years. Debt Service Fund is not a major fund.

The primary source of revenue for the Debt Service Fund is a portion (1/3) of the Local Sales Tax. For the Fiscal Year 2021, funds needed for debt service payments come from a transfer from the General Fund, Bartlett School, Solid Waste Fund, and from the CIP interest earnings. The City expects to issue \$2.8 million in general obligation bonds in FY 2021. Additionally, the City plans to issue \$8 million in capital outlay notes to help out Bartlett City School for the Bartlett High School Renovation.

#### **Debt Management Policies**

The City of Bartlett will seek to maintain and if possible improve our bond rating to minimize debt service costs and preserve access to credit markets.

Each bond issue will include an analysis of how the new issue, along with current debt, impacts our debt capacity and long term plan.

Financing of projects will not exceed the useful life of infrastructure improvement or capital acquisition.

The City will limit the amount of debt issued in any budget period to the amount that can be supported by revenues projected to be available.

#### **Credit Ratings**

The City of Bartlett is rated AAA (the highest possible) by Standard and Poor's and Aa1 (second highest possible) by Moody's Investor Services.

#### **Debt Limits**

There is no statutory limit on the amount of debt that can be incurred or outstanding.

## CITY OF BARTLETT ANALYSIS OF GENERAL DEBT SERVICE Last 10 Years

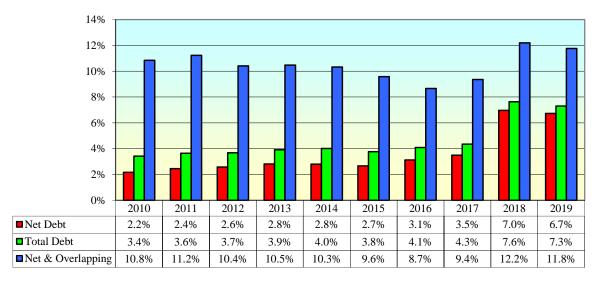

#### Debt per Capita (FY 2010 - FY 2019)

One of the measures of the capacity of a local government to service debt is Debt per Capita. The City of Bartlett's net debt and total debt per capita increased in FY16, FY17, & FY18 which is not good. The City issues \$44mil G.O. bond for the Bartlett High School Renovation in FY 2018.

#### Debt to Assessed Values (FY 2010 - FY 2019)

Another measure of capacity is the Debt to Assessed Value of Property. The debt to assessed values has increased the last few years (decreasing % is better). The stagnant property values in Bartlett (and many parts of the country) coupled with increasing debt are not good. The City issues \$44mil G.O. bond for Barlett City School H.S. construction is the cause of the big increase in debt to Assessed Values in FY18.

<sup>(1)</sup> Excludes depreciation expense.

<sup>(2)</sup> Includes revenue from water and sewer development and tap fees as required by GASB Statement No. 33.

### **CITY OF BARTLETT**

TENNESSEE

#### **CAPITAL IMPROVEMENT PROGRAM**

This section includes a summary of the five-year capital plan and project detail for each project in the Capital Improvement budget.

### **Capital Improvement Plan (CIP)**

This section includes a summary of the five-year capital plan and project detail for each project in the Fiscal Year 2021-2025 Capital Improvement budget. Sources of funds, expenditures and project start and completion dates are included. Only the FY 2021 projects were adopted while FY 2022-2025 projects in the plan are just for a future guide. The City strives to limit the issuance of General Obligation debt to no more than \$5 million per year. We are proposing a general obligation bond issue of \$2.8 million and capital note of \$8 million for FY 2021 and will manage operating spending as a result. Based on prior experience, the Capital Improvement Fund is considered a major fund.

#### **Management Policies**

A five-year Capital Improvement Plan will be developed and updated annually, including funding sources. Capital improvement projects will be defined as infrastructure or equipment with a useful life of 2 or more years and a cost of \$20,000 or more. We will continue to use pay-as-you go capital improvement project financing to the extent revenue is available from fund balances, special revenue funds, grants and other sources other than City debt issuance. Self-supporting debt will be used for capital projects that qualify (i.e. utility projects) and rates will be adjusted to support these projects.

#### **Planning**

The Capital Improvement Plan is developed by the Mayor and Chief Administrative Officer with input from the Finance Director and Board of Aldermen. The project manager in each department ensures that all the project phases are completed on schedule. The finance staff coordinates monthly reporting to the Board, quarterly forecasts and budget policy compliance.

#### **Amendments**

The Mayor and Chief Administrative Officer may approve administrative changes to the CIP budget (i.e. transfer within a project). Changes to the Budget Ordinance (i.e. transfers between different projects) must be made in the form of a resolution adopted by the Board of Mayor and Aldermen.

#### **Significant Nonroutine Capital Expenditures**

Nonroutine capital projects in FY 2021 are the Transfer to Bartlett City School and the Appling Road Improvements project. The City will issue \$8 million in capital note and transfer to Bartlett City School for the Bartlett High School Renovation project for FY 2021. Appling Road Improvements started in 2019 and is expected to be completed in 2022.

#### **Impact of Capital Improvements on Operating Budget**

Vehicles and equipment replacements, repairs, rehab and upgrade projects have petroleum, repairs/maintenance operating budget costs and are listed in each project details. However, there is no increase or decrease in the operating budget costs because personnel, material & supplies and maintenance/repairs costs stay the same. Since we are in the middle of the pandemic, most all of the approved projects are the maintenance type projects thus there is no impact on the operating budget.

## BARTLETT CAPITAL IMPROVEMENT PROGRAM FY 2021 - FY 2025

## <u>Project No.:</u> 807 <u>Project Name:</u> Sewer Plant 2 Upgrade

## **Project Description**

IN the coming years, this lagoon will reach capacity. Options are to Buy land and Construct a new Sewer Plant, or install sewer lines and/or pumps to pump some of the sewer flow back to WWTP #1 in order to reduce the flow to this plant and extend its life. The first step in this process would be to hire a consultant to analayze this plan and the infrastructure options mentioned above.

# **CITY OF BARTLETT**

TENNESSEE

**APPENDIX** 

# Date of Incorporation – 1866 Date Charter Adopted – April 14, 1993 Form of Government – Mayor and Aldermen

Bartlett, with a 2010 census population of 54,613 is the geographic center of Shelby County and the second largest city in Shelby County. With the new annexation January 1, 2013, Bartlett will have a population of 56,488. A more recent projection of the population in 2016 is close to 60,000. The City's charter was last amended on April 14, 1993 and operates under a strong Mayor and Aldermen form of government as provided for in Tennessee state statutes. The City is located in the geographic center of Shelby County, Tennessee and is the second largest city in the county after Memphis. The Memphis MSA (Metropolitan Statistical Areas), in which Bartlett is included, has a population of over one million people. The City covers over 32 square miles and has a reserve annexation area of about 9 square miles. Growth in the City, in population, commercial and residential developments, and annexations, has remained steady from the 1970's through the 2010's.

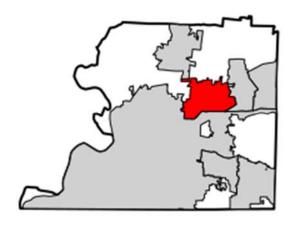

Bartlett's industrial area is home to many companies including Brother Industries USA, Brother International Corporation, Gyrus ENT, Brimhall Foods Company and the USDA Cotton Classing Plant. While home for many industries, Bartlett continues to maintain its small town atmosphere. Historic Bartlett Station, the Gotten House Museum, the Bartlett Performing Arts and Conference Center and numerous public parks provide year round cultural and recreational opportunities for Bartlett residents.

Those residents who settled in Bartlett in the 1800's did so for its rich soil and long growing season. Shelby County was the leading cotton-growing county in Tennessee at the time. One of its early settlers purchased 3,000 acres of prime farmland along what is now known at Stage Road. From the early 1800's until the late 1960's Bartlett was an agricultural town producing cotton, soybeans, and flowers. In the early 1900's dairy farms began to dominate the landscape. Several farms grew flowers but the largest was operated by Kate Bond, a lifelong citizen born in 1886 who provided flowers to the Peabody Hotel and area hospitals. When a new school was built near her home in the 1990's, it was named Kate Bond Elementary in her honor. In the fall of 1865 the citizens of "Union Depot" wanted to secure a name for the place the depot and post office should be known. The Memphis Daily News reported that the citizens wisely settled upon the name of Bartlett in honor of one of the oldest citizens of the county, Gabriel Maston Bartlett. In 1866, the Tennessee state legislature passed an act incorporating the town of Bartlett. It remains an irony that of the many photographs of early settlers and photos of Bartlett in its early years, not a single photograph remains of the man who Bartlett was named after.

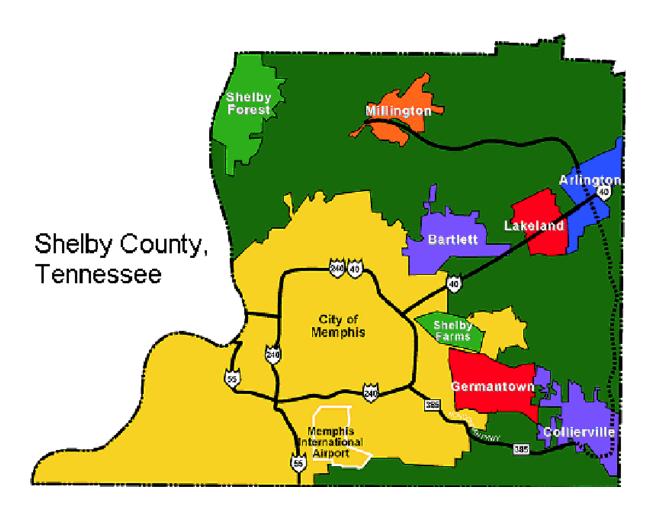

With great schools, a low tax rate, first-class recreational facilities and great neighborhoods Bartlett offers its citizens a small town atmosphere in a metropolitan area.

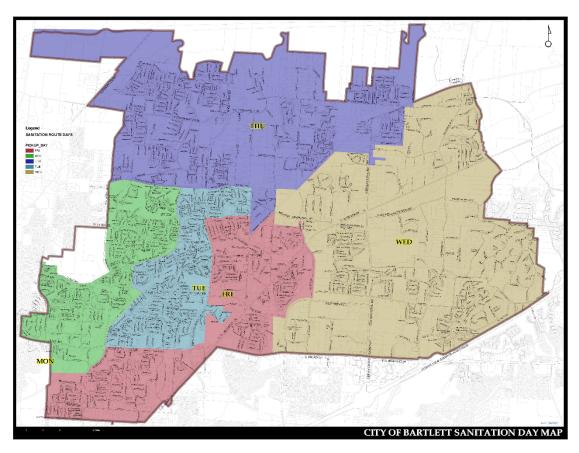

# City of Bartlett, Shelby County, Tennessee

**Accrual Basis of Accounting -** A method of recording earnings and expenses as they occur or are incurred, without regard to the actual date of collection or payment.

**Adopted Budget** - The budget approved by the Mayor and Board of Aldermen and enacted by budget appropriation ordinance, on or before July 1 each year.

**Allocation -** Planned expenditures and funding sources approved in the CIP for specific projects in future years.

**Appropriation -** A legal authorization granted by the Board of Mayor and Aldermen to make expenditures and to incur obligations for specific purposes. An appropriation is usually limited in amount and time when it may be expended.

**Assessed Value -** The estimate of fair market value assigned to property by an appraiser or tax assessor.

**Attrition -** Used to quantify anticipated personnel cost savings due to the lapsed time between when a funded position becomes vacant and is filled.

**Authorized Positions (Full-Time) -** Total number of positions that a department may fill. Due to attrition positions may not be funded for the full fiscal year.

**Balanced Budget** – Total revenues and sources of funds must equal total expenditures.

**Bond** – a debt security, under which the issuer owes the holders a debt and, depending on the terms of the bond, is obliged to pay them interest (the coupon) and/or to repay the principal at a later date, termed the maturity.

**BSMC** – Bartlett Station Municipal Center.

**Budget** - An annual financial plan to allocate resources in order to achieve the City's goals. Must be submitted to the Board 45 days prior to the beginning of the fiscal year.

**Budget Calendar -** The schedule of key dates or milestones which the City follows in the preparation and adoption of the budget.

**Budget Document -** The official written financial plan prepared by the City's staff, which presents the proposed budget to the Mayor and Board of Aldermen.

**Budget Ordinance -** The official enactment by the Mayor and Board of Aldermen establishing the legal authority for City administrative staff to obligate and expend funds.

**Capital Improvement Budget (CIB) -** The first fiscal year appropriations of the Capital Improvement Program and reprogrammed appropriations from prior year's CIB.

**Capital Improvement Program (CIP)** - Adopted plan of public improvements, scheduled on a priority basis, for the current fiscal year and the succeeding 4 years, including estimated costs and funding sources.

**Capital Outlay -** The purchase of items of significant value (more than \$5,000) and having a useful life a minimum of 5 years, also referred to as fixed assets. These costs are included in the operating budget.

**Capital Projects** – Projects (usually multi-year) established to account for the cost of capital improvements. Typically, a capital project encompasses a purchase of land and/or the construction of or improvements to a building or infrastructure with a useful life of 2 or more years and a cost of \$20,000 or more.

**Cash Basis of Accounting -** An accounting method in which income is recognized only upon the receipt of a cash payment without considering the period for which payments are due. Also, expenses are accounted for only upon their cash payment.

**Charges For Services -** Fees received from fee-based services.

**Citizens Police Academy -** Training session citizens can attend so they will have a better understanding of policing.

**Comprehensive Annual Financial Report (CAFR) -** A report that reflects the financial position of the funds and account groups of the City and the result of operations for a year. The report also provides information on the economic condition of the City.

**Cost Center -** A sub-unit of a department.

**County Assessor -** Appraises all real and personal property in Shelby County and maintains the necessary data to provide the taxing jurisdictions with the certified assessments and any changes made as prescribed by Tennessee Code Annotated.

**County Trustee -** State constitutional office, the banker, principal tax collector, and revenue agent for all of Shelby County Government.

**Debt Service Fund -** Used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

**Department -** A major unit of the City designated by the type of service provided.

**Depreciation** - The decrease in the value of physical assets due to use and passage of time.

**Debt Service -** The payments of principal and interest on loans, notes, and bonds.

**DOT** - Department of Transportation. State agency designated to oversee all areas of transportation.

**EMS** - Emergency Medical Services. Fire cost center that provides emergency lifesaving procedures and pre-hospital care to the sick and injured.

**EMT -** Emergency Medical Technician. Job classification licensed by the State. First responder to emergencies. Provide basic first aid care to the sick and injured before the paramedics arrive on the scene.

**Encumbrance -** A recorded expenditure commitment representing a contract to purchase goods or services. If an item is encumbered at year-end, additional appropriation authority is required to make the expenditures.

**Enterprise Fund** – used to report any activity for which a fee is charged to external users for goods or services.

**Expenditures -** The cost of goods received or services rendered whether payments for such goods and services have been made or not.

**Fair Labor Standards Act -** A federal law that governs the payment of minimum wage, overtime rates, compensatory time, record keeping of hours worked, and other criteria relating to wages and hours of work for non-exempt employees, including government employees.

**Fiduciary Fund** – fund that when a governmental unit acts in a fiduciary capacity such as a trustee or agent. The government unit is responsible for handling the assets placed under its control

**Fiscal Year -** A period of consecutive months designated as the budget year. The City's fiscal year is from July 1 to June 30.

FTE - Full Time Equivalent, used to convert part-time hours to the equivalent of a full time employee.

**Fund -** A fiscal entity with a self-balancing set of accounts used to account for activity(s) with common objectives.

**Fund balance -** The cumulative excess of revenues over expenditures in a fund at a point in time. With certain limitations, fund balance may be used to balance the subsequent year's budget.

**GAAP** – Generally accepted accounting principles – conventions, rules, and procedures that serve as the norm for the fair presentation of financial statements.

GASB - Governmental Accounting Standards Board.

**General Fund -** The general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

**GFOA** - Government Finance Officers Association.

**GHSO** - The Governor's Highway Safety Office (GHSO) is Tennessee's advocate for highway safety. This office works with law enforcement, judicial personnel and community advocates to coordinate activities and initiatives relating to the human behavioral aspects of highway safety.

**Goals And Objectives -** Cost center defined measurable activities to be completed within the current budget.

**G.O. Bonds -** (General Obligation) Bonds that are backed by the full faith and credit and unlimited taxing authority of the City.

**Governmental Fund** – focuses primarily on the sources, uses, and balances of current financial resources and often has a budgetary orientation. The governmental fund category includes the general fund, special revenue funds, capital projects funds, debt service funds, and permanent funds.

**Intergovernmental Revenue -** Revenue received from another government for general purposes or special purpose.

**Internal Service Funds -** Used to account for the financing of goods or services provided by one department to other departments or agencies of the City, or to other governmental units, on a cost reimbursement basis.

**Line Item Budget -** A budget summarizing the detail expense items for goods and services the City intends to purchase during the fiscal year.

**Major Fund** – A governmental fund or enterprise fund reported as a separate column in the basic fund financial statements and subject to a separate opinion in the independent auditor's report. The General Fund is always a major fund.

**Modified Accrual Basis of Accounting -** A method of recording most items of revenue and expenditures may be handled on a "cash" basis for daily processing and converted to an accrual basis by periodic adjustments.

**Neighborhood Watch -** A group of neighbors who form an organization to assist each other in providing for the security of their homes by observing strangers and unusual occurrences in the area.

Net Debt - comprises all financial liabilities minus all financial assets of general government.

**Ordinance -** A formal legislative enactment by the Mayor and Board of Aldermen. If it is not in conflict with any higher form of law, such as a state statute or constitutional provision, it has the full force and effect of law within the boundaries of the municipality to which it applies.

**Overlapping Debt -** A situation in which two governments with overlapping jurisdiction each have debt. The City and the county have both issued bonds, both the city and the state have overlapping debt.

**Performance Measures -** Data collected to determine how effective or efficient a program is in achieving its goals and objectives.

**Recoveries** - Funds that are paid to a department after work is performed for another City department.

**Retained Earnings -** The accumulated earnings of a Utility or Internal Service fund that have been retained in the fund and that are not reserved for any specific purpose.

**SCADA -** Supervisory Control and Data Acquisition, a computer system monitoring and controlling a process.

**Special Revenue Fund** - are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

**State Training Supplements -** State funds that are provided to police officers and fire fighters that complete a minimum of 40 hours of course work each year.

**Tax Levy -** The total amount of tax that optimally should be collected based on tax rates and assessed values of personal and real properties.

**Total Debt** – The total of all bonds and other obligations owed by all governmental funds and all enterprise funds.

**Utility Fund (Water and Sewer) -** Used to account for the acquisition, operations and maintenance of the City's facilities and services which are entirely or predominantly self-supported by user charges or where the City has decided that periodic determination of revenues earned, expenses incurred, and /or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.
