

Bartlett City Beautiful Commission

Dear Business Owner

Thank you for your interest in the Bartlett City Beautiful business district beautification effort. As we discussed a planter will be placed in front of your business for a nominal fee. The planter will be installed with one evergreen perennial complimented with seasonal color from tender annual flowers to be planted in the spring and fall by the volunteers of the City Beautiful Commission.

In return we ask that you assure that the planter be maintained with regular watering year round. During the summer months this will likely require daily watering with several gallons of water.

In the event that plantings in the planter fail to thrive or die due to neglect, you and your firm, forfeit your rights to display the planter and allow the City Beautiful Commission to remove it from your premises without any form of compensation. Additionally your firm will not be permitted to participate in the program for one year following removal. The Bartlett City Beautiful Commission will be the final judge as to the care of the plants and can remove the planter due to neglect at their sole discretion without recourse.

The location of the planter will be at a mutually agreeable location close to the street in accordance with all applicable statutes, laws and regulations of the City of Bartlett.

We appreciate your leadership in making Bartlett a community in which we can all take pride.
